2nd Meeting of the OECD Water Governance Initiative

7-8 November 2013
OECD Headquarters, 2 rue André Pascal, Paris
Room CC 12 (Conference Centre)

The OECD Water Governance Initiative is an international multi-stakeholder network of around 100 delegates from public, private and not-for-profit sectors gathering twice a year in a Policy Forum to share on-going reforms, projects, lessons and good practices in support of better governance in the water sector. It was launched on 27-28 March 2013. The OECD Water Governance Initiative aims to:

- Advise governments in taking the needed steps for effective water governance reforms through policy dialogue across decision-makers at different levels;
- Provide a technical platform to discuss analytical work on water governance through peer-to-peer exchanges and knowledge sharing;
- Provide a consultation mechanism to raise the profile of governance issues in the Global Water Agenda and Post-2015 Development Agenda;
- Support the implementation of the 6 governance targets designed for the 6th World Water Forum (Marseille, 2012) up to the 7th World Water Forum (Korea, 2015);
- Contribute to the design of OECD Principles on Water Governance and OECD Indicators on Water Governance to engage decision-makers at all levels, within and outside the water sector, commit to action;
- Objectives of the meeting

In line with the overarching objectives of the OECD Water Governance Initiative, and building on the key decisions taken at the 1st meeting of 27-28 March 2013, the 2nd meeting has the following objectives:

1. Kick-off the 4 Thematic Working Groups as “building blocks” of OECD Principles on Water Governance
   - stakeholder engagement for effective water management (led by OECD, and Suez Environment);
   - performance and governance of water supply and sanitation (led by ASTEE);
   - basin governance (led by INBO/OIEau and UNESCO-IHP); and
   - integrity and transparency (led by WIN, TI, SIWI-UNDP Water Governance Facility);
2. Introduce regional partners of and thematic contributors to the Initiative’s Programme of Work to define who does what, exchange on a list of activities for impactful actions of the delegates;
3. Discuss recent developments in the Global Water Agenda, especially the outcomes of the Water Integrity Forum (Delft, 5-7 June 2013), the Budapest Water Summit (8-11 October 2013) and the preparation of 7th World Water Forum (12-17 April, Daegu- Korea);
4. Discuss analytical work on water governance, especially comment and share experience on the findings from the draft OECD report “Water Governance in the Netherlands: Fit for the Future?” in the presence of a high-level Dutch Delegation;
5. Exchange on recent water governance reforms and initiatives, with a tour de table to shed light on delegates activities and projects in the pipeline;

*Joint session with the OECD Working Party on Biodiversity, Water and Ecosystems*
In line with the Initiative’s objective to advise governments on water policy reforms, delegates will be asked their views on the preliminary findings from the OECD/Netherlands Policy Dialogue on Water Governance.

The draft report aims to assess the performance of Dutch water governance system and provide guidance on how it can better cope with future challenges, risk and cost drivers. The report is the result of a 9-month multi-stakeholder Policy Dialogue between OECD Secretariat, peer-reviewers and Dutch authorities.

Governance issues addressed in the report include efficiency gains through improved coordination between public authorities, policy coherence (water, spatial planning, nature conservation), performance and benchmarking (municipalities, regional water authorities, drinking water companies), adaptive pathways to cope with future risks, mismatches across the water chain, stakeholder engagement for inclusiveness and transparency, implementation of the WFD, financial and ecological sustainability.

The Water Governance Initiative will provide a unique opportunity to learn from delegates’ views, comments and suggestions on the findings.
