

Call for papers – 2018 OECD Global Anti-Corruption & Integrity Forum

The OECD Global Anti-Corruption & Integrity Forum provides an excellent opportunity to meet with internationally renowned political and business leaders, policy makers, anti-corruption experts and practitioners, civil society representatives and academics.

In the run up to the 2018 Forum, the OECD calls for high quality conceptual papers, as well as qualitative and quantitative empirical research papers focused on topics related to integrity, inclusive growth and policy capture. Innovative topics, methodologies and insights are especially encouraged. Proposals from individuals under the age of 40 are welcome, including graduate students. If multiple researchers are collaborating on one project, only one of them needs to meet the age limit to present the findings.

Present your research

Selected papers will be published on the [Forum website](#) and the authors will have the opportunity to present their paper at the 2018 forum in form of a poster presentation and a 5-minute research pitch (with Q&A). All costs related to the production of the posters will be borne by the OECD. For the authors of the 10 best submissions ("golden category"), travel costs to Paris will be reimbursed. Other high-quality submissions may be selected as well ("silver category") ([See 2017 papers and posters](#))

KEY DATES

- Submission of proposals by **15 November 2017**
- Results notified by **1 December 2017**
- Poster outline due: **15 February 2018**
- Final selected paper due: **15 February 2018**
