SAVE THE DATE

The Centre for Tax Policy and Administration looks forward to welcoming you at their two COP21 side events on carbon pricing.

EFFECTIVE CARBON RATES: PRICING CO₂ THROUGH TAXES AND EMISSIONS TRADING SYSTEMS

7 December 2015 • 11:15-12:45

This event will present effective carbon rates, a new measure which shows the combined impact of carbon taxes, specific taxes on energy use, and from emissions trading systems in 41 OECD and G20 countries.

EQUITY IMPACTS OF CARBON PRICING AND SUBSIDY REMOVAL

8 December 2015 • 17:15-18:45

Starting from the evidence on the direct impacts of higher energy prices and lower energy subsidies, this event will identify best practices for overcoming any adverse equity impacts of increasing the cost of carbon emissions.

WHERE TO FIND US

OECD Workspace in the Blue Zone (Hall 3, Plot 7)
Le Bourget, Paris – France.
