- **Timely finalisation** to inform HLF4 outcome document
Busan HLF4 - Important considerations

- **MDG target date 2015** - only four years left
- Emphasise **existing commitments** - progress on Paris Declaration targets (drawing on both quantitative and qualitative evidence)
- Increase focus on **country level** implementation
- **Enhance inclusiveness** - CSOs, Parliaments, private sector, providers of SSC
- Maximise the **catalytic contribution of aid** - relevant principles based on evidence
- Maintain the **political momentum** in favour of aid (value for money, accountability for results...)
