March 2015

Competition and market studies in Latin America

Launched in the presence of Chilean Minister of Finance Luis Felipe Céspedes, this [report](#) outlines the current status of market studies practices in Chile, Colombia, Costa Rica, Mexico, Panama and Peru. It describes good practices, areas for improvement and recommendations on how to make better use of this competition tool. [Spanish version](#).

Greece should tackle not only domestic corruption but also foreign bribery

The risk of Greek companies bribing foreign officials is substantial, but Greece has not given the same priority to fighting foreign bribery as it has to domestic corruption. This [report](#) on Greece's enforcement of the [OECD Anti-Bribery Convention](#) evaluates progress to date and makes recommendations for further improvements.

The corporate governance of state-owned enterprises in Latvia

This [report](#) evaluates the corporate governance framework for the Latvian state-owned enterprise sector against the [OECD Guidelines on Corporate Governance of State-Owned Enterprises](#). The report provides information about the context in which Latvian SOEs operate, evaluates Latvian norms and practices, and provides recommendations.

G20-OECD corporate governance forum

Deputy Prime Minister of Turkey Ali Babacan and Angel Gurría will open this [forum](#) on 10 April. Debates will address the content and direction of the revised [OECD Principles](#) and issues of systemic importance to sustainable private sector growth, including [value creation](#) and capital market development in emerging market economies.

Help define a long-term vision for responsible business

Registration is now open for the [3rd Global Forum on Responsible Business Conduct](#) on 18-19 June. Focus areas in 2015 include access to remedy, China, international sporting events, competition law, the transition to a low-carbon economy, and supply chain due diligence in the agricultural, extractive, financial and textiles sectors.

Survey on business integrity and corporate governance

The [OECD Trust and Business Project](#) is a multi-stakeholder initiative looking to bridge the gap between integrity standards for business and their implementation. Open until 17 April, an [online survey](#) targeting private sector professionals will help to identify the challenges corporations face in today's compliance landscape.
