<b>FOREWORD</b> .....	3
<b>READER'S GUIDE</b> .....	6
<b>GENDER MATTERS?</b> .....	8
▪ Why study gender differences?.....	8
▪ Overview.....	9
<b>WHAT DOES THE LITERATURE SAY ABOUT GENDER DIFFERENCES FROM EARLY CHILDHOOD TO THE LABOUR MARKET?</b> .....	9
▪ The structure of the brain .....	9
▪ Primary education .....	9
- Reading at grade 4 (PIRLS).....	9
- Mathematics and Science at grade 4 (TIMSS).....	10
▪ Secondary education .....	10
- Mathematics and science at grade 8 (TIMSS) .....	10
- Secondary level attainment.....	10
▪ Tertiary education .....	12
- Entrance into tertiary education.....	12
- Graduation from tertiary education.....	13
▪ Labour market.....	15
<b>WHAT CAN PISA SAY ABOUT GENDER DIFFERENCES?</b> .....	15
<b>WHAT DID PISA 2000 TELL US ABOUT GENDER DIFFERENCES IN READING?</b> .....	16
▪ Student performance .....	16
▪ Trends in gender differences in reading between PISA 2000 and PISA 2006.....	17
▪ Student interest and engagement in reading.....	17
▪ Other gender differences found in PISA 2000 .....	18
<b>WHAT DID PISA 2003 TELL US ABOUT GENDER DIFFERENCES IN MATHEMATICS?</b> .....	19
▪ Student performance.....	19
▪ Trends in gender differences in mathematics between PISA 2003 and PISA 2006.....	20
▪ Student attitudes .....	20
<b>WHAT DID PISA 2003 TELL US ABOUT GENDER DIFFERENCES IN PROBLEM SOLVING?</b> .....	21

<b>WHAT DID PISA 2006 TELL US ABOUT GENDER DIFFERENCES IN SCIENCE?</b> ..	22
▪ The PISA science framework .....	22
▪ Student performance.....	23
- Overall performance in science .....	23
- Performance in the competency <i>identifying scientific issues</i> .....	24
- Performance in the competency <i>explaining phenomena scientifically</i> .....	27
- Performance in knowledge about science .....	32
- Performance in the “Physical systems” area of knowledge of science .....	32
- Performance in the “Living systems” area of knowledge of science .....	33
- Performance in the “Earth and space systems” area of knowledge of science ..	33
▪ Gender differences within schools .....	33
▪ A typology of gender differences in science .....	34
▪ Computer-based assessment of science (CBAS) in PISA 2006 .....	34
▪ Student attitudes .....	36
- Science performance and attitudes towards science.....	37
▪ Student background .....	38
- Socio-economic background .....	38
- Immigrant status.....	39
- Parental involvement.....	41
▪ Future career orientation .....	41
- Information on science-related careers and preparation for the future .....	41
- Do students expect to pursue a scientific career? .....	43
▪ School organisation .....	44
- Single sex-schooling .....	44
- Homework.....	47
<b>CONCLUSION</b> .....	47
<b>REFERENCES</b> .....	50
<b>APPENDIX A - BACKGROUND OF PISA</b> .....	52
▪ The development of PISA surveys.....	52
▪ The PISA student population .....	52
▪ Key features of PISA 2006 .....	52
▪ The PISA 2006 science assessment framework.....	54
▪ Development of the science items in PISA 2006 .....	55
