

# **First Phase of the Evaluation of the Implementation of the Paris Declaration**

## **TOR for Synthesis Report**

### **1. Introduction**

In response to the Paris Declaration commitment of conducting an independent cross-country evaluation, it has been decided to conduct a two-phase evaluation, commissioned and overseen by an international Reference Group, comprising members of the DAC Evaluation Network, partner country members of the WP-EFF and other interested countries, and representatives of civil society. Day-to-day management of the evaluation is entrusted to a small Management Group. The products of the evaluation will be reviewed by an independent Peer Review Team.

The evaluation will complement the monitoring of the implementation of the Paris Declaration, undertaken through the Joint Venture on Monitoring with the objective of providing a more comprehensive and qualitative understanding of how increased aid effectiveness contributes towards improved development effectiveness.

The first phase will run from March 2007 to July 2008 and will aim at providing information on the 'HOWs and WHYs' of the implementation process of the Paris Declaration in order to deliver practical lessons and help take stock of implementation performance at the 3rd High-Level Forum (HLF) on Aid Effectiveness to be held in Ghana. The emphasis of this phase will be on input and output levels, through a series of partner country, development partner<sup>1</sup> headquarters, and thematic evaluations. These evaluations will be of a formative nature, capturing the incremental and incidental behavior changes associated with the PD.

The second phase of the evaluation will run from the HLF in Ghana in 2008 up to the 4th HLF in 2010. This second phase will examine whether the intended long-term effects of the Paris Declaration are being achieved with an emphasis on outcome and impact levels. The substance and the nature of the evaluation and its conduct are represented in the Framework ToR for the evaluation of the Paris Declaration and in the 'model' ToRs for the country led partner country level evaluations and the development partner's headquarters evaluation (see annexes).
