

Health at a Glance 2009

ERRATA

8 December 2009

Chapter 7

Chart 7.6.1 Public share of total expenditure on health, 2007

The figure for the Netherlands should be 81.4% (instead of 74.8%).

The figure for Belgium should be 75.1% (instead of 72.3%).

Annex A

Table A.7 Predominant mode of payment for physicians in OECD countries

For Japan, in the last column “in-patient specialists”, it should read fee-for-service (instead of salary).
