

**OECD Conference on
“Household Behaviour and Environmental
policy”
3-4 June 2009**

Discussion of papers on personal transport

**Joyce Dargay
Institute for Transport Studies
University of Leeds**

Common findings of studies by Guevara-Sanginés & Lara-Pulido and Johnstone & Serret

	Car	Public Transport
Income	+	-
Age	Inverted-U	U-shaped
Employed	+	-
Urban Area	-	+
Access to PT	-	+
Environmental attitudes	-	+
Fuel price	-	+

Topics for further study

- **Impact of fuel prices and other car costs**
- **Gender**
- **Household size – adults, children**
- **Interaction terms**
- **Heterogeneity amongst countries**
- **Vehicle choice**
- **Environmental behaviour**
- **Comparison of data with national sources**
