

# **Exploring Different Mitigation Actions**

**AIX Group Seminar**

**May 5, 2008**

# The daunting challenge

Source: Stockholm Environment Institute, 2008

# The daunting double challenge

- How to achieve decarbonization at the necessary depth and pace.....
- While maintaining common but differentiated responsibilities?

# BAP

- **AI:**
  - What are MRV nationally appropriate mitigation actions or commitments, incl. QELROs?
  - How do we ensure comparability?

# BAP

- **Non AI:**
  - What are MRV nationally appropriate mitigation actions in context of SD?
  - What is MRV technology and finance?
  - How do we link the two?

- **How do we ensure that nationally appropriate is also globally appropriate?**
