

LIST OF VARIABLES IN **OECD HEALTH DATA 2006** (June 06)

: New variable in the 2006 edition.

NOTE: The list of variables below is provisional and subject to revisions. All variables might not be included in the CD-ROM or in the various Internet updates.

PART 1 – HEALTH STATUS

Mortality

Life expectancy

Females at birth
Females at age 40
Females at age 60
Females at age 65
Females at age 80
Males at birth
Males at age 40
Males at age 60
Males at age 65
Males at age 80
Total population at birth

Causes of mortality

All causes
Infectious and parasitic diseases
HIV disease
Malignant neoplasms
Malignant neoplasms of colon
Malignant neoplasms of lung
Malignant neoplasms of female breast
Malignant neoplasms of cervix
Malignant neoplasms of prostate
Diseases of blood
Endocrine, nutritional and metabolic diseases
Diabetes mellitus
Mental and behavioural disorders
Diseases of nervous system
Diseases of circulatory system
Ischaemic heart diseases
Acute myocardial infarction
Cerebrovascular diseases
Diseases of respiratory system
Influenza and pneumonia

Bronchitis, asthma and emphysema
Diseases of digestive system
Chronic liver diseases/cirrhosis
Diseases of skin and subcutaneous tissue
Diseases of musculoskeletal system
Diseases of genitourinary system
Complications of pregnancy/childbirth
Perinatal conditions
Congenital anomalies
Symptoms and ill-defined conditions
External causes
Land transport accidents
Accidental falls
Intentional self-harm
Assault
Adverse effects from medicines
Misadventures to patient during surgical/medical care

Maternal and infant mortality

Infant mortality
Neonatal mortality
Perinatal mortality
Maternal mortality

Potential years of life lost

All causes
Infectious and parasitic diseases
HIV disease
Malignant neoplasms
Malignant neoplasms of colon
Malignant neoplasms of lung
Malignant neoplasms of female breast
Malignant neoplasms of cervix
Malignant neoplasms of prostate
Diseases of blood
Endocrine, nutritional and metabolic diseases
Diabetes mellitus
Mental and behavioural disorders
Diseases of nervous system
Diseases of circulatory system
Ischaemic heart diseases
Acute myocardial infarction
Cerebrovascular diseases
Diseases of respiratory system

Influenza and pneumonia
Bronchitis, asthma and emphysema
Diseases of digestive system
Chronic liver diseases/cirrhosis
Diseases of skin and subcutaneous tissue
Diseases of musculoskeletal system
Diseases of genitourinary system
Complications of pregnancy/childbirth
Perinatal conditions
Congenital anomalies
Symptoms and ill-defined conditions
External causes
Land transport accidents
Accidental falls
Intentional self-harm
Assault
Adverse effects from medicines
Misadventures to patient during surgical/medical care

Morbidity

Perceived health status

Health \geq good, female, 15-24
Health \geq good, female, 25-44
Health \geq good, female, 45-64
Health \geq good, female, 65+
Health \geq good, female, all ages
Health \geq good, male, 15-24
Health \geq good, male, 25-44
Health \geq good, male, 45-64
Health \geq good, male, 65+
Health \geq good, male, all ages
Health \geq good, total, 15-24
Health \geq good, total, 25-44
Health \geq good, total, 45-64
Health \geq good, total, 65+
Health \geq good, total, all ages

Infant health

Low birthweight

Congenital anomalies

Spina bifida

Transposition of great vessels
Limb reduction
Down's syndrome

Dental health

Decayed-missing-filled-teeth, DMFT

Communicable diseases

Acquired immunodeficiency syndrome (AIDS)

Cancer

Malignant neoplasms
Malignant neoplasms of colon
Malignant neoplasms of lung
Malignant neoplasms female breast
Malignant neoplasms of cervix
Malignant neoplasms of prostate

Injuries

Injuries in road traffic accidents

Absence from work due to illness

Self-reported absence from work due to illness
Compensated absence from work due to illness

PART 2 – HEALTH CARE RESSOURCES

Health employment

Total health employment
Total hospital employment
Practising physicians
Female practising physicians
General practitioners
Practising specialists
Practising dentists
Practising pharmacists
Practising nurses

In-patient beds

Total hospital beds
Acute care beds
Long-term care beds

Employment-to-beds ratio

Acute care hospital staff ratio
Acute care nurses staff ratio

Medical technology

Computed Tomography Scanners
Magnetic Resonance Imaging Units
Radiation therapy equipment
Lithotriptors
Mammographs

PART 3 - HEALTH CARE UTILISATION

Prevention (Immunisation)

Immunisation: Diphteria, Tetanus, Pertussis
Immunisation: Measles
Immunisation: Influenza

Screening

✿ Mammography screening
✿ Cervical cancer screening

Consultations

Doctors' consultations
Dentists' consultations

In-patient utilisation

Acute care beddays
Acute care occupancy rate
Acute care turnover rate

Average length of stay

Average length of stay: in-patient and acute care

Average length of stay: in-patient care

Average length of stay: acute care

Average length of stay by Diagnostic categories

 [CLICK HERE TO SEE THE COMPLETE SHORTLIST WITH ICD-10 AND ICD-9 CODES](http://www.irdes.fr/ecosante/OCDE/340010.html)
(<http://www.irdes.fr/ecosante/OCDE/340010.html>)

Discharges

Discharge rates by Diagnostic categories

 [CLICK HERE TO SEE THE COMPLETE SHORTLIST WITH ICD-10 AND ICD-9 CODES](http://www.irdes.fr/ecosante/OCDE/340010.html)
(<http://www.irdes.fr/ecosante/OCDE/340010.html>)

Surgical procedures

Total surgical procedures

All procedures (in-patient and day cases)

In-patient cases

Day cases

Surgical procedures by ICD-CM

Cataract surgery

Tonsillectomy with or without adenoidectomy

Percutaneous coronary interventions

Coronary stenting

Coronary bypass

Cardiac catheterisation

Pacemakers

Ligation and stripping of varicose veins

Appendectomy

Cholecystectomy

Laparoscopic cholecystectomy

Inguinal and femoral hernia

Prostatectomy (transurethral)

Prostatectomy (excluding transurethral)

Hysterectomy (vaginal only)

Caesarean section

Hip replacement

Knee replacement

Breast-conserving surgery

Mastectomy

Transplants and dialyses

Bone marrow transplant
Heart transplant
Liver transplant
Lung transplant
Kidney transplant
Functioning kidney transplants
End-stage renal failure patients
Patients undergoing dialysis

PART 4 - EXPENDITURE ON HEALTH

Total expenditure on health

Total expenditure on health

Total expenditure on health
Public expenditure on health
Private expenditure on health

Current expenditure on health

Total current expenditure on health
Public current expenditure on health
Private current expenditure on health

Investment on medical facilities

Total investment on medical facilities
Public investment on medical facilities
Private investment on medical facilities

Expenditure on personal health care

Expenditure on personal health care

Total expenditure on personal health care
Public expenditure on personal health care
Private expenditure on personal health care

Expenditure on medical services

Total expenditure on medical services
Total expenditure on curative and rehabilitative care
Total expenditure on long-term nursing care
Total expenditure on ancillary services
Total expenditure on services not allocated by function

Public expenditure on medical services
Public expenditure on curative and rehabilitative care
Public expenditure on long-term nursing care
Public expenditure on ancillary services
Public expenditure on services not allocated by function
Private expenditure on medical services
Private expenditure on curative and rehabilitative care
Private expenditure on long-term nursing care
Private expenditure on ancillary services
Private expenditure on services not allocated by function

Expenditure on in-patient care

Total expenditure on in-patient care
Total expenditure on curative and rehabilitative in-patient care
Total expenditure on long-term nursing in-patient care
Public expenditure on in-patient care
Public expenditure on curative and rehabilitative in-patient care
Public expenditure on long-term nursing in-patient care
Private expenditure on in-patient care
Private expenditure on curative and rehabilitative in-patient care
Private expenditure on long-term nursing in-patient care

✿ Expenditure on day care

Total expenditure on day care
Total expenditure on curative and rehabilitative day care
Total expenditure on long-term nursing day care
Public expenditure on day care
Public expenditure on curative and rehabilitative day care
Public expenditure on long-term nursing day care
Private expenditure on day care
Private expenditure on curative and rehabilitative day care
Private expenditure on long-term nursing day care

Expenditure on out-patient care

Total expenditure on out-patient care
Total expenditure on physician services
Total expenditure on dental services
All other total expenditure on out-patient care
Public expenditure on out-patient care
Public expenditure on physician services
Public expenditure on dental services
All other public expenditure on out-patient care
Private expenditure on out-patient care

- ❄ Private expenditure on physician services
- ❄ Private expenditure on dental services
- ❄ All other private expenditure on out-patient care

Expenditure on home care

- Total expenditure on home health care
- Total expenditure on curative and rehabilitative home care
- Total expenditure on long-term nursing home care
- Public expenditure on home health care
- Public expenditure on curative and rehabilitative home care
- Public expenditure on long-term nursing home care
- Private expenditure on home health care
- Private expenditure on curative and rehabilitative home care
- Private expenditure on long-term nursing home care

Expenditure on ancillary services

- Total expenditure on ancillary services
- Total expenditure on clinical laboratory
- Total expenditure on diagnostic imaging
- Total expenditure on patient transport and emergency rescue
- All other total miscellaneous ancillary services
- Public expenditure on ancillary services
- Public expenditure on clinical laboratory
- Public expenditure on diagnostic imaging
- Public expenditure on patient transport and emergency rescue
- All other public miscellaneous ancillary services
- Private expenditure on ancillary services

Expenditure on medical goods

- Total expenditure on medical goods
- Public expenditure on medical goods
- Private expenditure on medical goods

Pharmaceuticals and other medical non-durables

- Total expenditure on pharmaceuticals and other medical non-durables
- Total expenditure on prescription medicines
- Total expenditure on over-the-counter medicines
- Total expenditure on other medical non-durables
- Public expenditure on pharmaceuticals and other medical non-durables
- ❄ Public expenditure on prescription medicines
- ❄ Public expenditure on over-the-counter medicines
- ❄ Public expenditure on other public medical non-durables

Private expenditure on pharmaceuticals and other medical non-durables

✿ Private expenditure on prescription medicines

✿ Private expenditure on over-the-counter medicines

✿ Private expenditure on medical non-durables

Therapeutic appliances and other medical durables

Total expenditure on therapeutic appliances and other medical durables

Public expenditure on therapeutic appliances and other medical durables

Private expenditure on therapeutic appliances and other medical durables

Expenditure on collective health care

Expenditure on collective health care

Total expenditure on collective health care

Public expenditure on collective health care

Private expenditure on collective health care

Expenditure on prevention and public health

Total expenditure on prevention and public health

Public expenditure on prevention and public health

Private expenditure on prevention and public health

Expenditure on health administration and insurance

Total expenditure on health administration and insurance

Public expenditure on health administration and insurance

Private expenditure on health administration and insurance

✿ Additional health expenditure aggregates

✿ *Preventive-curative health care*

Total expenditure on preventive-curative health care

Public expenditure on preventive-curative health care

Private expenditure on preventive-curative health care

Expenditure on health-related functions

✿ Expenditure on education and training of health personnel

Total expenditure on health R&D

Public expenditure on health R&D

Current health expenditure by provider

Expenditure on hospitals' services

Total expenditure on hospitals' services
Public expenditure on hospitals' services
Private expenditure on hospitals' services

Expenditure on services of nursing and residential care facilities

Total expenditure on services of nursing and residential care facilities
Public expenditure on services of nursing and residential care facilities
Private expenditure on services of nursing and residential care facilities

Expenditure on services of ambulatory health care providers

Total expenditure on services of ambulatory health care providers
Public expenditure on services of ambulatory health care providers
Private expenditure on services of ambulatory health care providers

Expenditure for retail sale and other providers of medical goods

Total expenditure for retail sale and other providers of medical goods
Public expenditure for retail sale and other providers of medical goods
Private expenditure for retail sale and other providers of medical goods

Expenditure on services of public health organisations

Total expenditure on services of public health organisations
Public expenditure on services of public health organisations
Private expenditure on services of public health organisations

Total expenditure on services of health care administration

Total expenditure on services of health care administration
Public expenditure on services of health care administration
Private expenditure on services of health care administration

Expenditure on health services of other industries

Total expenditure on health services of other industries
Public expenditure on health services of other industries
Private expenditure on health services of other industries

Price index

Total expenditure on health

Total expenditure on pharmaceuticals and other medical non-durables
Public expenditure on health
Private consumption on health

PART 5 - HEALTH CARE FINANCING

Health expenditure by sources of funds

Public expenditure on health
General government, excluding social security
Social security schemes
Private expenditure on health
Out-of-pocket payments (households)
Private insurance
All other private funds (including rest of the world)

PART 6 - SOCIAL PROTECTION

Social expenditure

Total social expenditure
Old age
Survivors
Incapacity-related benefits
Health
Family
Active labour market programmes
Unemployment
Housing
Other social policy areas

Health care coverage

Government/social health insurance

Total health care
In-patient and acute care
Out-patient medical care
Pharmaceutical goods

PART 7 - PHARMACEUTICAL MARKET

Pharmaceutical industry activity

Pharmaceutical production
Pharmaceutical value added

Pharmaceutical industry gross capital formation
Pharmaceutical industry exports (manufacturing)
Pharmaceutical industry imports (manufacturing)
Expenditure on pharmaceutical industry R&D
Pharmaceutical industry employees
Pharmaceutical labour compensation

Pharmaceutical consumption

A-Alimentary tract and metabolism
Antacids
Drugs for peptic ulcer & gastro-oesophageal reflux diseases
Drugs used in diabetes
B-Blood and blood forming organs
C-Cardiovascular system
Cardiac glycosides
Antiarrhythmics, Class I and III
Antihypertensives
Diuretics
Beta blocking agents
Calcium channel blockers
Agents acting on the Renin-Angiotensin system
Cholesterol and triglyceride reducers
D-Dermatologicals
G-Genito urinary system and sex hormones
Sex hormones and modulators of the genital system
H-Systemic hormonal preparations, excluding sex hormones & insulin
J-Anti-infectives for systemic use
Antibacterials for systemic use
L-Antineoplastic and immunomodulating agents
M-Musculo-skeletal system
Anti-inflammatory & antirheumatic products non-steroids
N-Nervous system
Analgesics
Anxiolytics
Hypnotics and sedatives
Antidepressants
P-Antiparasitic products, insecticides and repellents
R-Respiratory system
Drugs for obstructive airway diseases
S-Sensory organs
V-Various

Pharmaceutical sales

Total pharmaceutical sales

A-Alimentary tract and metabolism
Antacids
Drugs for peptic ulcer & gastro-oesophageal reflux diseases
Drugs used in diabetes
B-Blood and blood forming organs
C-Cardiovascular system
Cardiac glycosides
Antiarrhythmics, Class I and III
Antihypertensives
Diuretics
Beta blocking agents
Calcium channel blockers
Agents acting on the Renin-Angiotensin system
Cholesterol and triglyceride reducers
D-Dermatologicals
G-Genito urinary system and sex hormones
Sex hormones and modulators of the genital system
H-Systemic hormonal preparations, excluding sex hormones & insulin
J-Anti-infectives for systemic use
Antibacterials for systemic use
L-Antineoplastic and immunomodulating agents
M-Musculo-skeletal system
Anti-inflammatory & antirheumatic products non-steroids
N-Nervous system
Analgesics
Anxiolytics
Hypnotics and sedatives
Antidepressants
P-Antiparasitic products, insecticides and repellents
R-Respiratory system
Drugs for obstructive airway diseases
S-Sensory organs
V-Various
Products not elsewhere classified

PART 8 - NON-MEDICAL DETERMINANTS OF HEALTH

Life styles and behaviour

Food consumption

Total fat intake
Total calories intake
Total protein intake
Sugar consumption
Fruits and vegetables

Alcohol consumption

Alcohol consumption

Tobacco consumption

Tobacco consumption

Body weight and composition

Overweight population

Obese population

Overweight or obese population

Environment: air quality

Total sulphur oxide emissions

Total nitrogen oxide emissions

Total carbon monoxide emissions

PART 9 - DEMOGRAPHIC REFERENCES

General demographics

Total population

Female population

Male population

Fertility

Birth

Death

Age dependency ratio

Population age structure

Total population

Population: 0 to 14 years old

Population: 0 to 19 years old

Population: 15 years old and over

Population: 15 to 49 years old

Population: 15 to 64 years old

Population: 20 to 64 years old

Population: 65 years old and over

Population: 65 to 69 years old

Population: 70 to 74 years old

Population: 75 to 79 years old

Population: 80 years old and over

Labour force

Labour force
Total employment
Total civilian employment
Wage and salaried employment
Part-time employment
Total unemployment

Educational level

Attainment ISCED 0/1/2
Attainment ISCED 3/4
Attainment ISCED 5B
Attainment ISCED 5A/6
School expectancy
Total public and private expenditure for educational institutions

PART 10 - ECONOMIC REFERENCES

Macro-economic references

Gross domestic product
Government final consumption expenditure
Final consumption expenditure of households
Gross fixed capital formation
General government total outlays
Public revenue
Compensation of employees
Average earnings of production worker
Government budget outlays for total R&D

Monetary conversion rates

GDP purchasing power parity, US\$
Pharmacy purchasing power parity, US\$
US\$ exchange rate

OTHER TABLES

Satisfaction with health care systems
Healthy life expectancy (WHO)
Disability-free life expectancy, EU countries (Eurostat/REVES)
Disability-free life expectancy, selected OECD countries (national estimates)

Population covered by private health insurance

Remuneration of health professions

Additional expenditure table

Total and Public Expenditure for the EU-25 average and the non-OECD EU countries
