Information about ICT statistical work (future plans, strategies, experiences etc)

A new survey in on preparation which will relate to Organizational changes and ICT changes between 2003 and 2006. (A so called COI-TIC survey). This survey will take onboard most of the questions addressed within the enterprise ICT survey Eurostat's model as from 2005 reference year. A specific website is already available enquetecoi.net.

In parallel, a new household ICT survey will be carried out within the collection 'EPCV' at the end of 2005 (reference year 2006). This survey will take on board most of the questions addressed within the household ICT survey Eurostat's model. No external website is available.
