

OECD-HUNGARY REGIONAL CENTRE FOR COMPETITION IN BUDAPEST

PROGRAMME PLANNING MEETING

26 January 2006, Budapest, Hungary

Meeting Overview

The purpose of this meeting is to involve the target countries of the Regional Centre's work in the process of designing the programme and topics of events for the year 2006. There will be an open discussion among representatives of the agencies (Head of Agency level) on the issues that they consider as most relevant to be covered in future capacity building events organised by the RCC. These discussions will feed into the planning process undertaken jointly by the Hungarian Competition Authority (GVH) and the OECD, the joint venture partners of the RCC.

In addition, this meeting will explore competition enforcement issues in the area of liberal professions from various angles and on the basis of experience of a number of agencies.
