

Updated: 9 May 2008, 11h00

Meeting of the OECD Expert Group on Statistical Data and Metadata Exchange, 14-15 April 2008, Paris, France
Venue: Room CC6, Château de la Muette, 2 rue André-Pascal, Paris 16

| DATE | START | END | DURATION | ITEM | TITLE | PRESENTER |
|---|-------|-------|----------|------|--|--|
| 14-04-2008 | 9:30 | 9:45 | 0:15 | | Welcome and opening | Lars Thygesen, OECD. |
| PART 1: The exchange of statistical data and metadata actually taking place between the OECD and member countries. This includes reviewing the techniques currently being used, their performance, reporting problems and suggestions for improvements. | | | | | | |
| | 9:45 | 10:05 | 0:20 | 1.1 | Report on data and metadata transmission to the OECD – and how to change it. | Lars Thygesen, OECD. |
| PART 2: Update on the technical standards, guidelines and tools | | | | | | |
| | 10:05 | 10:20 | 0:15 | 2.1 | Report on the ISO progress of the technical SDMX standards v/2.0 (no ppt). | Chris Nelson, Metadata Technology (Ltd). |
| | 10:20 | 10:35 | 0:15 | 2.2 | The SDMX world-wide tool kit: New additions to the Metadata Technology tool kit. | Chris Nelson, Metadata Technology (Ltd). |
| | 10:35 | 10:55 | 0:20 | 2.3 | The Flex SDMX framework project. | Xavier Sosnowska & Gérard Salou, ECB. |
| | 10:55 | 11:15 | 0:20 | | Coffee | |
| PART 3: SDMX content-oriented guidelines | | | | | | |
| | 11:15 | 11:55 | 0:40 | 3.1 | Cross-Domain Concepts: Comments on concepts, definitions and common code-lists. | Gaby Becker, BIS. |
| | 11:55 | 12:10 | 0:15 | 3.2 | Common subject-matter domains. | Lars Thygesen, OECD. |
| | 12:10 | 12:30 | 0:20 | 3.3 | Metadata Common Vocabulary (MCV). | Marco Pellegrino, Eurostat. |
| | 12:30 | 14:00 | 1:30 | | Lunch | |

| | | | | | | |
|--|-------|-------|------|---------|---|--|
| PART 4: SDMX user guide | | | | | | |
| | 14:00 | 14:30 | 0:30 | 4.1 | SDMX User Guide: What exists already – what should be added – what should the structure be. | John Allen, Eurostat & Lars Thygesen, OECD |
| PART 5: Conceptual model for data structure definition | | | | | | |
| | 14:30 | 14:40 | 0:10 | 5.1 | A model for structuring of statistical data and metadata to be shared between diverse national and international statistical systems. Presentation of an update of the theoretical paper. | Lars Thygesen, OECD. |
| | 14:40 | 14:50 | 0:10 | 5.2 | Experience with the joint Eurostat-UNESCO-OECD education statistics questionnaire (no ppt) | |
| | 14:50 | 15:10 | 0:20 | | Coffee | |
| PART 6: SDMX implementation and plans | | | | | | |
| | 15:10 | 15:30 | 0:20 | 6.1 | The Joint External Debt Hub (JEDH) – still going strong | Karsten von Kleist, BIS |
| | 15:30 | 15:50 | 0:20 | 6.2 | SDMX at the IMF: Learning from Sister Organizations | Shahbaz Khan, IMF |
| | 15:50 | 16:00 | 0:10 | 6.2 bis | Pilot to use SDMX (web service) to access IMF data | Jens Dossé, OECD |
| | 16:00 | 16:20 | 0:20 | 6.3 | Exchange of data between Statistics Norway and OECD. | Marianne Dysterud, Statistics Norway. |
| | 16:20 | 16:40 | 0:20 | 6.4 | Data transmission experiences in Statistics Denmark | Annegrete Wulff, Statistics Denmark |
| | 16:40 | 17:10 | 0:30 | 6.5 | Presentation - Implementing SDMX in Mexico. | Juan Muñoz Lopez, INEGI. |
| | | | | | Paper - Implementing SDMX in Mexico. | |

| | | | | | | |
|--------------------------------|-------|-------|------|-------|---|---|
| | 17:10 | 17:40 | 0:30 | 6.6 | Presentation - The SDMX Istat Framework - a single dissemination point towards international organisations. Paper - The SDMX Istat Framework - a single dissemination point towards international organisations. | Dario Camol, Istat |
| | 17:40 | 18:00 | 0:20 | 6.7 | SDMX exchange for Millennium Development Goals (MDG). | Nicolas C. Pron, DevInfo |
| 15-03-2008 | 9:30 | 10:00 | 0:30 | 6.8 | National Accounts World Wide Exchange (NAWWE): the hub solution | Russell Penlington, OECD |
| | 10:00 | 10:15 | 0:15 | 6.9 | Preparing an SDMX joint hub for labour statistics (item cancelled). | ILO |
| | 10:15 | 10:30 | 0:15 | 6.10. | Metadata technologies training courses and presentations on SDMX. | Chris Nelson, Metadata Technology (Ltd). |
| | 10:30 | 10:45 | 0:15 | 6.11 | Presentation - Plans and implementations of SDMX in the Israeli Central Bureau of Statistics Paper - Plans and implementations of SDMX in the Israeli Central Bureau of Statistics | Tzachy Goldin, Central Bureau of Statistics, Israel |
| PART 7: SDMX capacity building | | | | | | |
| | 10:45 | 11:00 | 0:15 | 7.1 | Eurostat training courses on SDMX | Francesco Rizzo, Eurostat |
| | 11:00 | 11:10 | 0:10 | 7.2 | Planned capacity building in Mexico | Juan Muñoz Lopez, INEGI |
| | 11:10 | 11:20 | 0:10 | | Discussion | |
| | 11:20 | 11:40 | 0:20 | | Coffee | |

PART 8: Conclusions and future work

| | | | | | | |
|--|-------|-------|------|--|--|---------------------|
| | 11:40 | 12:20 | 0:40 | | Recommendations for future work by participating countries and international organisations | Lars Thygesen, OECD |
|--|-------|-------|------|--|--|---------------------|
