Corrigendum

Page 13

Please note that the following sentence has been corrected. For reference, the original sentence follows.

Correction

The Egyptian higher education system is not serving the country's current needs well, and without far-reaching reform it will hold back Egypt's economic and social progress.

Original

The Egyptian higher system is not serving the country's current needs well, and without far-reaching reform it will hold back Egypt's economic and social progress.
