

# Measuring Aid to HIV/AIDS control

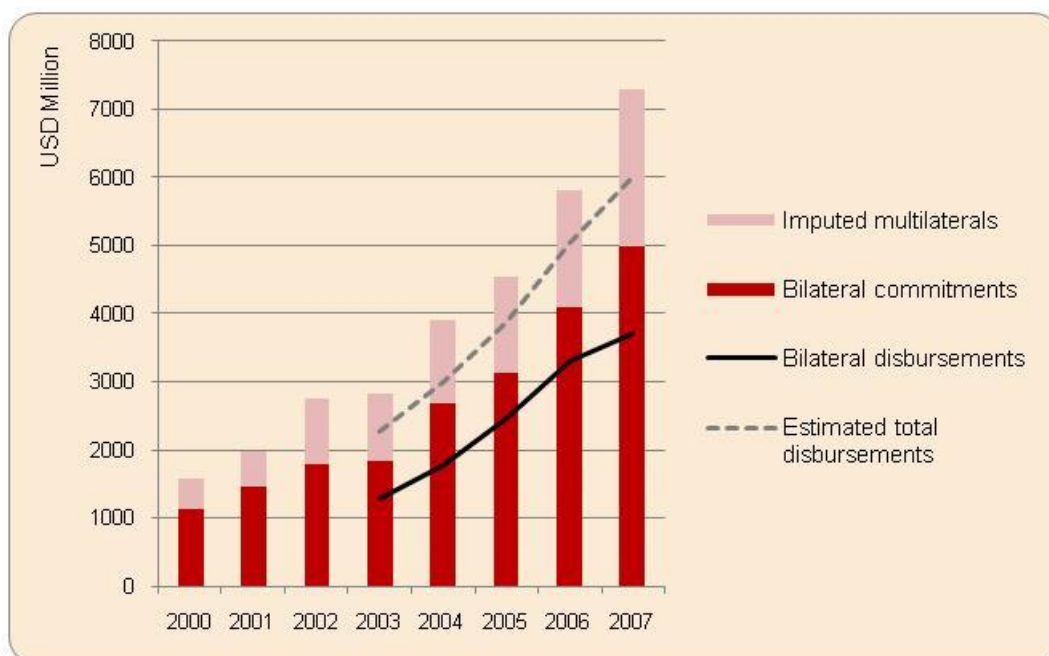

This note contains statistics on Official Development Assistance (ODA) in support of HIV/AIDS control. It updates some data published in the report "CRS Aid Activities in support of HIV/AIDS control, 2000-2007" in December 2007. This note is based on donors' reporting on ODA commitments and disbursements to the Creditor Reporting System (CRS) Aid Activity Database, and on a special survey undertaken with DAC members.

## Trends in aid for HIV/AIDS control

DAC countries' bilateral aid commitments in support of HIV/AIDS control rose to USD 5 bn in 2007. The figure rises to USD 7.3 bn. if imputed multilateral contributions are taken into account (donor countries' aid through the Global Fund and other international organisations).
