

# ENVIRONMENTAL PERFORMANCE OF OECD AGRICULTURE SINCE 1990:

## MAIN REPORT (forthcoming March 2008)

A summary version of the *Main Report* is published as ***Environmental Performance of Agriculture since 1990 At a Glance***, see the OECD website which also contains the agricultural environmental indicator time series database at: <http://www.oecd.org/agr/env/indicators.htm>

The report is published in English and French, with each of the 30 country sections (see chapter 3) also available in their respective national languages on the above website

This text should be cited as follows: OECD (2008), *Environmental Performance of Agriculture since 1990: Main Report*, Paris, France, <http://www.oecd.org/agr/env/indicators.htm>

For further information please contact: Kevin Parris, Policies and Environment Division, Trade and Agriculture Directorate, OECD, 2 Rue Andre-Pascal, 75775 Paris CEDEX 16, France. Email: [Kevin.Parris@oecd.org](mailto:Kevin.Parris@oecd.org) Tel: +33 (0) 1 45 24 95 68 Fax +33 (0) 1 44 30 61 02

## TABLE OF CONTENTS OF THE MAIN REPORT

### I. HIGHLIGHTS

### II. BACKGROUND AND SCOPE OF THE REPORT

- 1. Objectives and scope*
- 2. Data and information sources*
- 3. Progress made since the OECD 2001 agri-environmental indicator report*
- 4. Structure of the Report*

### 1. OECD TRENDS OF ENVIRONMENTAL CONDITIONS RELATED TO AGRICULTURE SINCE 1990

- 1.1. Agricultural production and land*
- 1.2. Nutrients (nitrogen and phosphorus balances)*
- 1.3. Pesticides (use and risks)*
- 1.4. Energy (direct on-farm energy consumption)*
- 1.5. Soil (water and wind soil erosion)*
- 1.6. Water (water use and water quality)*
- 1.7. Air (ammonia, methyl bromide (ozone depletion) and greenhouse gases)*
- 1.8. Biodiversity (genetic, species, habitat)*
- 1.9. Farm Management (nutrients, pests, soil, water, biodiversity, organic)*

### 2. OECD PROGRESS IN DEVELOPING AGRI-ENVIRONMENTAL INDICATORS

- 2.1. Introduction*
- 2.2. Progress in Developing Agri-Environmental Indicators*
- 2.3. Overall Assessment*

### 3. COUNTRY TRENDS OF ENVIRONMENTAL CONDITIONS RELATED TO AGRICULTURE SINCE 1990

Each of the 30 OECD country reviews (plus a summary for the EU) are structured as follows:

- 1. Agricultural Sector Trends and Policy Context*
- 2. Environmental Performance of Agriculture*
- 3. Overall Agri-Environmental Performance*
- 4. Bibliography*
- 5. Country figures*
- 6. Website Information:* Only available on the OECD website covering:
  - 1. National Agri-environmental Indicators Development*
  - 2. Key Information Sources: Databases and Websites*

### 4. USING AGRI-ENVIRONMENTAL INDICATORS AS A POLICY TOOL

- 4.1. Policy Context*
- 4.2. Tracking agri-environmental performance*
- 4.3. Using agri-environmental indicators for policy analysis*
- 4.4. Knowledge gaps in using agri-environmental indicators*
