Corrigendum

Revised version, January 2011

First edition published online only in December 2010. Details of the revisions are listed below.

Page 6:

Table of PISA countries

Moldova has been added to the list of “Partner countries and economies in PISA 2009”; Mauritius now has an asterisk indicating that it carried out the assessment in 2010 instead of 2009; and the Dominican Republic has been removed from the list of “Partner countries in previous surveys”.
