2008

603 Oil Price Shocks, Rigidities and the Conduct of Monetary Policy: Some Lessons from a New Keynesian Perspective
by Romain Duval and Lukas Vogel

602 The Contribution of Economic Geography to GDP Per Capita
By Hervé Boulhol, Alain de Serres and Margit Molnar

601 Estimating a supply block for Poland
by Rafał Kierzenkowski, Patrice Ollivaud, Franck Sédillot and Philippe Briard

600 Product Market Regulation and economic performance across Indian States
by Paul Conway, Richard Herd & Thomas Chalaux

599 Improving Product Market Regulation in India: An International and Cross-State comparison
by Paul Conway and Richard Herd

598 Revenue Buoyancy and its Fiscal Policy Implications
by Isabelle Joumard and Christophe André

597 Monetary Policy, Market Excesses and Financial Turmoil
by Rudiger Ahrend, Boris Cournède and Robert Price

596 Explaining differences in hours worked among OECD countries: an empirical analysis
by Orsetta Causa

595 Fiscal policy in India: past reforms and future challenges
by Richard Herd and Willi Leibfritz

594 The significance of Switzerland’s enormous current account surplus
by Peter Jarrett and Céline Letremy

593 Interdependencies between monetary policy and foreign-exchange intervention under inflation targeting: The case of Brazil and the Czech Republic
by Jean-Yves Gnabo, Luiz de Mello and Diego Moccero

2007

592 Solow or Lucas? Testing growth models using panel data from OECD countries
by Jens Arnold, Andrea Bassanini and Stefano Scarpetta

591 The private internal rates of return to tertiary education: new estimates for 21 OECD countries
by Romina Boarini and Hubert Strauss

590 Making federalism work in Italy
by Alexandra Bibbee
The wage premium on tertiary education: new estimates for 21 OECD countries
by Hubert Strauss and Christine de la Maisonneuve

Enhancing the benefits of financial liberalisation in Belgium
by Stefan Ide, Jens Høj and Patrick Lenain

Improving incentives in tertiary education in Belgium
by Jens Høj

Globalisation and the European Union: Which countries are best placed to cope?
by David Rae & Marte Sollie

Primary and secondary education in the United States
by Peter Tulip and Gregory Wurzburg

Financing higher education in the United States
by Peter Tulip

Corporate net lending: A review of recent trends
by Christophe André, Stéphanie Guichard, Mike Kennedy and David Turner

The costs of delaying fiscal consolidation: a case study for Greece
by Vassiliki Koutsogeorgopoulou & David Turner

Local government finances: The link between intergovernmental transfers and net worth
by Luiz de Mello

Boosting Austria's Innovation Performance
by Willi Leibfritz and Jürgen Janger

Improving employment prospects in the Slovak Republic: building on past reforms
by Andrés Fuentes

Improving education outcomes in the Slovak Republic
by David Carey

How regulatory reforms in Sweden have boosted productivity
by Espen Erlandsen and Jens Lundsgaard

The Policy Determinants of Investment in Tertiary Education
Joaquim Oliveira Martins, Romina Boarini, Hubert Strauss, Christine de la Maisonneuve and Clarice Saadi

Product Market Competition in the OECD Countries: Taking Stock and Moving Forward
by Jens Høj, Miguel Jimenez, Maria Maher, Giuseppe Nicoletti, and Michael Wise

Too Little Destruction, Too Little Creation: A Schumpeterian Diagnosis of Barriers to Sustained Growth in Ukraine
by Christian Gianella and William Tompson

How do the OECD growth projections for the G7 economies perform? A post-mortem
by Lukas Vogel
Austria’s deepening economic integration with Central and Eastern Europe
by Rina Bhattacharya

Meeting the challenges of decentralisation in France
by Stéphanie Jamet

Enhancing incentives to improve performance in the education system in France
by Paul O’Brien

Combating poverty and social exclusion in France
by Stéphanie Jamet

Competition Law and Policy Indicators for the OECD countries
by Jens Høj

Structural policies and economic resilience to shocks
by Romain Duval, Jørgen Elmeskov and Lukas Vogel

Family policy in Hungary: how to improve the reconciliation between work and family?
by Philip Hemmings

Encouraging sub-national government efficiency in Hungary
by Alessandro Goglio

Integration of immigrants in OECD countries: do policies matter?
by Orsetta Causa and Sébastien Jean

The unemployment impact of immigration in OECD countries
by Sébastien Jean and Miguel Jiménez

Migration in OECD countries: labour market impact and integration issues
by Sébastien Jean, Orsetta Causa, Miguel Jimenez and Isabelle Wanner

The internationalisation of production, international outsourcing and employment in the OECD
by Margit Molnar, Nigel Pain and Daria Taglioni

Why has Swedish inflation been persistently low?
by Felix Hüfner

The Swedish housing market – better allocation via less regulation
by Felix Hüfner and Jens Lundsgaard

Linkages between performance and institutions in the primary and secondary education sector
by Douglas Sutherland and Robert Price

Toward a more efficient taxation system in New Zealand
by Annabelle Mourougane

Income inequality, poverty and social spending in Japan
by Randall S. Jones
555. Improving the efficiency of health care spending: selected evidence on hospital performance
by Espen Erlandsen

554. Cross-country analysis of efficiency in OECD health care sectors: options for research
by Unto Häkkinen and Isabelle Joumard

553. What promotes fiscal consolidation: OECD country experiences
by Stéphanie Guichard, Mike Kennedy, Eckhard Wurzel and Christophe André

552. Globalisation and the Macroeconomic Policy Environment
by Karine Hervé, Isabel Koske, Nigel Pain and Franck Sédillot. May 2007

551. Why has core inflation remained so muted in the face of the oil shock?
by Paul van den Noord and Christophe André. April 2007

550. Housing markets and adjustments in monetary union
by Peter Hoeller and David Rae. April 2007

549. Financial markets in Iceland
by Peter Tulip. April 2007

548. The political economy of delaying fiscal consolidation
Boris Cournède. March 2007

547. The impact on growth of higher efficiency of public spending on schools
Frédéric Gonand. March 2007

546. Performance indicators for public spending efficiency in primary and secondary education
Douglas Sutherland, Robert Price, Isabelle Joumard and Chantal Nicq. February 2007

545. Monetary policy and macroeconomic stability in Latin America: The cases of Brazil, Chile, Colombia and Mexico
Luiz de Mello and Diego Moccero. February 2007

544. The Brazilian "tax war": The case of value-added tax competition among the states

543. Public spending efficiency: institutional indicators in primary and secondary educations
Frédéric Gonand, Isabelle Joumard and Robert Price. February 2007

542. Enhancing Turkey's growth prospects by improving formal sector business conditions

541. Fiscal relations across levels of government in Australia
Vassiliki Koutsogeorgopoulou. January 2007

540. Russian manufacturing and the threat of 'Dutch disease'. A comparison of competitiveness developments in Russia and Ukrainian industry
539. Stimulating innovation in Russia: The role of institutions and policies

538. Healthcare reform in Russia: Problems and prospects

537. A golden rule for Russia? How a rule-based fiscal policy can allow a smooth adjustment
to the new terms of trade

536. From "clientelism" to a "client-centred orientation"? The challenge of public
administration reform in Russia
2006

535. Has the rise in debt made households more vulnerable?
Nathalie Girouard, Mike Kennedy and Christophe André. December 2006

534. Social security reform in Brazil: Achievements and remaining challenges
Fabio Giambiagi and Luiz de Mello. December 2006

533. Improving labour utilisation in Brazil
Luiz de Mello, Naércio Menezes Filho and Luiz G. Scorzaafave. December 2006

532. Boosting innovation performance in Brazil
Carlos H. de Brito Cruz and Luiz de Mello. December 2006

531. Consolidating macroeconomic adjustment in Brazil
Luiz de Mello and Diego Moccero. December 2006

530. Product market regulation in the non-manufacturing sectors of OECD countries: measurement and highlights
Paul Conway and Giuseppe Nicoletti. December 2006

529. The Turkish pension system: further reforms to help solve the informality problem
Anne Marie Brook and Edward Whitehouse. December 2006

528. Policies to improve Turkey’s resilience to financial market shocks
Anne-Marie Brook. December 2006

527. Upgrading Japan’s innovation system to sustain economic growth
Randall S. Jones and Tadashi Yokoyama. December 2006

526. Strengthening the integration of Japan in the world economy to benefit more fully from globalisation
Randall S. Jones and Taesik Yoon. December 2006

525. OECD’s FDI regulatory restrictiveness index: Revision and extension to more economies
Takeshi Koyama and Stephen Golub. December 2006

524. Globalisation and inflation in the OECD economies
Nigel Pain, Isabell Koske and Marte Sollie. November 2006

523. Identifying determinants of Germany’s international price competitiveness - A structural VAR approach
Martin Meurers. November 2006

522. Short-term pain for long-term gain: The impact of structural reform on fiscal outcomes in EMU
Paul van den Noord and Boris Cournède. November 2006

521. Interactions between monetary and fiscal policy: How monetary conditions affect fiscal consolidation
520. Restoring fiscal sustainability in the Euro Area: raise taxes or curb spending? Boris Cournède and Frédéric Gonand. October 2006

519. Should measures of fiscal stance be adjusted for terms of trade effects? David Turner. October 2006

518. Monetary policy and inflation expectations in Latin America: Long run effects and volatility spillovers Luiz de Mello and Diego Moccer. October 2006

517. Social safety nets and structural adjustment Paul van den Noord, Nathalie Girouard and Christophe André. October 2006

516. Adapting the Icelandic education system to a changing environment Hannes Suppanz. September 2006

515. Forecasting monthly GDP for Canada Annabelle Mourougane. September 2006

514. Finland’s housing market: reducing risks and improving policies Laura Vartia. September 2006

513. The Danish housing market: less subsidy and more flexibility Espen Erlandsen, Jens Lundsgaard and Felix Hübner. September 2006

511. Removing obstacles to employment for women in Ireland Boris Cournède. September 2006

509. Regulation, competition and productivity convergence Paul Conway, Donato De Rosa, Giuseppe Nicoletti and Faye Steiner. September 2006
This work has also been published in *OECD Economic Studies* No. 43/1 2007 (forthcoming)

508. Improving education achievement and attainment in Luxembourg to compete in the labour market David Carey and Ekkehard Ernst. September 2006

507. Raising economic performance by fostering product market competition in Germany Andrés Fuentes, Eckhard Wurzel and Andreas Reindl. August 2006

506. Regulation of financial systems and economic growth Alain de Serres, Shuji Kobayakawa, Torsten Sløk and Laura Vartia. August 2006

505. Enhancing Portugal’s human capital Stéphanie Guichard and Bénédicte Larre. August 2006
504. Improving labour market performance in France
Stéphanie Jamet. July 2006

503. Wage setting in Finland: increasing flexibility in centralised wage agreements
Åsa Johansson. July 2006

502. Taxation, business environment and FDI location in OECD countries
Dana Hajkova, Giuseppe Nicoletti, Laura Vartia and Kwang-Yeol Yoo. July 2006
This work has also been published in OECD Economic Studies No. 43/1 2007 (forthcoming)

501. The political economy of structural reform: Empirical evidence from OECD countries
This work has also been published in OECD Economic Studies No. 43/1 2007 (forthcoming)

500. Labour market performance, income inequality and poverty in OECD countries and Annexes
Jean-Marc Burniaux, Flavio Padrini and Nicola Brandt. July 2006

499. Improving public-spending efficiency in Czech regions and municipalities
Philip Hemmings. July 2006

498. Policies to promote innovation in the Czech Republic
Alessandro Goglio. July 2006

497. Getting education right for long-term growth in the Czech Republic
Alessandro Goglio. July 2006

496. Assessing the 2005 Czech proposals for pension reform

495. Poland's education and training: Boosting and adapting human capital

494. The rates and revenue of bank transaction taxes

493. Nothing ventured, nothing gained: The long-run fiscal reward of structural reforms
Peter Hoeller and Claude Giorno. June 2006

492. Ireland's housing boom: What has driven it and have prices overshot?
David Rae and Paul van den Noord. June 2006

491. Boosting competition in Ireland.

490. Factors behind low long-term interest rates

489. The Fiscal challenge in Portugal

488. Are house prices nearing a peak? A probit analysis for 17 OECD countries
487. **Maintaining Switzerland's top innovation capacity**  

486. **Employment patterns in OECD countries: reassessing the role of policies and institutions**  
Andrea Bassanini and Romain Duval. June 2006

485. **Brazil's fiscal stance during 1995-2005: The effect of indebtedness on fiscal policy over the business cycle**  
Luiz de Mello and Diego Moccero. May 2006

484. **Realising the oil supply potential of the CIS: the impact of institutions and policies**  
Rudiger Ahrend and William Tompson. May 2006

483. **Summary of a workshop on global convergence scenarios: structural and policy issues**  
Nick Vanston (Rapporteur). May 2006

482. **New OECD methods for supply-side and medium-term assessment: a capital services approach**  
Pierre-Olivier Beffy, Patrice Ollivaud, Pete Richardson and Frank Sédillot. July 2006

481. **Balancing health care quality and cost containment: the case of Norway**  
Alexandra Bibbee and Flavio Padrini. February 2006

480. **The ageing challenge in Norway: ensuring a sustainable pension and welfare system**  
Benoît Bellone and Alexandra Bibbee. February 2006

479: **Strengthening innovation in the Netherlands: making better use of knowledge creation in innovation activities**  
David Carey, Ekkehard Ernst, Rebecca Oyomopito and Jelte Theisens. February 2006

478: **How to sustain growth in a resource based economy? The main concepts and their application to the Russian case**  
Rudiger Ahrend. February 2006

477: **Projecting OECD health and long-term care expenditures: What are the main drivers?**  
February 2006. This work has also been published as Oliveira Martins and de la Maisonneuve,  
"The Drivers of Public Expenditure on Health and Long-Term Care: an Integrated Approach",  
*OECD Economic Studies*, no. 42 2006

476: **Alternative measures of well-being**  
Romina Boarini, Åsa Johansson and Marco Mira D'Ercole. February 2006

475: **Recent house price developments: the role of fundamentals**  
Nathalie Girouard, Mike Kennedy, Paul van den Noord and Christophe André. January 2006

474: **Reforming federal fiscal relations in Austria**  
Andrés Fuentes, Eckhard Wurzel and Andreas Wörgötter. January 2006

473: **Product market competition and economic performance in France**  
Jens Høj and Michael Wise. January 2006
2005

472: Product market reforms and employment in OECD countries
Giuseppe Nicoletti and Stefano Scarpetta. December 2005

471: Fast-falling barriers and growing concentration: the emergence of a private economy in China

470: Sustaining high growth through innovation: reforming the R&D and education systems in Korea
Yongchun Baek and Randall S. Jones. December 2005

469: The labour market in Korea: Enhancing flexibility and raising participation
Randall S. Jones. December 2005

468: Getting the most out of public-sector decentralisation in Korea
Randall S. Jones and Tadashi Yokoyama. December 2005

467: Coping with the inevitable adjustment in the US current account
Peter Jarrett. December 2005

466: Is there a case for sophisticated balanced-budget rules
Antonio Fatás. December 2005

465: Fiscal rules for sub-central governments: design and impact
Douglas Sutherland, Robert Price and Isabelle Joumard. December 2005

464: Assessing the robustness of demographic projections in OECD countries
Frédéric Gonand. December 2005

463: The benefits of liberalising product markets and reducing barriers to international trade and investment in the OECD
December 2005

462: Fiscal relations across levels of government in the United States
Thomas Laubach. November 2005

461: Assessing the value of indicators of underlying inflation for monetary policy
Pietro Catte and Torsten Sløk. November 2005

460: Regulation and economic performance: product market reforms and productivity in the OECD
Giuseppe Nicoletti and Stefano Scarpetta. November 2005
This work has also been published in Institutions, Development, and Economic Growth, (T.S. Eicher and C. García-Peñalosa eds.), MIT Press, Cambridge, MA, 2006.

459: Innovation in the Business Sector
Florence Jaumotte and Nigel Pain. December 2005
From innovation development to implementation: evidence from the Community Innovation Survey
Florence Jaumotte and Nigel Pain. December 2005

From ideas to development: the determination of R&D and patenting
Florence Jaumotte and Nigel Pain. December 2005

An overview of public policies to support innovation
Florence Jaumotte and Nigel Pain. December 2005

Strengthening regulation in Chile: the case of network industries
Alexander Galetovic and Luiz de Mello. November 2005

Fostering innovation in Chile
José-Miguel Benavente, Luiz de Mello and Nanno Mulder. November 2005

Getting the most out of public sector decentralisation in Mexico
Isabelle Joumard. October 2005

Raising Greece's potential output growth
Vassiliki Koutsogeorgopoulou and Helmut Ziegelschmidt. October 2005

Product market competition and economic performance in Australia
Helmut Ziegelschmidt, Vassiliki Koutsogeorgopoulou, Simen Bjornerud and Michael Wise. October 2005

House prices and inflation in the Euro Area
Boris Cournède. October 2005

The EU's single market: at your service?
Line Vogt. October 2005

Slovakia's introduction of a flat tax as part of wider economic reforms
Anne-Marie Brook and Willi Leibfritz. September 2005

The education challenge in Mexico: delivering good quality education to all
Stéphanie Guichard. September 2005

In search of efficiency: improving health care in Hungary
Alessandro Goglio. September 2005

Hungarian innovation policy: what's the best way forward?
Philip Hemmings. September 2005

The challenges of EMU accession faced by catching-up countries: A Slovak Republic case study
Anne-Marie Brook. September 2005

Getting better value for money from Sweden's healthcare system
David Rae. September 2005

How to reduce sickness absences in Sweden: lessons from international experience
David Rae. September 2005
441: The labour market impact of rapid ageing of government employees: Some illustrative scenarios
Jens Høj and Sylvie Toly. September 2005

440: The new OECD international trade model
Nigel Pain, Annabelle Mourougane, Franck Sédillot and Laurence Le Fouler. August 2005

439: The French tax system: Main characteristics, recent developments and some considerations for reform
Willi Leibfritz and Paul O'Brien. July 2005

438: The effects of EMU on structural reforms in labour and product markets
Romain Duval and Jørgen Elmeskov. July 2005

437: Product market competition and economic performance in New Zealand
Annabelle Mourougane and Michael Wise. July 2005

436: Getting the most out of public sector decentralisation in Spain
Isabelle Joumard and Claude Giorno. July 2005

435: Sources of inflation persistence in the Euro Area
Boris Cournède, Alexandra Janovskaia and Paul van den Noord. July 2005

434: Measuring cyclically-adjusted budget balances for OECD countries
Nathalie Girouard and Christophe André. July 2005

433: Product market competition and economic performance in the United Kingdom
Maria Maher and Michael Wise. June 2005

432: The benefits of liberalising product markets and reducing barriers to international trade and investment: the case of the United States and the European Union
June 2005

431: Boosting growth through greater competition in Denmark
Martin Jorgensen. May 2005

410: Banking reform in Russia: problems and prospects
William Tompson. November 2004

409: Public expenditure management in France
Andrew Burns and Alessandro Goglio. October 2004

408: Russian industrial restructuring: trends in productivity, competitiveness, and comparative advantage
Rudiger Ahrend. October 2004

407: Improving the capacity to innovate in Germany
Andrés Fuentes, Eckhard Wurzel and Margaret Morgan. October 2004

406: Tax treatment of private pension savings in OECD countries and the net tax cost per unit of contribution to tax-favoured schemes
Kwang-Yeol Yoo and Alain de Serres. October 2004

405: The reform of health care system in Portugal
Stéphanie Guichard. October 2004

404: Accounting for Russia’s post-crisis growth
Rudiger Ahrend. September 2004

403: Restructuring Russia’s electricity sector: Towards effective competition or faux liberalisation?
William Tompson. September 2004

402: Russia's gas sector: the endless wait for reform?
Rudiger Ahrend and William Tompson. September 2004

401: One money, one cycle? Making Monetary Union a smoother ride
Peter Hoeller, Claude Giorno and Christine de la Maisonneuve. September 2004

400: Modelling cyclical divergence in the euro area: the housing channel
Paul van den Noord. September 2004

399: Product market competition and economic performance in Korea
Yongchun Baek, Randall Jones and Michael Wise. August 2004

398: Product market competition and economic performance in the United States
Hannes Suppanz, Michael Wise and Michael Kiley. July 2004

397: Saving behaviour and the effectiveness of fiscal policy
Luiz de Mello, Per Mathis Kongsrud and Robert Price. July 2004

396: The impact of exchange rate regimes on real exchange rates in South America, 1990-2002
Anne-Laure Baldi and Nanno Mulder. June 2004

395: How market imperfections and trade barriers shape specialisation: South America vs. OECD
Joaquim Oliveira Martins and Tristan Price. June 2004. This work has also been published in
Trade and Competitiveness in Argentina, Brazil and Chile: not as Easy as A-B-C, OECD, Paris, 2004

394: Housing Markets, wealth and the business cycle
Pietro Catte, Nathalie Girouard, Robert Price and Christophe André. June 2004

393: Long-term budgetary implications of tax-favoured retirement plans
Pablo Antolin, Alain de Serres and Christine de la Maisonneuve. June 2004

392: Enhancing income convergence in Central Europe after EU accession
Patrick Lenain and Lukasz Rawdanowicz. June 2004

391: Asset price cycles, "one-off" factors and structural budget balance
Nathalie Girouard and Robert Price. June 2004

390: Channels for narrowing the US current account deficit and implications for other economies
Anne-Marie Brook, Franck Sédillot and Patrice Ollivaud. May 2004

389: Product market competition and economic performance in Norway
Jens Høj and Michael Wise. May 2004

388: Product market competition and economic performance in Sweden
Deborah Roseveare, Martin Jørgensen and Lennart Goranson. May 2004

389. Product market competition and economic performance in Japan
Jens Høj and Michael Wise. May 2004

386: Migration and integration of immigrants in Denmark
Deborah Rozeveare and Martin Jørgensen. April 2004

385: Factors driving risk premia
Torsten Sløk and Mike Kennedy. April 2004

384: Rationalising public expenditure in the Slovak Republic
Rauf Gönenç and Peter Walkenhorst. March 2004

383: Product market competition and economic performance in Switzerland
Claude Giorno, Miguel Jimenez and Philippe Gugler. March 2004

382: Differences in resilience between the euro-area and US economies
Aaron Drew, Mike Kennedy and Torsten Sløk. March 2004

381: Product market competition and economic performance in Hungary
Carl Gjersem, Philip Hemmings and Andreas Reindl. March 2004

380: Enhancing the effectiveness of public spending: experience in OECD countries
Isabelle Joumard, Per Mathis Kongsrud, Young-Sook Nam and Robert Price. February 2004

379: Is there a change in the trade-off between output and inflation at low or stable inflation rates? Some evidence in the case of Japan
Annabelle Mourougane and Hideyuki Ibaragi. February 2004
378: Policies bearing on product market competition and growth in Europe
Carl Gjersem. January 2004

2003

377: Reforming the public expenditure system in Korea
Young-Sook Nam and Randall Jones. December 2003

376: Female labour force participation: past trends and main determinants in OECD countries
Florence Jaumotte. December 2003

375: Fiscal relations across government levels
Isabelle Joumard and Per Mathis Kongsrud. December 2003

Lars Calmfors. September 1993

130: Unemployment and labour force participation - trends and cycles
Jørgen Elmeskov and Karl Pichelmann. June 1993

129: Trends and cycles in labour productivity in the major OECD countries
Giuseppe Nicoletti and Lucrezia Reichlin. June 1993
This work has been also published in CEPR Working Paper, No. 808, July 1993

128: International integration of financial markets and the cost of capital
Mitushiro Fukao. March 1993
127: The international spillovers of capital income taxation - an applied general equilibrium analysis
François Delorme, Lawrence H. Goulder and Philippe Thalmann. January 1993

126: The future of capital income taxation in a liberalised financial environment
David Carey, Jean-Claude Chouraqui and Robert P. Hagemann. January 1993

1992

125: Global effects of the European carbon tax
This work has also been published in French as "Effets globaux de l’écotaxe européenne"", Revue Economique, Vol. 45, n. 3, Mai 1994

124: The Chinese economic area - economic integration without a free trade agreement
Randall Jones, Robert King and Michael Klein. July 1992

123: New issues, new results - the OECD's second survey of the macroeconomic costs of reducing CO2 emissions
Peter Hoeller, Andrew Dean and Masahiro Hayafuji. July 1992

122: Costs of reducing CO2 emissions - evidence from six global models
Andrew Dean and Peter Hoeller. July 1992

121: Results for the OECD comparative modelling project from the Whalley-Wigle model
John Whalley (University of W.Ontario) and Randall Wigle (Wilfried Laurier University). July 1992

120: OECD's indicators of international trade and competitiveness

119: Les indicateurs de compétitivité et de commerce internationaux de l'OCDE

118: The costs of reducing CO2 emissions - a comparison of carbon tax curves with GREEN

117: Adjustment under fixed exchange rates - application to the European Monetary Union
A. Steven Englander and Thomas Egebo. July 1992

116: GREEN - a multi-sector, multi-region, dynamic general equilibrium model for quantifying the costs of curbing CO2 emissions - a technical manual
115: The costs of reducing CO2 emissions- evidence from GREEN

114: Carbon taxes and CO2 emissions targets- results from the IEA model
E. Lakis Vouyakas, IEA. April 1992

113: Use of the Edmonds-Reilly model to model energy-related greenhouse gas emissions

112: The welfare effects of fossil carbon restrictions- results from a recursively dynamic trade model
Thomas Rutherford, University of Western Ontario. April 1992

111: Global 2100- alternative scenarios for reducing carbon emissions
Alan S. Manne, Stanford University. April 1992

110: Energy taxation and price distortions in fossil fuel markets- some implications for climate change policy
Peter Hoeller and Jonathan Coppel. April 1992

109: The information content of interest rate spreads across financial systems
Frank Browne and Warren Tease. April 1992

108: Is there a future for capital income taxation?
Jack M. Mintz. March 1992

107: A "credit" crunch- the recent slowdown in bank lending and its implications for monetary policy
Paul Francis O'Brien and Frank Browne. March 1992

106: Energy prices, taxes and carbon dioxide emissions
Peter Hoeller and Markku Wallin. July 1991

105: Saving trends and measurement issues
Jørgen Elmeskov, Jeffrey Shafer and Warren Tease. July 1991

104: GREEN- a multi-sector, multi-region, dynamic general equilibrium model for quantifying the costs of curbing CO2 emissions- a technical manual

103: The costs of policies to reduce global emissions of CO2- initial simulation results with GREEN

102: Patterns of recoveries for the major seven OECD countries
Marco Mira d'Ercole. June 1991
101: **P-star as an indicator of inflationary pressure**  
Peter Hoeller and Pierre Poret. April 1991

100: **Old age income maintenance**  
Murray Petrie and Peter Sturm. April 1991

99: **The measurement of output and factors of production for the business sector in OECD countries (the OECD Business Sector Database)**  
Mark Keese, Gérard Salou and Pete Richardson. March 1991

98: **Macroeconomic consequences of financial liberalisation- a summary report**  
Adrian Blundell-Wignall and Frank Browne. March 1991

97: **Deregulation, credit rationing, financial fragility and economic performance**  
Michael Driscoll. February 1991

96: **Increasing financial market integration, real exchange rates and macroeconomic adjustment**  
Adrian Blundell-Wignall and Frank Browne. February 1991

95: **Financial liberalisation, asset prices and exchange rates**  
Marcus Miller and Paul Weller. February 1991

94: **Financial liberalisation and international trends in stock, corporate bond and foreign exchange market volatilities**  
Paul Kupiec. February 1991

93: **A macroeconomic model for debt analysis of the Latin America region and debt accounting models for the highly indebted countries**  
Peter Dittus and Paul O'Brien. February 1991

92: **Unemployment persistence and insider-outsider forces in wage determination**  
Bertil Holmlund. February 1991

91: **Infrastructure and private-sector productivity**  

**1990**

90: **The public sector- issues for the 1990s**  
Howard Oxley, Maria Maher, John P. Martin and Giuseppe Nicoletti. December 1990

89: **A survey of studies of the costs of reducing greenhouse gas emissions**  
Peter Hoeller, Andrew Dean and Jon Nicolaisen. December 1990

88: **Business investment in the OECD economies- recent performance and some implications for policy**  

87: **The "puzzle" of wage moderation in the 1980s**  
Pierre Poret. November 1990
86: **Modelling wages and prices for the smaller OECD countries**  
Kenichi Kawasaki, Peter Hoeller and Pierre Poret. October 1990

85: **Simulating the OECD Interlink model under alternative monetary policy rules**  
Pete Richardson. October 1990

84: **Walras - a multi-sector, multi-country applied general equilibrium model for quantifying the economy-wide effects of agricultural policies- a technical manual**  
Jean-Marc Burniaux, François Delorme, Ian Lienert and John P. Martin. August 1990

83: **Exchange rate policy in advanced commodity-exporting countries- the case of Australia and New Zealand**  

82: **Economics and the environment- a survey of issues and policy options**  
Jon Nicolaisen and Peter Hoeller. July 1990

81: **Financial liberalisation and consumption behaviour**  
Adrian Blundell-Wignall, Frank Browne and Stefano Cavaglia. March 1990

80: **Fiscal indicators**  
Edward E. Gramlich, The University of Michigan. April 1990

79: **Suggestions for a new set of fiscal indicators**  
Olivier Blanchard (MIT and NBER). April 1990

78: **Indicators of fiscal policy- a re-examination**  
Jean-Claude Chouraqui, Robert P. Hagemann and Nicola Sartor. April 1990

77: **Monetary policy in the wake of financial liberalisation**  
Adrian Blundell-Wignall, Frank Browne and Paolo Manasse. April 1990

76: **The dollar position of the non-US private sector, portofolio effects, and the exchange rate of the dollar**  
Bixio Barenco. February 1990

75: **Measuring industrial subsidies- some conceptual issues**  
Neil Bruce. February 1990

74: **Industrial subsidies in the OECD countries**  

73: **The saving behaviour of Japanese households**  
Kenichi Kawasaki. January 1990

72: **The role of indicators in structural surveillance**  
Andrew Dean. January 1990

**1989**

71: **Modelling business sector supply for the smaller OECD countries**  
Raymond Torres, Peter Jarrett and Wim Suyker. October 1989
On the sequencing of structural reforms
Sebastian Edwards. September 1989

The information content of the term structure of interest rates - theory and practice
Frank Browne and Paolo Manasse. September 1989

The impact of increased government saving on the economy
Richard Herd. June 1989

Saving trends and behaviour in OECD countries
Andrew Dean, Martine Durand, John Fallon and Peter Hoeller. June 1989

Potential output in the seven major OECD countries
Raymond Torres and John P. Martin. May 1989

A post mortem on OECD short-term projections from 1982 to 1987
Byron Ballis. February 1989

Revised groupings for non-OECD countries in OECD's macroeconomic model Interlink

Modelling housing investment for seven major OECD countries
Thomas Egebo and Ian Lienert. December 1988

The economic dynamics of an ageing population - the case of four OECD countries
This work has also been published in OECD Economic Studies, n.12, Spring 1989 and NBER Working Paper, n. 2797, 1989

Ageing populations: economic effects and implications for public finance
Robert P. Hagemann and Giuseppte Nicoletti. January 1989
This work has also been published in OECD Economic Studies, n.12, Spring 1989

Compatible trade and production data base - 1970-1985
Claude Berthet-Bondet, Derek Blades and Annie Pin. November 1988

Eliminating the U.S. federal budget deficit by 1993 - the interaction of monetary and fiscal policy
Richard and Byron Ballis. December 1988

Empirical research on trade liberalisation with imperfect competition: a survey
J. David Richardson. November 1988

An international sectoral data base for thirteen OECD countries

On aggregation methods of purchasing power parities

Quantifying the economy-wide effects of agricultural policies - a general equilibrium approach

54: Tests of total factor productivity measurement
A. Steven Englander. June 1988

53: Alternative solution methods in applied general equilibrium analysis
Richard G. Harris. April 1988

52: The so-called "non-economic" objectives of agricultural policy
L. Alan Winters. April 1988

51: The effects of monetary policy on the real sector - an overview of empirical evidence for selected OECD countries
Jean-Claude Chouraqui, Michael Driscoll and Marc-Olivier Strauss-Kahn. April 1988

50: Private consumption, inflation and the "debt neutrality hypothesis", the case for eight OECD countries
Giuseppe Nicoletti. January 1988
This work has also been published in OECD Economic Studies, n.11, Fall 1988

49: Are commodity prices leading indicators of OECD prices?
Martine Durand and Sveinbjörn Blondal. February 1988

1987

48: The medium-term macroeconomic strategy revisited
Jean-Claude Chouraqui, Kevin Clinton and Robert Bruce Montador. December 1987

47: A review of the simulation properties of OECD's Interlink model
Pete Richardson. July 1987

46: Recent developments in OECD's international macroeconomic model
Pete Richardson. June 1987

45: International investment-income determination in Interlink- models for 23 OECD countries and six non-OECD regions
David T. Coe, Richard Herd and Marie-Christine Bonnefous. June 1987

44: Price determination in the major seven country models in Interlink
Ulrich Stiehler. July 1987

43: Import and export price equations for manufactures
Richard Herd. June 1987

42: OECD economic activity and non-oil commodity prices- reduced-form equations for Interlink
Gerald Holtham and Martine Durand. June 1987

41: A revised supply block for the major seven countries in Interlink
Peter Jarrett and Raymond Torres. April 1987
40: Tax reform in OECD countries- economic rationale and consequences
Robert P. Hagemann, Brian R. Jones and Robert Bruce Montador. August 1987

39: Monetary policy in the second half of the 1980s- how much room for manoeuvre?Kevin Clinton and Jean-Claude Chouraqui. February 1987

38: Tracking the U.S. external deficit, 1980-1985- experience with the OECD Interlink model Pete Richardson. February 1987

1986

37: Internationalisation of financial markets- some implications for macroeconomic policy and for the allocation of capital
Mitsuhiro Fukao and Masaharu Hanazaki. November 1986

36: The government household transfer data base 1960 - 1984
Rita Varley. September 1986

35: Wealth and inflation effects in the aggregate consumption function

34: Pure profit rates and Tobin's q in nine OECD countries
James H. Chan-Lee. April 1986

33: Mécanismes de transmission et effets macro-économiques de la politique monétaire en France: les principaux enseignements économétriques
Marc-Olivier Strauss-Kahn. March 1986

32: The formulation of monetary policy- a reassessment in the light of recent experience
Paul Atkinson and Jean-Claude Chouraqui. March 1986

31: The OECD compatible trade and production data base 1970-1983
Anders Brodin and Derek Blades. March 1986

30: Public debt in a medium-term context and its implications for fiscal policy
Jean-Claude Chouraqui, Brian Jones and Robert Bruce Montador. May 1986

29: Method of calculating effective exchange rates and indicators of competitiveness
Martine Durand. February 1986

28: Exchange rates and real long-term interest-rate differentials- evidence for eighteen OECD countries
David T. Coe and Stephen S. Golub. February 1986

1985

27: Commodity prices in Interlink
Gerry Holtham, Tapio Saavalainen, Paul Saunders and Helen Sutch. November 1985

26: Aggregate supply in Interlink- model specification and empirical results
John Heliwell, Peter Sturm, Peter Jarrett and Gérard Salou. November 1985
25: Écart entre les importations et les exportations dans les statistiques du commerce extérieur de l'OCDE
Derek Blades and Marina Ivanov. September 1985

24: Flexibilité du marché du travail et chocs extérieurs sur les prix
F. Klau and A. Mittelstadt. September 1985

23: Changes in the composition of output and employment
Axel Mittelstädt and Françoise Correia. June 1985

22: Les prix de l'énergie: évolution et perspectives
Axel Mittelstädt. June 1985

21: Taux d'intérêt réels et perspectives de croissance durable
Paul Atkinson and Jean-Claude Chouraqui. May 1985

20: Profits and rates of return in OECD countries
James H. Chan-Lee and Helen Sutch. May 1985

19: Nominal wage determination in ten OECD economies
David T. Coe and Francesco Gagliardi. March 1985

18: Bases de données compatibles sur le commerce et la production de l'OCDE
Derek Blades and Wendy Simpson. January 1985

1984

17: Real gross product in OECD countries and associated purchasing power parities
Peter Hill.

16: Monetary policy in the OECD Interlink model

15: Structural budget deficits and fiscal stance

14: La conduite de la politique monétaire dans la phase actuelle de reprise économique
Paul Atkinson and Jean-Claude Chouraqui. April 1984

13: The demand for money and velocity in major OECD countries
A. Blundell-Wignall, M. Rondoni and H. Ziegelschmidt. February 1984

12: Taux d'activité: analyse et projections

11: L'action exercée par l'Etat sur la redistribution du revenu
Paul Saunders. January 1984

1983

10: Dynamique des prix et structure industrielle: une analyse théorique économétrique
David Encaoua (with collaboration from Paul Geroski et Riel Miller). July 1983

39
9: Medium-term financial strategy - the co-ordination of fiscal and monetary policy
Jean-Claude Chouraqui and Robert Price. July 1983

8: Simulation des effets macro-économiques d'une forte baisse des prix pétroliers
Flemming Larsen and John Llewellyn. June 1983

7: The determinants of exchange rate movements
Graham Hacche. June 1983

6: Souplesse de la production et inflation: étude globale
David T. Coe and Gerald Holtham. April 1983

5: Prix des ressources naturelles et politique macro-économique: les enseignements de deux chocs pétroliers
John Llewellyn. April 1983

4: Service lives of fixed assets
Derek Blades. March 1983

3: Wage formation in France - sectoral aspects
Patrick Artus. March 1983

2: Capital, energy and labour substitution - the supply block in OECD medium-term models
Patrick Artus. March 1983

1: Utilisation des élasticités de la demande de l'énergie
Axel Mittelstädt. March 1983
