EURASIA COMPETITIVENESS PROGRAMME
SOUTH CAUCASUS AND UKRAINE INITIATIVE

“INVESTMENT STRATEGIES IN TIMES OF ECONOMIC CRISES AND BEYOND”

WORKING GROUP ON
INVESTMENT CLIMATE, POLICY AND PROMOTION

DRAFT AGENDA

MEETING CO-CHAIRLED BY THE CZECH REPUBLIC
IN COLLABORATION WITH UNDP

FRIDAY, 3 JULY 2009

VENUE:
HOTEL DEDEMAN
BODRUM, TURKEY

PRIVATE SECTOR DEVELOPMENT
Objective

Following the mandate from the First Ministerial meeting of the Initiative on 1 April 2009, the first meeting of the Working Group on Investment Climate Policy and Promotion will be held on 3 July 2009 in Bodrum, Turkey. Based on feedback from the countries, the purpose of this meeting is to initiate dialogue on:

1) **Investment policies in times of economic crises and OECD’s strategic response to the crisis.** Session I will provide an overview of OECD instruments and guidelines related to cross border investment and the importance of keeping transparent and open investment regimes to mitigate the current crisis. Case studies will be presented to give an impression of OECD’s cooperation with non-members in the field of investment policy reform.

2) **The impact of the crisis on the countries of the South Caucasus and Ukraine (SCU) and their governments policy responses.** Session II will lead to a discussion on challenges, country priorities and strategies to improve the investment climate both from the perspective of policy makers and the private sector.

3) **The development of a comprehensive investment promotion strategy and tools** for Investment Promotion Agencies to act as a demand generator (e.g. image building, marketing and promotion) and investment facilitator (e.g. helping foreign investors navigate through regulatory procedures). Session III intends to provide an overview of best practices in the field of investment promotion and discuss what strategies have worked – and have not worked – in OECD countries and in the countries of the South Caucasus and Ukraine.

4) **Best-practices in Free Economic Zones management, clusters and linkages** and their benefits in providing focused support and facilitation services to emerging networks and clusters of firms. Free economic zones represent a policy instrument frequently used by governments to promote FDI by offering a more competitive business environment through provision of special fiscal, regulatory and financial incentives in defined geographic areas (Session IV).

Participants

SCU countries and OECD members are invited to send experts in the areas of investment policy, investment promotion and free economic zones. Other key partners (e.g. International organisations) who are engaged in activities in these areas will also be invited. Private sector engagement is essential for the success of the Working Group, as they can provide insights to issues affecting investment decisions and serve as a “reality check” for policy reform plans. Representatives from BSEC (Black Sea Economic Cooperation) Business Council and UBCCE (Union of Black Sea and Caspian Confederation of Enterprises) are invited to join the meeting. Experts from OECD countries and from the OECD Secretariat will be present at the meeting.

Contact details

We kindly ask all delegates from beneficiary countries to submit their presentations by **28 June 2009** to daniel.quadbeck@oecd.org, +33-(0)1 45 24 75 22.
