

Artificial Intelligence expert group at the OECD (AIGO)

AIGO has multi-stakeholder membership and brings together experts who have been nominated by OECD Committee on Digital Economy Policy (CDEP) delegations and advisory committees (BIAC, CSISAC, ITAC, TUAC) as well as a handful of experts invited by the Secretariat upon recommendation from delegations. The group is small and operates informally and flexibly. The CDEP Chair, Mr. Wonki Min, chairs AIGO.
