Government at a Glance 2013

With a focus on public administration, OECD Government at a Glance 2013 provides readers with a dashboard of key indicators assembled with the goal of contributing to the analysis and international comparison of public sector performance across OECD countries. Indicators on public finances and employment are provided alongside composite indexes summarising aspects of public management policies, and indicators on service quality in education, health, taxation and justice. Government at a Glance 2013 also includes indicators on key governance and public management issues, such as strategic governance, budgeting, compensation in the public service, public procurement and open government.
