***-how to make regulatory reform happen?-***

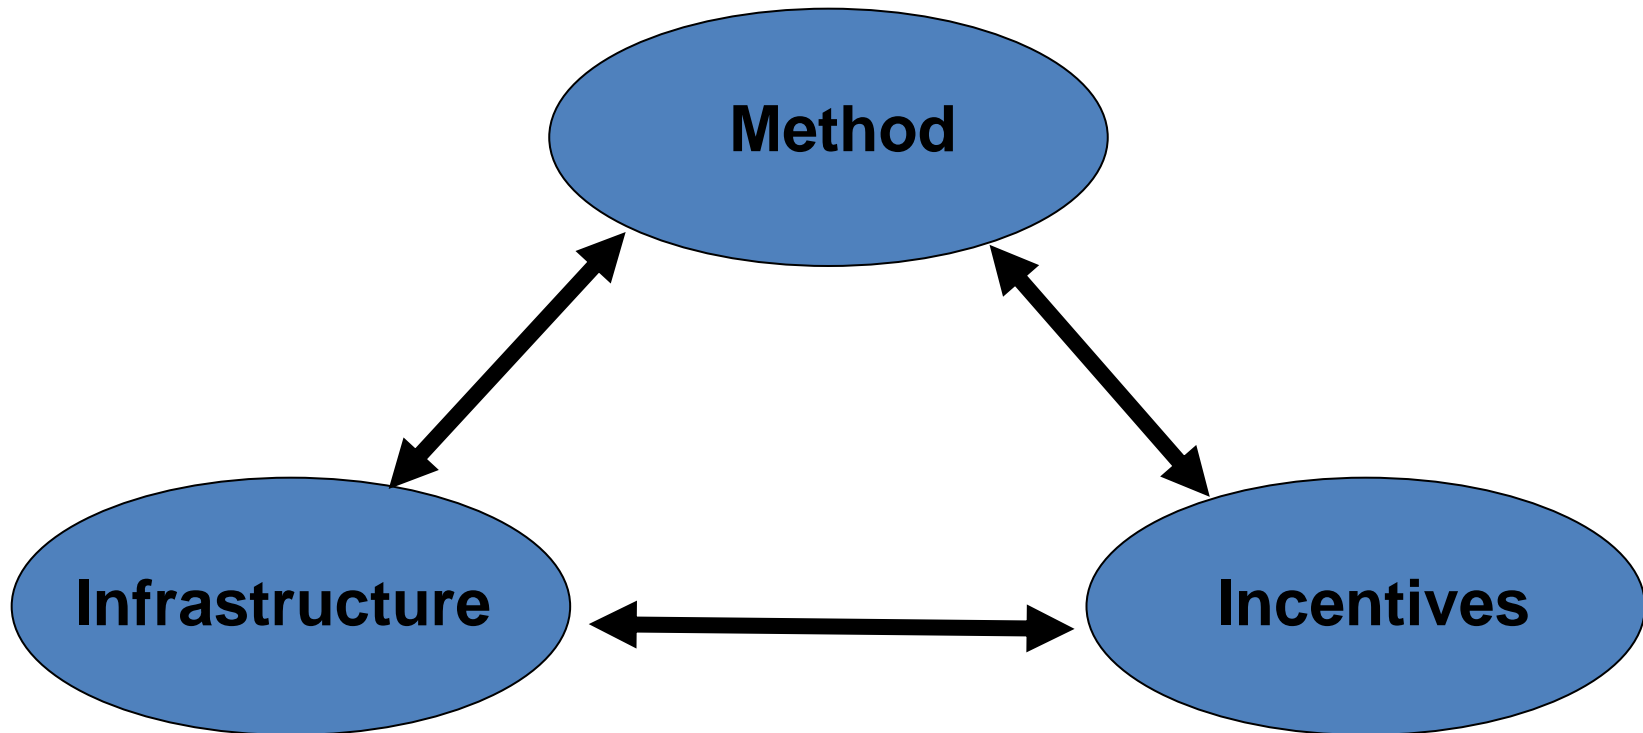

Jeroen Nijland / Jerusalem, June 29th, 2011

# Measuring Burdens: SCM

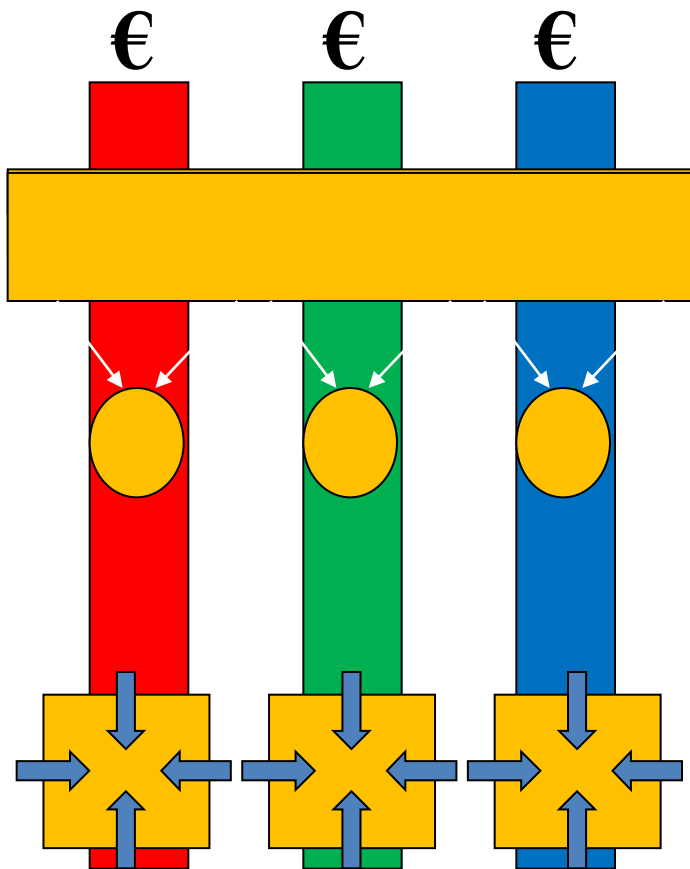

.....it takes more than a method

# Regulatory Reform Group

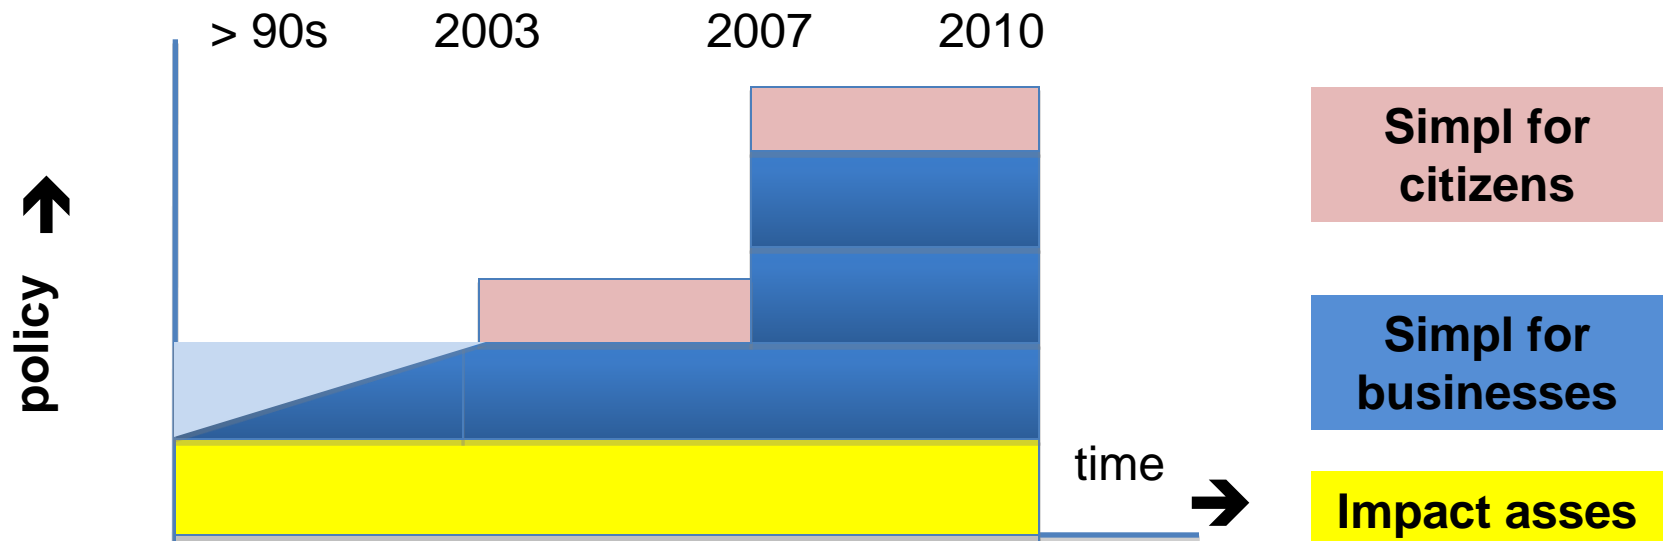

## The 'reform vehicle' 2003 - 2007

- Instruments: SCM-method
- Incentives:
  - Explicit targets (quantitative, individual, net, annual)
  - Strong political leverage (vice PM; budget cycle)
  - Strong stakeholder involvement
- Infrastructure:
  - Central coordination using satellites
  - Independent Advisory board (Actal)

# Regulatory Reform Group

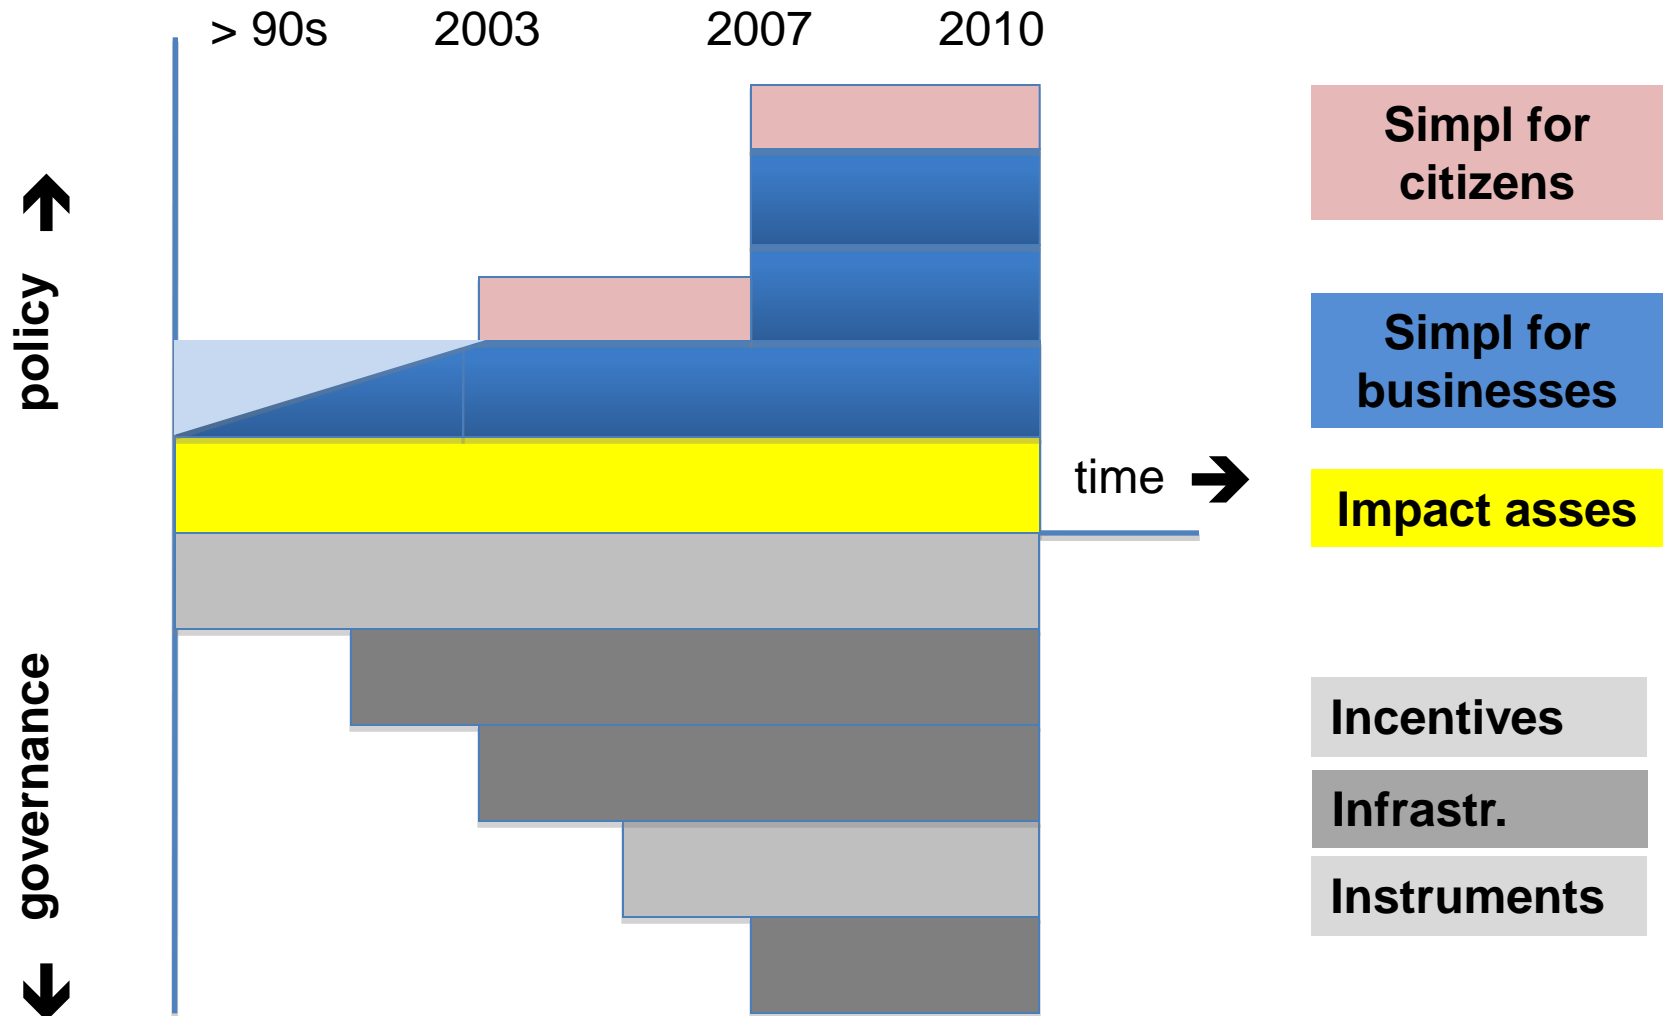

## Development of the reg. policy in NL:

- Ex ante: early adapter in Europe
- Business program: < 2003 only partly successful
- Strengthened in 2003 and broadened > 2007
- New target groups added (citizens)
- > 2010 : again broadened

# Policy & Governance interrelate

## *Regulatory Reform Group*

*The Regulatory Reform Group is a joint organisation of the ministries of Finance and Economic Affairs.*
