Elke
Weber

Professor of Energy and Environment
Professor of Psychology and Public Affairs,
Princeton University, USA

Elke Weber is the Gerhard R. Andlinger Professor in Energy and the Environment and Professor of Psychology and Public Affairs at Princeton University. Her research models decision-making under uncertainty and time delay in financial and environmental contexts from a psychological and neuroscience perspective. Her expertise in the behavioral decision sciences has been sought out by advisory committees of the National Academy of Sciences on Human Dimensions in Global Change, an American Psychological Association Task Force that issued a report on the Interface between Psychology and Global Climate Change, and Working Group III for the 5th Assessment Report of the U.N. Intergovernmental Panel on Climate Change (IPCC). She is past president of the Society for Neuroeconomics, the Society for Judgment and Decision Making, and the Society for Mathematical Psychology. She is a fellow of the American Psychological Association, the Association for Psychological Science, the Society for Risk Analysis, the Society for Experimental Psychology, and received the Distinguished Scientific Contribution Award from the Society for Risk Analysis. She was elected to the German National Academy of Sciences and the American Academy of Arts and Sciences.
