Statement on the Establishment of ERIA

- The Economic Research Institute for ASEAN and East Asia (ERIA) will be temporarily accommodated at the ASEAN Secretariat.
- 2. ERIA shall function as an independent research institute but shall maintain and develop strong communication ties with policymaking process. The results of its research works shall produce concrete and tangible policy recommendations that shall meet the needs of Ministerial and National Leader's meetings.
- **3.** ERIA shall maintain its highest academic standards in its research activities and provide a tripartite-type forum for policy dialogue and interactions among researchers, policymakers, and civil society.
- **4.** ERIA shall provide meaningful resources for narrowing development gaps and enhancing research capabilities in countries in need for improvement of public policy-making and research abilities.
- 5. ERIA shall function as a common asset to the ASEAN and East Asian countries in providing a common platform for rigorous economic studies, and its activities shall be open in cooperation with various prominent economic research institutions and organizations around the world, just as the East Asian economic integration shall be wide open.
