ADMINISTRATOR (GRADE A2/A3) IN THE ECONOMIC PROSPECTS DIVISION, ECONOMICS DEPARTMENT

Closing date for applications: 9 July 1992

Duties:

Under the supervision of a Principal Administrator:

1. Assist in the technical work designed to support economic policy analysis over a range of current issues, in particular through policy-relevant simulations. This task will involve contributing to the maintenance and extension of the ECD’s capacity to perform medium-term analysis.

2. Undertake analysis on selected topics in the context of the Department’s twice-yearly forecasting Round; contribute to the Division’s coordinating role here to the production of the Economic Outlook.

3. Contribute to the monitoring and appreciation of current economic developments.
Draft material for reports describing the above analysis, in particular for inclusion in the Department’s documentation for the Economic Policy Committee and the Economic Outlook.

Principal qualifications:

1. Advanced university degree in economics and several years’ experience in applied economic analysis.

2. Good knowledge of statistical methods and applied econometrics; experience with the estimation, simulation and implementation of computer-based economic models.

3. Sound knowledge of macroeconomic theory. Familiarity with the economic problems and data sources of a number of Member countries would be an advantage.

4. Very good knowledge of one of the two official languages of the Organisation (English and French) and good drafting ability in that language; good knowledge of the other. Knowledge of other languages of Member countries would be an advantage.
