PRINCIPAL ADMINISTRATOR (GRADE A4) IN THE NUCLEAR DEVELOPMENT DIVISION,
NUCLEAR ENERGY AGENCY

Closing date for applications: 23 November 1994

The OECD is an equal opportunity employer
and encourages applications from female candidates

Duties

Under the supervision of the Head of Division, the post-holder will be required to carry out economic and technical studies on matters of nuclear development and, in particular, to:

1. Formulate studies, including the setting up of co-operative R&D projects.
2. Initiate and co-ordinate studies, publications and symposia on nuclear economics and technology, participating in the secretariat of technical committees and expert groups working in these areas and also participating in other OECD committees’ activities.

3. Compile and critically evaluate information on the nuclear fuel cycle, including the primary resources, and on the technological and economic factors (including environmental impacts) affecting the development of nuclear power and its fuel cycle.

4. Participate in the preparation of reports for consideration both by technical and policy circles in government and industry.

**Principal qualifications**

1. University degree in nuclear engineering, or equivalent and related academic qualification, and considerable experience in the nuclear industry or a related governmental institution.

2. Experience or expertise in analysing the use of nuclear power including one or more of the following: assessment of fuel cycle technology developments, assessment of uranium resources, supply and demand, studies on related economic and environmental questions, and related technical policy questions.

3. Experience in handling policy questions at the interface between government and nuclear industry.

4. Ability to deal with experts at all levels in national and international administrations and in industry.

5. Excellent knowledge of, and drafting ability in, one of the official languages of the Organisation (French and English); ability to work effectively in the other.

**N.B.** The post may be filled at the A2/A3 level if the qualifications and professional experience of the candidate correspond to that level; in this case the duties and responsibilities assigned to this post will be adjusted accordingly.
