Council

RECOMMENDATION OF THE COUNCIL ON THE USE OF THE OECD MODEL MEMORANDUM OF UNDERSTANDING ON AUTOMATIC EXCHANGE OF INFORMATION FOR TAX PURPOSES

(adopted by Council at its 1000th session on 22 March 2001 [C/M(2001)6])

JT00133745
THE COUNCIL, 1

Having regard to Article 5(b) of the Convention on the Organisation for Economic Co-operation and Development of 14th December 1960;

Having regard to the Recommendation of the Council of 21st September 1977 on Tax Avoidance and Evasion [C(77)149/FINAL];

Having regard to the Recommendation of the Council of 11 April 1996 on the Tax Deductibility of Bribes to Foreign Public Officials [C(96)27/FINAL];

Having regard to the Recommendation of the Council of 13 March 1997 on the Use of Tax Identification Numbers in an International Context [C(97)29/FINAL];

Having regard to the Recommendation of the Council of 13 March 1997 on the use of the Revised OECD Standard Magnetic Format for Automatic Exchange of Information [C(97)30/FINAL];

Having regard to the Revised Recommendation of the Council of 23 May 1997 on Combating Bribery in International Business Transactions [C(97)123/FINAL];

Having regard to the Recommendation of the Council of 23 October 1997 concerning the Model Tax Convention on Income and Capital [C(97)195/FINAL] (hereinafter the Model Tax Convention);

Having regard to Article 13 of the Convention on Combating Bribery of Foreign Public Officials in International Business Transactions adopted by the Negotiating Conference on 21 November 1997 and entering into force on 15 February 1999;

Considering that most tax treaties signed by Member countries follow Article 26 of the Model Tax Convention in providing for co-operation between competent authorities of the Contracting States, in the form of exchanges of information;

Considering that Article 6 of the joint Council of Europe/OECD Convention on Mutual Administrative Assistance in Tax Matters, which came into force on 1 April 1995, expressly provides for automatic exchange of information;

Considering the need to improve the efficiency of automatic exchange of information between tax authorities:

I. RECOMMENDS that Member countries use the OECD Model Memorandum of Understanding on Automatic Exchange of Information for Tax Purposes in the appendix hereto, which is an integral part of this Recommendation, when they decide to conclude agreements on automatic exchange of information;

II. INSTRUCTS the Committee on Fiscal Affairs to monitor the use of the Model Memorandum of Understanding and to report back to the Council as appropriate.

1. While taking into account the fact that the Recommendation is addressed only to Member countries wishing to engage in automatic exchange, Luxembourg refers to its tax policy concerning exchange of information and consequently does not consider itself as bound by the present Recommendation. Switzerland has entered a reservation on Article 26 of the OECD Model Convention on Income and on Capital. This reservation applies to exchange of information independently of its form.
