ITEM 1 - ELECTION OF CHAIR AND VICE-CHAIR

1. The meeting was presided by the DAC Chair (Jean-Claude Faure). Members took note of the interest expressed by France, Denmark, Japan and the United States to propose candidates for the position of Chair of the newly created Working Party on Aid Effectiveness and Donor Practices. It was decided that further consultations would take place in order to achieve consensus on the nomination of a Chair before the DAC meets with the Chairs of its Subsidiary Bodies on 24 June 2003.1

2. The agenda was adopted.

3. Based on the draft text, Members reached agreement on the following mandate:

4. “The DAC Working Party on Aid Effectiveness and Donor Practices is set up in the context of the international consensus reached at Monterrey on the actions needed to promote a global partnership for development and accelerate progress towards the Millennium Development Goals. For DAC Members, this entails improving the management, delivery and complementarity of development co-operation activities to ensure the highest development impact. As part of its mandate, the Working Party will engage in: assessing and supporting the harmonisation of donor practices and alignment with country-owned poverty reduction strategies and other development frameworks, systems and processes, including implications for the appropriate use of instruments and for allocations; follow-up on the issues of untying and procurement; and results measurement, monitoring and management.

5. The Working Party will focus on facilitating the implementation of agreed policies and good practices and assessing overall progress on the ground, on further exchange of good practice and on selective policy development. Country ownership and capacity development will be fundamental considerations in its work.

6. The Working Party will involve partner countries in its work and collaborate with a range of development organisations beyond the permanent DAC Observers (World Bank, IMF and UNDP) including the Regional Development Banks and the SPA (Strategic Partnership with Africa). There will be

broad interaction with other DAC bodies, especially with the DAC Network on Development Evaluation whose Chair is an ex-officio member of the Working Party. The Working Party should propose task force approaches as appropriate in responding to particular DAC tasking and/or decide to use informal task teams as a working method.”

**ITEM 4 – DISCUSSION OF THE MAIN AREAS OF WORK AND RELATED MODALITIES**
[DCD/DAC/EFF(2003)1]

7. Following discussion of the overall work programme and suggestions on modalities for implementing it, the Working Party proposed to organise its work as follows:

I. **Task Team on the harmonisation and alignment of donor practices**

8. The focus will be on implementing the Rome Agenda on harmonisation and on alignment with partner country priorities, including poverty reduction strategies (PRS) and similar approaches. The MDBs, the UN system, the IMF, SPA and a panel of partner countries will participate in the Task Team.

9. The work of the Task Team will include the following:
   - Support the dissemination of TFDP good practice papers within an effective implementation and communications strategy for the Rome Agenda.
   - Agree on a framework of indicators on harmonisation and develop indicators on the alignment of aid practices.
   - Assess, facilitate and support overall progress on partner country action plans and donor action plans on harmonisation and alignment with PRS and other country-owned development frameworks, systems and processes; alignment includes the appropriate use of instruments.
   - Prepare a harmonisation/alignment module to be introduced in Peer Reviews; initiate selective horizontal review(s) on harmonisation/alignment progress and issues.
   - Work towards a formal DAC Recommendation on harmonisation and alignment of donor policies and practices.
   - Explore undertaking additional work, such as a good practice paper to extend work to date on alignment.
