BIBLIOGRAPHY OF EXISTING ICCP WORK ON BROADBAND DEVELOPMENT

OECD work on Broadband development includes the following publications and documents:

- Seizing the Benefits of ICT in a Digital Economy: Meeting of the OECD Council at a Ministerial Level (2003).
- Broadband and Telephony Services over Cable Television Networks [DSTI/ICCP/TISP(2003)1/REV1].
- Public Sector Broadband Procurement [DSTI/ICCP/IE(2003)3].
- Policies for Broadband Development: Recent OECD Work on Broadband [DSTI/ICCP(2003)3].
OECD work in the areas of trust and security includes the following act by the Council:

- Ministerial Declarations on the Protection of Privacy in Global Networks, on Consumer Protection in the Context of Electronic Commerce and on Authentication for Electronic Commerce adopted in Ottawa in 1998 [C(98)177, Annexes 1 to 3].
