European Commission support to initiatives aiming at enhancing transparency and citizen participation
Jean Coadou (EC)

A 2008 Eurobarometre survey has shown that 25% only of EU citizens consider that they are well informed on radioactive waste, and 56% would like to be directly consulted and participate in the decision-making process regarding disposal. The European Commission supports several initiatives aiming at increasing transparency and citizens' involvement in nuclear matters.

Secretariat, Jo-Ann Facella

The draft R&R report was sent on 13 August with a request for FSC input by 10 September. Once all comments are implemented, from the FSC and others, the draft report will serve as a discussion document for the Reims Conference. It will also be posted on the NEA R&R Project site (http://www.nea.fr/rwm/rr/)

All FSC members are invited to participate as individuals. Additionally, FSC official participation is welcome, e.g., in providing paper(s) and chairing one session.

14:20  **17. CONTRIBUTING TO THE ICGR-2011**  
FSC Chair, Secretariat

The RWMC is actively sponsoring the International Conference on
Geologic Repositories to be held in Japan, 2-5 October 2011, on the theme of “NATIONAL COMMITMENT, LOCAL AND REGIONAL CONFIDENCE”. The RWMC is requesting that the FSC helps by providing a text that the RWMC could discuss, elaborate further and adopt at its March 2011 meeting.

**18.a Flyers - General**

Members are asked to review the existing flyers before the meeting ([http://www.nea.fr/rwm/fsc](http://www.nea.fr/rwm/fsc)). In particular, they should evaluate the "identity" flyer. It was originally published in May 2008 and may need updating. Are members still happy with all the text in 2010? Which efforts should be devoted to generating new flyers? Which member institutions can “adopt” a published FSC report and produce the associated flyer?

**18.b 10-Year Flyer**

The draft 10-Year Flyer was sent out on 26 August for quick comments before its finalization in time for the 10-Year Anniversary Colloquium. The final draft will be presented.

**18.c Leveraged reports**

Are there transversal reports that members can submit that the FSC may augment and disseminate broadly (as we did with “Partnering”)?
