

Stine Carlé

E.ON Off Grid Solutions

Stine Carlé works at E.ON Off Grid Solutions, a company engaged in developing and operating mini-grid projects to provide high-quality grid-equivalent electricity access to communities and businesses in rural areas in Sub-Saharan Africa. Her focus is business development; analysing market development, assessing new markets, developing value added services as well as partnerships. She also leads marketing activities. She holds an M.Sc. in Environmental and Resource Management with a focus on on- and off-grid renewable energy solutions, sustainability, climate change, and energy access challenges.
