ABSTRACTS

Session 2: DATA AVAILABILITY AND MEASUREMENT OF FACTORS OF PRODUCTION (CAPITAL, LAND AND LABOUR)

Jennifer RIBARSKY, Valuation of agricultural land – Within the system of national accounts, Head of Section, National Accounts Division, Statistics Directorate, OECD

This presentation discusses the recent efforts of valuing land on a country’s balance sheet within the framework of the international standards of the System of National Accounts (SNA, 2008). There will be a special focus of how countries value agricultural land and what data are currently available.
