

# COMBATING TAX CRIME AND OTHER CRIMES IN THE FISHERIES SECTOR

OECD-FAO-UNODC Conference and Workshop  
13-14 October 2016, Paris

## UNDERSTAND CRIME IN THE FISHERIES SECTOR

Bringing together experts in combatting fisheries crimes from international organisations to map the diverse nature of crime in the sector.

## EXPLORE COUNTRY EXPERIENCES

Policy makers and country experts will share best practices and solutions in their fight against fisheries crimes.

## IMPROVE CO-OPERATION

Discover technical tools for gathering intelligence and enhancing co-operation among national agencies.

## CLOSE LOOPHOLES

Participants will identify priorities to remove legal and operational barriers for effective international co-operation in combating fisheries crimes.

## WORKSHOP - DETECT AND INVESTIGATE CRIME

During a half day workshop, participants will receive practical and operational training on the detection and investigation of tax and other crimes in the fisheries sector.
