Overview

General
The Common Reporting Standard (CRS) was developed by the Organisation for Economic Co-operation and Development (OECD) on the mandate of the G20. It is the global standard for the automatic exchange of financial account information for tax purposes. The CRS builds on the intergovernmental approach adopted by many jurisdictions for the implementation of the United States Foreign Account Tax Compliance Act (FATCA) and is designed to maximise efficiency and minimise costs.

Under the CRS, jurisdictions obtain specified financial account information from their Financial Institutions and automatically exchange that information with partner jurisdictions on an annual basis.

Core Documents
The standard consists of the following core elements that are relevant for Financial Institutions:

- The Common Reporting Standard that contains the due diligence and reporting rules for Financial Institutions.
- The Commentary on the CRS, which is an integral part of the CRS and is intended to illustrate or interpret its provisions.

The OECD has developed a comprehensive Automatic Exchange Portal that is the principal source for CRS materials and resources. In particular, Financial Institutions should consult the following resources which have been issued by the OECD as aids to applying the CRS:

- CRS Implementation Handbook
- CRS-related FAQs

The legal basis for jurisdictions to exchange information under the CRS is contained in
Multilateral or Bilateral Competent Authority Agreements (CAA). The most common instrument is the Multilateral Competent Authority Agreement (MCAA), to which the Cayman Islands is a party. The MCAA contains the rules on the modalities of the exchange between the Cayman Islands Competent Authority (the Tax Information Authority) and partner jurisdiction Competent Authorities. It also contains representations on confidentiality, safeguards and the existence of the necessary infrastructure for an effective exchange relationship.

**Domestic Law**

The CRS is implemented in the Cayman Islands through *The Tax Information Authority Law* (TIA Law) which provides for all forms of exchange of information for tax purposes. The detailed provisions of the CRS itself are in regulations made under the TIA Law and, in particular Schedule 1 of the CRS Regulations which incorporates the “wider approach” and options under the CRS. The CRS Regulations are The Tax Information Authority (International Tax Compliance) (Common Reporting Standard) Regulations, 2015 and were published on 16 October 2015. The CRS Regulations came into force on 1 January 2016. A copy of the CRS Regulations and its Schedules are available at Appendix 1.

**Purpose of these Guidance Notes**

As the CRS is a global standard, the OECD has developed extensive and comprehensive materials for the consistent application and interpretation of the Standard by all jurisdictions. These guidance notes are therefore limited to providing guidance on aspects of the CRS that are particular to Cayman. The guidance notes are not intended to replicate the information in the aforementioned OECD documents, which form the core of the Standard and its interpretation.

A Financial Institution must apply the Cayman CRS Regulations in force at the time, with reference to any OECD explanatory materials for the Common Reporting Standard and the Cayman CRS Guidance Notes.
Financial Institutions are encouraged to seek professional advice if they are unsure of their obligations under the CRS framework.

**The Cayman Islands Competent Authority**

The Cayman Islands Competent Authority is the Tax Information Authority (TIA) who is designated by law as the Minister with responsibility for Financial Services, or his delegate. The delegated functions of the TIA are carried out by the Director and staff of the Department for International Tax Cooperation (DITC) which is the government department responsible for the operation of all mechanisms for the exchange of information for tax purposes.

Financial Institutions will report the information required under the CRS to the TIA via the Cayman AEOI Portal, accessible at [www.ditc.gov.ky](http://www.ditc.gov.ky). The Competent Authority will then exchange information with partner jurisdictions that have satisfied the requisite confidentiality and data safeguards standards, and have the appropriate legal instruments and legislative frameworks in place.

**Notification and Reporting to the Tax Information Authority**

Notifications and reporting for the CRS will be conducted through the Cayman AEOI Portal, available at [www.ditc.gov.ky](http://www.ditc.gov.ky).

**Notification**

**The first notification due date for the CRS in the Cayman Islands is 30 April 2017.**

Under regulation 8 of the CRS Regulations, notifications for the CRS are due to the TIA by 30 April of the year following each reportable year. Notification is a one-off process and does not need to be repeated annually. Changes to Notification details must, however, be advised to the TIA via the Cayman AEOI Portal.
Reporting

The first reporting due date for the CRS in the Cayman Islands is 31 May 2017.
Under regulation 9 of the CRS Regulations, reporting for the CRS is due to the TIA by
31 May of the year following each reporting period. Reporting is an annual event.

The DITC will issue further updates in due course when the Portal will be available for
notifications and reporting for the CRS.

The Cayman reporting schema for the CRS will be the published CRS XML Schema
that is available on the OECD Automatic Exchange Portal.

A user guide will also be available to assist with the CRS notification and reporting
process through the Cayman AEOI Portal.

Key Dates under the CRS

The following are the effective dates for the implementation of the CRS in the Cayman
Islands:

- Pre-existing Accounts to be subjected to due diligence procedures are those in
  existence as at 31 December 2015
- New Accounts requiring self-certification by the customer are those opened on or
  after 1 January 2016
- The review of Pre-existing High Value Individual Accounts at 31 December 2015
  must be completed by 31 December 2016
- The first CRS reporting period ends on 31 December 2016
- Financial Institutions must complete their notifications to the TIA by 30 April 2017
  for the 2016 reporting year for CRS
- Financial Institutions must complete their reporting to the TIA by 31 May 2017 for
  the 2016 reporting year for CRS
- First exchanges of information by the TIA to partner jurisdictions will occur on or
  before 30 September 2017
• The review of Pre-existing Lower Value Individual Accounts at 31 December 2015 must be completed by 31 December 2017

**Participating Jurisdictions List**

"Participating Jurisdiction" is defined in the CRS. For the purposes of identifying Participating Jurisdictions, the OECD has provided guidance in the CRS Handbook. In line with the approach adopted by the Handbook at paragraph 31, the Cayman Islands will specify all committed jurisdictions as Participating Jurisdictions.

The Cayman Islands published a [CRS Participating Jurisdiction List](#) on 4 December 2015 by Gazette Notice. This list is available at Appendix 2.

In the event of changes to jurisdictions committed to implementation of the CRS, the list of Participating Jurisdictions will be amended accordingly by the TIA. The Authority will update the CRS Participating Jurisdiction List via a publication in the Gazette from time to time, and at least once every calendar year as required by regulation 5(3) of the CRS Regulations.

**Reportable Jurisdictions List**

Following the completion of formalities by jurisdictions which are party to the MCAA, or a bilateral CAA, and upon the satisfaction of confidentiality and legal requirements stipulated in the CRS and the relevant Competent Authority Agreements, a list of Reportable Jurisdictions will be issued by the Tax Information Authority prior to exchanges taking place.

**Confidentiality**

The Cayman Islands will not exchange information under the CRS until it is satisfied that a partner jurisdiction has in place adequate measures to ensure the required confidentiality and data safeguards are met. These confidentiality obligations are
evaluated by the Global Forum on Transparency and Exchange of Information for Tax Purposes through its implementation monitoring programme. Confidentiality and data safeguard questionnaires for all CRS jurisdictions (Annex 4 of the CRS) are filed with the OECD Co-ordinating Body Secretariat.

US FATCA

US FATCA was implemented in the Cayman Islands in accordance with the Cayman/USA intergovernmental agreement signed in November 2013, and the Tax Information Authority (International Tax Compliance) (United States of America) Regulations published in July 2014, as subsequently amended.

The United States is a non-participating jurisdiction for CRS purposes. The United States has indicated that it will continue to undertake automatic information exchanges pursuant to its FATCA intergovernmental agreements. The US FATCA legislative framework in Cayman will therefore continue to operate as normal, in parallel with the CRS regime.

UK Intergovernmental Agreement “CDOT” – Transition to the CRS

“UK FATCA” or “CDOT” was implemented in the Cayman Islands in accordance with the Cayman/UK intergovernmental agreement (IGA) signed in November 2013, and the Tax Information Authority (International Tax Compliance) (United Kingdom) Regulations published in July 2014, as subsequently amended.

The CDOT arrangement will transition to the CRS by 2017. The below contains extracts from a Note by Her Majesty’s Revenue & Customs (HMRC) detailing the transition from the IGAs to the CRS:

“Overview

Reporting under the Crown Dependency and Overseas Territories (CDOT) arrangement will begin in 2016 for the years 2014 and 2015. In 2017 the UK and all of the Crown
Dependencies and Overseas Territories will adopt the CRS.

There are items that would be reportable under the CDOT arrangement for 2017 which are not within the CRS, and terms within the CRS which would lead to more reporting than under the CDOT arrangement.

**Summary**

The aim is to ensure that, while there is overlap in the period covered by the IGAs and the CRS, there is no need for duplicate reporting.

The rule to follow will be that wherever the IGA or the CRS requires more reporting in the transition year of 2017, then the “more” should be reported.

**Example**

- In 2017 the CRS does not require reporting of lower value pre-existing individual accounts and pre-existing entity accounts unless identified. The due diligence processes to identify these can run until 31 December 2017; the due diligence required by the IGA for these accounts will have been completed, consequently all CDOT reportable lower-value pre-existing accounts will need to be reported in 2017.

- What should be reported in respect of low value accounts in 2017 is therefore what is required under the IGA since that is “more”; where the accounts would be reportable under both regimes the report under the IGA will satisfy the requirement to report under the CRS.

The practical effect of this proposal is that for 2016, reporting is done under the IGA requirements. For 2017, there is a mix under IGA and CRS requirements. Then, from 2018 onwards it is just the requirements of the CRS that apply.

However, at no time will there be a need to report the same thing twice. Where reportable accounts have been identified and reported under the IGA, they will be
deemed to have been identified and reported for the purposes of the CRS.

It is worth noting that the CRS schema can be used for 2017 onwards, which should help with this approach.

**Detailed background**

*Reporting under the CDOT IGAs begins in 2016.* The report made in 2016 will be in respect of both of the years 2014 and 2015, with different due diligence for pre-existing accounts (and hence different accounts and details from accounts) applying to each year. Reporting in 2017 for the 2016 calendar year will then add the final details.

The first report in 2016 under the CDOT IGAs will include:

- All new accounts opened after 1 July 2014; and
- Pre-existing high value individuals’ accounts as the due diligence for such accounts must have been completed by 30 June 2015 (as set out in Article 3 and Annex 1 to the IGA).
- Those pre-existing lower value individual accounts and pre-existing entity accounts that have been identified as reportable in 2014 or 2015.

Once identified as reportable accounts, these accounts continue to be reported annually thereafter, subject to account closure or a change of circumstance making them nonreportable.

For the remaining pre-existing accounts the due diligence procedures must be completed by 30 June 2016 in preparation for first reporting in 2017.

*Reporting under the CRS begins in 2017.* Reports made under the CRS in 2017 will include:

- All new accounts opened on or after 1 January 2016;
- Pre-existing high value individuals’ accounts in existence at 31 December 2015 that have not been previously identified as reportable accounts under the CDOT
IGAs; and

- Any other reportable accounts that are identified as reportable in 2016, including closed accounts which were open at the end of 2015.

The transition in 2016, 2017, and 2018

Your due diligence processes as Financial Institutions in 2016 may be under both the IGAs and the CRS as the due diligence procedures under the IGAs do not need to be fully completed until 30 June 2016 while the CRS procedures commence on 1 January 2016.

2017 is the year where there is overlap between reporting under the IGA and the CRS.

From 2018 onwards, reporting is purely under the CRS.

For 2017, as set out above, what we propose should be reported is the maximum of what is required by the CRS or the IGA for that year.

In concrete terms this means that the accounts which need to be reported in 2017 in addition to what is required under the IGA are those accounts identified as reportable under the CRS but not reportable under the IGA. These will include, for example, accounts where a de minimis election has been made to exclude accounts from review, identification and reporting under the IGA.

All accounts identified as reportable by 31 December 2016 must be reported in 2017 irrespective of the regime under which they were identified.”

Strictly speaking, due diligence needs to be carried out using both the UK IGA definitions of Specified Persons and the CRS definition of Reportable Person during the transition period, which in some circumstances may give different results. However, the TIA will allow Financial Institutions to rely on CRS due diligence procedures for new accounts opened on or after 1 January 2016 to identify Specified Persons for the
purposes of reporting under the UK IGA and CRS Reportable Persons.

As a result of the transition of the CDOT regime to the CRS, it is anticipated that the UK IGA, regulations and Guidance Notes will be phased out in Cayman by 2017.

It is important to note that the CRS does not provide for special arrangements, such as the Alternative Reporting Regime (ARR) that was available under Annex III of the UK IGA. As a result of the adoption of the CRS from 1 January 2016, reporting of all reportable UK accounts, including all UK non-domiciled account holders will be required in 2017. The ARR will therefore be available for 2014 and 2015 reporting periods only.
**Guidance on Technical Issues**

There are areas where the CRS provides optional approaches for jurisdictions to adopt the ones most suited to their circumstances. For further detail on these CRS implementation options, please refer to pages 12 – 17 of the CRS Implementation Handbook.

The table below outlines these 16 implementation options and how they have been incorporated into the Cayman Islands CRS legislative framework. Some of these implementation options are also further elaborated upon in the Guidance Notes below.

**Nil returns**

Under regulation 9(2) of the CRS Regulations, the filing of nil returns is non-mandatory. However, Financial Institutions may choose to submit nil returns via the Cayman AEOI Portal at their own option. Financial Institutions with no reportable accounts will still need to complete the notification requirement via the Cayman AEOI Portal.

**Third party service providers**

Under regulation 11 of the CRS Regulations, Financial Institutions may rely on a third party service provider to fulfill due diligence and reporting obligations under the CRS Regulations. However, the Financial Institution remains ultimately responsible for
fulfilling these obligations and any failures on the part of the service provider are imputed to the Financial Institution.

Threshold Exemption

The CRS Regulations allow Financial Institutions to apply a threshold exemption for the review, identification and reporting of Pre-existing Entity Accounts. This can be found in Schedule 1 (Section V paragraph A) of the CRS Regulations.

For Financial Institutions applying the threshold exemption, accounts with a balance or value not exceeding $250,000 at 31 December 2015 do not need to be reviewed, identified or reported until the account balance exceeds $250,000 at 31 December of a subsequent calendar year. Financial Institutions applying the threshold exemption must keep an internal record of the application of the exemption as part of the policies and procedures which they are required to have in place in accordance with the CRS Regulations.

Due Diligence Modifications

Under the CRS Regulations, Financial Institutions may choose to apply modified due diligence rules. This includes:

- Applying the due diligence procedures for New Accounts to Pre-existing Accounts; and
- Applying the due diligence procedures for High Value Accounts to Lower Value Accounts.

These options have been included in Schedule 1 (Section II paragraph E) of the CRS Regulations.

Residence Address Test for Lower Value Accounts

In respect of Lower Value Accounts only, the CRS Regulations permit Financial Institutions to determine an Account Holder’s residence based on the residence address
provided by the account holder so long as the address is current and based on Documentary Evidence. This can be found at Schedule 1 [Section III paragraph B(1)] of the CRS Regulations. The residence address test may apply to Pre-existing Lower Value Accounts held by Individual Account Holders.

This test is an alternative to the electronic indicia search for establishing residence. If the residence address test cannot be applied, because, for example, the only address on file is an “in care of” address, the Financial Institution must perform the electronic indicia search.

**Group Cash Value Insurance Contracts or Group Annuity Contracts**

Under the CRS Regulations, a Financial Institution may treat an account that is a Group Cash Value Insurance Contract or a Group Annuity Contract, as a non-reportable account until the date on which an amount is payable to an employee/certificate holder or beneficiary, if the Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract meets the following requirements:

- The Group Cash Value Insurance Contract or Group Annuity Contract is issued to an employer and covers 25 or more employees/certificate holders;
- The employees/certificate holders are entitled to receive any contract value related to their interests and to name beneficiaries for the benefit payable upon the employee’s death; and
- The aggregate amount payable to any employee/certificate holder or beneficiary does not exceed $1,000,000.

Please refer to Schedule 1 (Section VII paragraph B) of the CRS Regulations.

**Currency Translation**

All amounts in the CRS are stated in US dollars. The CRS Regulations permit Financial Institutions to convert the threshold limits into the currency in which accounts are
denominated before applying a threshold amount under the CRS. This allows a multinational Financial Institution to apply the amounts in the same currency in all jurisdictions in which they operate. For example, a lower value account is an account with an aggregate account balance or value of less than $1 million, and this threshold amount may be converted to the relevant currency for the Financial Institution by reference to the spot rate of exchange on the date for which the Reporting Financial Institution is determining that threshold amount.

Please refer to regulation 4(2) and Schedule 1 (Section VII paragraph C) of the CRS Regulations for further details on the currency translation and account balance aggregation rules.

**Expanded Definitions**

The CRS Regulations have incorporated the expanded definitions that are available under the CRS. This includes expanded definitions for:

- *Pre-existing Accounts* (please refer to Section VIII paragraph C(9) in Schedule 1 of the CRS Regulations for the full definition); and
- *Expanded Related Entities* (please refer to Section VIII paragraph E(4) in Schedule 1 of the CRS Regulations for the full definition).

**Controlling Persons of a Trust**

A Controlling Person is defined in the CRS to mean the natural persons who exercise control over an entity. In the case of a trust, such term means –

- the settlor(s);
- the trustee(s);
- the protector(s) (if any);
- the beneficiary(ies) or classes of beneficiary(ies); and
- any other natural person(s) exercising ultimate effective control over the trust.
In accordance with the option available under the CRS with respect to trusts that are Passive NFEs (nonfinancial entities), Financial Institutions may align the scope of beneficiaries of a trust treated as Controlling Persons with the scope of beneficiaries treated as Reportable Persons where the trust itself is a Financial Institution. Therefore, Financial Institutions would only need to report discretionary beneficiaries for the reporting period in which they receive a distribution from the trust.

For a Financial Institution to apply this option, the Financial Institution must ensure that they have appropriate procedures in place to identify whether a distribution is made by the trust to a discretionary beneficiary in the reporting period.

Where no such procedures are in place to identify distributions to discretionary beneficiaries, the Financial Institution must continue to treat the discretionary beneficiary as a Controlling Person and report accordingly if that person is a Reportable Person.

**Financial Accounts of Investment Managers and Advisers**

Financial Institutions that are not maintaining any financial accounts have no reporting responsibilities. Entities which provide investment advisory or management services that meet the “solely because” test in the definition of Financial Account in Schedule 1 [Section VIII paragraph C(1)] of the CRS Regulations will be regarded as not having any financial accounts, and therefore will not have any reporting obligations.

**Template CRS Self-certification Forms**

The Joint Ministry for Financial Services/Industry Working Group assisting with FATCA and CRS implementation has developed template self-certification forms for CRS purposes. These were circulated by the Ministry on 8 December 2015. The Authority is satisfied that these forms may be used for the purposes of the Common Reporting Standard, US and UK FATCA compliance. Cayman Islands Financial Institutions may use these forms as a basis for self-certification and adapt or modify them as
necessary to suit their own usage.

The template entity and individual self-certification forms are available at Appendix 3, and can also be downloaded from the DITC CRS Legislation and Resources webpage.

The Business and Industry Advisory Committee to the OECD have also drafted template self-certification forms, and these can be accessed via the OECD Automatic Exchange Portal.

Self-certifications should be obtained and validated as part of a Financial Institution's account opening procedures. Where it is not possible to obtain a self-certification on 'day one' of the account opening process, one should be obtained and validated as soon as practicable, and in any event, no later than 90 days after the account has been opened. Failure to obtain a self-certification within 90 days will result in the account being reported as undocumented. Financial Institutions with a disproportionate number of undocumented accounts may be subject to compliance reviews by the DITC.

Non-Participating Jurisdiction Investment Entities

In accordance with Schedule 1 [Section VIII paragraph D(8)] of the CRS Regulations, Cayman Islands Financial Institutions are required to treat 'managed' Investment Entities, (or branches thereof) that are resident in (or located in) any Non-Participating Jurisdiction, as Passive NFEs and therefore report on the Controlling Persons of such entities that are Reportable Persons as defined in Schedule 1 [Section VIII paragraph D(2)] of the CRS Regulations.

'Managed’ Investment Entities are those that meet the definition of an Investment Entity as per the Schedule 1 [Section VIII paragraph A(6)(b)] of the CRS Regulations.

A copy of the Participating Jurisdiction list can be found at Appendix 2 of these
Guidance Notes. Any Jurisdiction that is not listed as a Participating Jurisdiction is therefore a Non-Participating Jurisdiction.

**Determination of CRS Status of Entities**

The CRS commentary provides that an Entity’s status as a Financial Institution or nonfinancial entity (NFE) should be resolved under the laws of the participating jurisdiction in which the Entity is resident. If an Entity is resident in a Non-Participating Jurisdiction, the rules of the jurisdiction in which the account is maintained determine the Entity’s status as a Financial Institution or NFE since there are no other rules available.

Therefore, when determining an Entity’s status as an active or passive NFE, the rules of the jurisdiction in which the account is maintained determine the Entity’s status. For example, a Financial Institution resident in a Non-Participating Jurisdiction with accounts maintained in the Cayman Islands may apply the active NFE definition in Schedule 1 [Section VIII paragraph D(9)] of the CRS Regulations.

**Non-Reporting Financial Institutions**

The rules regarding Non-Reporting Financial Institutions are in Schedule 1 (Section VIII paragraph B) of the CRS Regulations. The following Guidance relates to two types of Non-Reporting Financial Institutions under the CRS Regulations.

**Retirement and Pension Funds**

Pension funds that meet the definitions of Broad Participation Retirement Fund or Narrow Participation Retirement Fund under Section VIII paragraph B will be Non-Reporting Financial Institutions under the CRS.

For the purpose of the CRS Regulations, retirement funds are ‘subject to government regulation’ if they are registered with the Cayman Islands National Pensions Office.
Pension funds availing themselves of the Non-Reporting Financial Institution Broad and Narrow Participation Retirement Fund definitions must submit an annual declaration to the Authority in order to satisfy the requirements under the CRS. A template declaration form will be made available by the TIA prior to the first reporting period.

Pension funds managed and administered by the Public Service Pensions Boards are Non-Reporting Financial Institutions as Pension Funds of a Governmental Entity.

**Limited Life Debt Investment Entities**

The Tax Information Authority has designated Limited Life Debt Investment Entities in existence on or before 17 January 2013 to be Low-risk Non-Reporting Financial Institutions for the purposes of the CRS in the Cayman Islands. The [Gazette Notice](#) for CRS Non-Reporting Financial Institutions was published on 4 December 2015.

For the purposes of this designation, Limited Life Debt Investment Entities are defined as follows:

*This definition is applicable where a Financial Institution is the beneficial owner of a payment, or payments, made with respect to an account, and the Financial Institution meets the following requirements:*

a) *The Financial Institution is an investment entity that issued one or more classes of debt or equity interests to investors pursuant to a trust indenture, trust deed or similar agreement and all of such interests were issued on or before 17 January 2013 and such instruments are in registered and not bearer form;*

b) *The Financial Institution was in existence as of 17 January 2013, and has entered into a trust indenture, trust deed or similar agreement that requires the Financial Institution to pay to investors holding substantially all of the interests in the Financial Institution, no later than a set date or period following the maturity of the last asset held by the Financial Institution, all amounts that such investors are entitled to receive from the Financial Institution;*
c) The Financial Institution was formed and operated for the purpose of purchasing or acquiring specific types of debt instruments or interests therein and holding those assets subject to reinvestment only under prescribed circumstances to maturity; and

d) Substantially all of the assets of the Financial Institution consist of debt instruments or interests therein.

The term "substantially all" means 80% or more of all the assets by value.

The term "debt instruments" includes notes, bonds, loans, promissory notes, certificates of deposit, loan stock, debentures and any other instrument creating or acknowledging indebtedness. Cash held by the Financial Institution should also be treated as being a debt instrument for this purpose.

The term "interests therein" includes (a) equity interests in wholly owned subsidiaries that own debt instruments; (b) any equity interests in an entity which invests substantially all of its assets in debt instruments such as a money market fund; (c) credit default or total return swaps which reference debt instruments.

A Financial Institution should apply this test when the proceeds of the debt or equity interests issued to investors have been fully invested and not during any ramp up or winding down period.

e) All payments made to the investors of the Financial Institution (other than holders of a de minimis interest) are either cleared through a clearing organization or custodial institution that is a Participating Jurisdiction Financial Institution, Reporting Financial Institution or made through a transfer agent that is a Participating Jurisdiction Financial Institution or Reporting Financial Institution;

f) The Financial Institution’s trustee or fiduciary is not authorised under the
applicable trust indenture, trust deed or similar agreement through a fiduciary
duty or otherwise to fulfil the obligations of a Participating Jurisdiction Financial
Institution under the Regulations and no other person under that agreement has
the authority to fulfil the obligations of a Participating Jurisdiction Financial
Institution under the Regulations on behalf of the Financial Institution.

The reference to the Financial Institution’s fiduciary does not include the Financial
Institution’s board of directors or, in the case of an exempted limited partnership, the
general partner.

Where a Financial Institution has issued all of its debt or equity interests to investors on
or before 1 March 2010, the requirement in (f) will be deemed to have been met.

For Financial Institutions which have issued debt or equity interests to investors after 1
March 2010 – in determining whether or not the Financial Institution’s trustee or
fiduciary is authorised as contemplated by (f), the ability of the Financial Institution
and/or the trustee or fiduciary to make amendments to the trust indenture, trust deed or
similar agreement to give the trustee or fiduciary the necessary authority without
investor consent shall be treated as the trustee or fiduciary being so authorised for the
purposes of (f).

Any wholly owned subsidiary formed by a Financial Institution that meets the above-
mentioned criteria for the purpose of holding assets for the benefit of the Financial
Institution shall also be deemed to be a Limited Life Debt Investment Entity for these
purposes.

Excluded Accounts
The CRS Regulations provide that dormant accounts with a balance that does not
exceed US$1,000 are Low-risk Excluded Accounts for the purposes of the CRS. Please
refer to Schedule 2 of the CRS Regulations for further information in relation to
excluded accounts.

2. (1) In these Regulations -

“Authority” means the Tax Information Authority designated under section 4 of the Law, or a person designated by the Authority to act on behalf of the Authority;

“Common Reporting Standard” means the standard for automatic exchange of financial account information developed by the Organisation for Economic Co-Operation and Development as amended from time to time by the Organisation for Economic Co-operation and Development, set out in Schedule 1;

“Organisation for Economic Co-Operation and Development” means the Organisation for Economic Co-Operation and Development which was established by the Convention on the Organisation for Economic Co-operation and Development signed in Paris on 14th December, 1960; and

(2) In these Regulations a word or expression used in these Regulations and defined in the Common Reporting Standard but not in these Regulations has the meaning assigned to it in the Common Reporting Standard.

3. An account listed as an Excluded Account in Schedule 2 is not a Reportable Account for the purposes of these Regulations.

4. (1) A Reporting Financial Institution shall treat an account balance with a negative value as having a nil value.

    (2) If, when a Reporting Financial Institution is applying the Common Reporting Standard, the balance or value of an account is denominated in a currency other than US dollars, a Reporting Financial Institution shall translate a relevant US dollar threshold amount into the other currency by reference to the spot rate of exchange on the date for which the Reporting Financial Institution is determining that threshold amount.

5. (1) For the purposes of these Regulations the Common Reporting Standard commentary, which is any explanatory material made and published by the Organisation for Economic Co-Operation and Development for the purpose of assisting with the interpretation of the Common Reporting Standard, is an integral part of the Common Reporting Standard and accordingly applies for the purposes of the automatic exchange of financial account information under a relevant scheduled Agreement.

    (2) The Authority may issue guidance notes to aid compliance with these Regulations.

    (3) The Authority shall at least once every calendar year publish by Notice in the Gazette a list of Participating Jurisdictions for the purposes of the Common Reporting Standard.

**PART 2 - APPLICATION OF THE COMMON REPORTING STANDARD**

6. For the purposes of the automatic exchange of financial account information under a relevant scheduled Agreement the Common Reporting Standard comes into force in the Islands on 1st January, 2016.

7. (1) A Reporting Financial Institution shall establish policies and maintain procedures designed to identify Reportable Accounts.
(2) The policies and procedures established under paragraph (1) shall -

(b) apply the due diligence procedures set out in the Common Reporting Standard; and
(c) ensure that any information obtained in accordance with these Regulations or a record of the steps taken to comply with these Regulations in respect of a Financial Account is kept for six years from the end of the year to which the information relates or during which the steps were taken.

8. (1) A Reporting Financial Institution that has reporting obligations under these Regulations shall notify the Authority of that fact.

(2) When notifying the Authority pursuant to paragraph (1) the Reporting Financial Institution shall provide to the Authority -
(a) the name of the Reporting Financial Institution;
(b) the categorization of the Reporting Financial Institution as determined in accordance with the Common Reporting Standard; and
(c) the full name, address, designation and contact details of the individual authorized by the Reporting Financial Institution to be the Reporting Financial Institution’s principal point of contact for all purposes of compliance with these Regulations and the Common Reporting Standard.

(3) A Reporting Financial Institution shall provide the notification required pursuant to paragraph (1) and the information required pursuant to paragraph (2) no later than 30th April in the first calendar year in which the Reporting Financial Institution is required to comply with reporting obligations under these Regulations.

(4) A Reporting Financial Institution shall satisfy the requirements of paragraph (3) electronically in a form specified by the Authority.

(5) A Reporting Financial Institution shall notify the Authority immediately of any change to the information provided under paragraph (2).

9. (1) A Reporting Financial Institution shall, in respect of the Reporting Financial Institution’s first reporting year and each subsequent calendar year,
make a return setting out the information required to be reported under the Common Reporting Standard in respect of each Reportable Account maintained by the Reporting Financial Institution at any time during that year.

(2) Notwithstanding paragraph (1), if during the calendar year in question the Reporting Financial Institution maintains no Reportable Accounts, the Reporting Financial Institution is not required to file a return but may, at the Reporting Financial Institution’s own option, do so in accordance with these Regulations.

(3) The first reporting year for the purposes of the Common Reporting Standard is the calendar year 2016.

(4) A Reporting Financial Institution shall make a return on or before 31st May of the year following the calendar year to which the return relates.

(5) For the purposes of the information required to be reported under a relevant scheduled Agreement -

(a) a reference to the balance or value of an account includes a nil balance or value; and

(b) a reference to paying an amount includes crediting an amount.

10. (1) A Reporting Financial Institution shall make the return that is required to be made pursuant to regulation 9 electronically using a form and in a manner specified by the Authority that incorporates an electronic validation process.

(2) Where a Reporting Financial Institution purports to comply with the requirements of paragraph (1) in a manner otherwise than that provided, the Reporting Financial Institution is deemed not to have complied with the requirements of paragraph (1) and the Authority shall treat the Reporting Financial Institution as not having complied with the requirement to make a return pursuant to regulation 9.

(3) The Authority shall assume unless the contrary is proved that -

(a) the use of the electronic return system specified by the Authority resulted in a return having been made if the return was recorded by the electronic validation process of the system;

(b) the return was made at the time recorded by the electronic validation process; and
(c) the person who made the return is the person identified as doing so by the electronic return system.

(4) The Authority shall assume that a return made on behalf of a Reporting Financial Institution was made by the Reporting Financial Institution, unless the Reporting Financial Institution proves that the return was made without the Reporting Financial Institution’s authority.

11. (1) A Reporting Financial Institution may appoint a person as the Reporting Financial Institution’s agent to carry out the duties and obligations imposed on the Reporting Financial Institution by these Regulations.

(2) If a Reporting Financial Institution makes an appointment under paragraph (1), the Reporting Financial Institution shall ensure that the Reporting Financial Institution continues to have access to and is able to produce to the Authority records and documentary evidence used to identify and report on Reportable Accounts.

(3) The Reporting Financial Institution is responsible for any failure of the person appointed under paragraph (1) to satisfy the Reporting Financial Institution’s obligations under these Regulations.

PART 3 - COMPLIANCE

12. (1) The Authority may require a Reporting Financial Institution -

(a) within a time specified by the Authority, to provide to the Authority information, including a copy of a relevant book, document or other record, or of electronically stored information; or

(b) at a time specified by the Authority, to make available to the Authority for inspection, a book, document or other record, or any electronically stored information,

that is in the Reporting Financial Institution’s possession or under the Reporting Financial Institution’s control which the Authority reasonably requires to determine if information submitted to the Authority under these Regulations was correct and complete.

(2) If information the Authority wants or wants to inspect, is outside the Islands and the Authority requires the Reporting Financial Institution to bring the information to the Islands, the Authority shall specify a time that will enable the Reporting Financial Institution to bring the information to the Islands and the Reporting Financial Institution shall comply with the requirement of the Authority.
(3) A Reporting Financial Institution shall retain for six years a book, document or other record, including any information stored by electronic means, that relates to the information required to be reported to the Authority under these Regulations.

13. If a person enters into any arrangement, the main purpose or one of the main purposes of which is to avoid any obligation under these Regulations, the arrangement is deemed not to have been entered into by the person and these Regulations are to have effect as if the arrangement had never been in existence.

SCHEDULE 1

COMMON STANDARD ON REPORTING AND DUE DILIGENCE FOR FINANCIAL ACCOUNT INFORMATION

Section I: General Reporting Requirements

A. Subject to paragraphs C through E, each Reporting Financial Institution must report the following information with respect to each Reportable Account of such Reporting Financial Institution:

1. the name, address, jurisdiction(s) of residence, TIN(s) and date and place of birth (in the case of an individual) of each Reportable Person that is an Account Holder of the account and, in the case of any Entity that is an Account Holder and that, after application of the due diligence procedures consistent with Sections V, VI and VII, is identified as having one or more Controlling Persons that is a Reportable Person, the name, address, jurisdiction(s) of residence and TIN(s) of the Entity and the name, address, jurisdiction(s) of residence, TIN(s) and date and place of birth of each Reportable Person;

2. the account number (or functional equivalent in the absence of an account number);

3. the name and identifying number (if any) of the Reporting Financial Institution;

4. the account balance or value (including, in the case of a Cash Value Insurance Contract or Annuity Contract, the CashValue or surrender value) as of the end of the relevant calendar year or other appropriate reporting period or, if the account was closed during such year or
period, the closure of the account;

5. in the case of any Custodial Account:

   a) the total gross amount of interest, the total gross amount of
      dividends, and the total gross amount of other income generated
      with respect to the assets held in the account, in each case paid or
      credited to the account (or with respect to the account) during the
      calendar year or other appropriate reporting period; and

   b) the total gross proceeds from the sale or redemption of Financial
      Assets paid or credited to the account during the calendar year or
      other appropriate reporting period with respect to which the
      Reporting Financial Institution acted as a custodian, broker,
      nominee, or otherwise as an agent for the Account Holder;

6. in the case of any Depository Account, the total gross amount of interest
   paid or credited to the account during the calendar year or other
   appropriate reporting period; and

7. in the case of any account not described in subparagraph A (5) or (6), the
   total gross amount paid or credited to the Account Holder with respect to
   the account during the calendar year or other appropriate reporting
   period with respect to which the Reporting Financial Institution is the
   obligor or debtor, including the aggregate amount of any redemption
   payments made to the Account Holder during the calendar year or other
   appropriate reporting period.

B. The information reported must identify the currency in which each amount is
   denominated.

C. Notwithstanding subparagraph A(1), with respect to each Reportable
   Account that is a Preexisting Account or with respect to each Financial
   Account that is opened prior to becoming a Reportable Account, the TIN(s)
   or date of birth is not required to be reported if such TIN(s) or date of birth is
   not in the records of the Reporting Financial Institution and is not otherwise
   required to be collected by such Reporting Financial Institution under
   domestic law. However, a Reporting Financial Institution is required to use
   reasonable efforts to obtain the TIN(s) and date of birth with respect to
   Preexisting Accounts by the end of the second calendar year following the
   year in which such Accounts were identified as Reportable Accounts.

D. Notwithstanding subparagraph A(1), the TIN is not required to be reported if
   (i) a TIN is not issued by the relevant Reportable Jurisdiction or (ii) the
domestic law of the relevant Reportable Jurisdiction does not require the collection of the TIN issued by such Reportable Jurisdiction.

E. Notwithstanding subparagraph A(1), the place of birth is not required to be reported unless the Reporting Financial Institution is otherwise required to obtain and report it under domestic law and it is available in the electronically searchable data maintained by the Reporting Financial Institution.

Section II: General Due Diligence Requirements

A. An account is treated as a Reportable Account beginning as of the date it is identified as such pursuant to the due diligence procedures in Sections II through VII and, unless otherwise provided, information with respect to a Reportable Account must be reported annually in the calendar year following the year to which the information relates.

B. A Reporting Financial Institution, which pursuant to the procedures described in Sections II through VII, identifies any account as a Foreign Account that is not a Reportable Account at the time the due diligence is performed, may rely on the outcome of such procedures to comply with future reporting obligations.

C. The balance or value of an account is determined as of the last day of the calendar year or other appropriate reporting period.

D. Where a balance or value threshold is to be determined as of the last day of a calendar year, the relevant balance or value must be determined as of the last day of the reporting period that ends with or within that calendar year.

E. Reporting Financial Institutions may apply the due diligence procedures for New Accounts to Preexisting Accounts, and the due diligence procedures for High Value Accounts to Lower Value Accounts. Where New Account due diligence procedures are used for Preexisting Accounts, the rules otherwise applicable to Preexisting Accounts continue to apply.

Section III: Due Diligence for Preexisting Individual Accounts

The following procedures apply with respect to Preexisting Individual Accounts.

A. Accounts Not Required to be Reviewed, Identified, or Reported.

A Preexisting Individual Account that is a Cash Value Insurance Contract or an
Annuit Contract is not required to be reviewed, identified or reported, provided the Reporting Financial Institution is effectively prevented by law from selling such Contract to residents of a Reportable Jurisdiction.

B. Lower Value Accounts. The following procedures apply with respect to Lower Value Accounts.

1. **Residence Address.** If the Reporting Financial Institution has in its records a current residence address for the individual Account Holder based on Documentary Evidence, the Reporting Financial Institution may treat the individual Account Holder as being a resident for tax purposes of the jurisdiction in which the address is located for purposes of determining whether such individual Account Holder is a Reportable Person.

2. **Electronic Record Search.** If the Reporting Financial Institution does not rely on a current residence address for the individual Account Holder based on Documentary Evidence as set forth in subparagraph B(1), the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the following indicia and apply subparagraphs B(3) through (6):

   a) identification of the Account Holder as a resident of a Foreign Jurisdiction;

   b) current mailing or residence address (including a post office box) in a Foreign Jurisdiction;

   c) one or more telephone numbers in a Foreign Jurisdiction and no telephone number in the jurisdiction of the Reporting Financial Institution;

   d) standing instructions (other than with respect to a Depository Account) to transfer funds to an account maintained in a Foreign Jurisdiction;

   e) currently effective power of attorney or signatory authority granted to a person with an address in a Foreign Jurisdiction; or

   f) a “hold mail” instruction or “in-care-of” address in a Foreign Jurisdiction if the Reporting Financial Institution does not have any other address on file for the Account Holder.

3. If none of the indicia listed in subparagraph B(2) are discovered in the electronic search, then no further action is required until there is a change in circumstances that results in one or more indicia being associated with the account, or the account becomes a High Value Account.
The Tax Information Authority (International Tax Compliance) (Common Reporting Standard) Regulations, 2015

4. If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the electronic search, or if there is a change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Foreign Jurisdiction for which an indicium is identified, unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.

5. If a “hold mail” instruction or “in-care-of” address is discovered in the electronic search and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must, in the order most appropriate to the circumstances, apply the paper record search described in subparagraph C(2), or seek to obtain from the Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of such Account Holder. If the paper search fails to establish an indicium and the attempt to obtain the self-certification or Documentary Evidence is not successful, the Reporting Financial Institution must report the account as an undocumented account.

6. Notwithstanding a finding of indicia under subparagraph B(2), a Reporting Financial Institution is not required to treat an Account Holder as a resident of a Foreign Jurisdiction if:

   a) the Account Holder information contains a current mailing or residence address in the Foreign Jurisdiction, one or more telephone numbers in the Foreign Jurisdiction (and no telephone number in the jurisdiction of the Reporting Financial Institution) or standing instructions (with respect to Financial Accounts other than Depository Accounts) to transfer funds to an account maintained in a Foreign Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:

      i) A self-certification from the Account Holder of the jurisdiction(s) of residence of such Account Holder that does not include such Foreign Jurisdiction; and

      ii) Documentary evidence establishing the Account Holder’s residence for tax purposes other than such Foreign Jurisdiction.

12
b) the Account Holder information contains a currently effective power of attorney or signatory authority granted to a person with an address in a Foreign Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:

i) A self-certification from the Account Holder of the jurisdiction(s) of residence of such Account Holder that does not include such Foreign Jurisdiction; or

ii) Documentary evidence establishing the Account Holder’s residence for tax purposes other than such Foreign Jurisdiction.

C. Enhanced Review Procedures for High Value Accounts. The following enhanced review procedures apply with respect to High Value Accounts.

1. Electronic Record Search. With respect to High Value Accounts, the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the indicia described in subparagraph B(2).

2. Paper Record Search. If the Reporting Financial Institution’s electronically searchable databases include fields for, and capture all of the information described in, subparagraph C(3), then a further paper record search is not required. If the electronic databases do not capture all of this information, then with respect to a High Value Account, the Reporting Financial Institution must also review the current customer master file and, to the extent not contained in the current customer master file, the following documents associated with the account and obtained by the Reporting Financial Institution within the last five years for any of the indicia described in subparagraph B(2):

a) the most recent Documentary Evidence collected with respect to the account;

b) the most recent account opening contract or documentation;

c) the most recent documentation obtained by the Reporting Financial Institution pursuant to AML/KYC Procedures or for other regulatory purposes;

d) any power of attorney or signature authority forms currently in effect; and

e) any standing instructions (other than with respect to a Depository Account) to transfer funds currently in effect.
3. **Exception To The Extent Databases Contain Sufficient Information.** A Reporting Financial Institution is not required to perform the paper record search described in subparagraph C(2) to the extent the Reporting Financial Institution’s electronically searchable information includes the following:

   a) the Account Holder’s residence status;
   b) the Account Holder’s residence address and mailing address currently on file with the Reporting Financial Institution;
   c) the Account Holder’s telephone number(s) currently on file, if any, with the Reporting Financial Institution;
   d) in the case of Financial Accounts other than Depository Accounts, whether there are standing instructions to transfer funds in the account to another account (including an account at another branch of the Reporting Financial Institution or another Financial Institution);
   e) whether there is a current “in-care-of ” address or “hold mail” instruction for the Account Holder; and
   f) whether there is any power of attorney or signatory authority for the account.

4. **Relationship Manager Inquiry for Actual Knowledge.** In addition to the electronic and paper record searches described above, the Reporting Financial Institution must treat as a Reportable Account any High Value Account assigned to a relationship manager (including any Financial Accounts aggregated with that High Value Account) if the relationship manager has actual knowledge that the Account Holder is a Reportable Person.

5. **Effect of Finding Indicia.**

   a) If none of the indicia listed in subparagraph B(2) are discovered in the enhanced review of High Value Accounts described above, and the account is not identified as held by a resident for tax purposes in a Foreign Jurisdiction in subparagraph C(4), then further action is not required until there is a change in circumstances that results in one or more indicia being associated with the account.

   b) If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the enhanced review of High Value Accounts described above, or if there is a subsequent change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Foreign Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) and one
of the exceptions in such subparagraph applies with respect to that account.

c) If a “hold mail” instruction or “in-care-of” address is discovered in the enhanced review of High Value Accounts described above, and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must obtain from such Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of the Account Holder. If the Reporting Financial Institution cannot obtain such self-certification or Documentary Evidence, it must report the account as an undocumented account.

6. If a Preexisting Individual Account is not a High Value Account as of 31 December 2015, but becomes a High Value Account as of the last day of a subsequent calendar year, the Reporting Financial Institution must complete the enhanced review procedures described in paragraph C with respect to such account within the calendar year following the year in which the account becomes a High Value Account. If based on this review such account is identified as a Reportable Account, the Reporting Financial Institution must report the required information about such account with respect to the year in which it is identified as a Reportable Account and subsequent years on an annual basis, unless the Account Holder ceases to be a Reportable Person.

7. Once a Reporting Financial Institution applies the enhanced review procedures described in paragraph C to a High Value Account, the Reporting Financial Institution is not required to re-apply such procedures, other than the relationship manager inquiry described in subparagraph C(4), to the same High Value Account in any subsequent year unless the account is undocumented where the Reporting Financial Institution should re-apply them annually until such account ceases to be undocumented.

8. If there is a change of circumstances with respect to a High Value Account that results in one or more indicia described in subparagraph B(2) being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Foreign Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.

9. A Reporting Financial Institution must implement procedures to ensure that a relationship manager identifies any change in circumstances of an account. For example, if a relationship manager is notified that the Account Holder
has a new mailing address in a Foreign Jurisdiction, the Reporting Financial Institution is required to treat the new address as a change in circumstances and, if it elects to apply subparagraph B(6), is required to obtain the appropriate documentation from the Account Holder.

E. Any Preexisting Individual Account that has been identified as a Reportable Account under this Section must be treated as a Reportable Account in all subsequent years, unless the Account Holder ceases to be a Reportable Person.

**Section IV: Due Diligence for New Individual Accounts**

The following procedures apply with respect to New Individual Accounts.

A. With respect to New Individual Accounts, upon account opening, the Reporting Financial Institution must obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder’s residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures.

B. If the self-certification establishes that the Account Holder is resident for tax purposes in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account and the self-certification must also include the Account Holder’s TIN with respect to such Reportable Jurisdiction (subject to paragraph D of Section I) and date of birth.

C. If there is a change of circumstances with respect to a New Individual Account that causes the Reporting Financial Institution to know, or have reason to know, that the original self-certification is incorrect or unreliable, the Reporting Financial Institution cannot rely on the original self-certification and must obtain a valid self-certification that establishes the residence(s) for tax purposes of the Account Holder.

**Section V: Due Diligence for Preexisting Entity Accounts**
The following procedures apply with respect to Preexisting Entity Accounts.

A. **Entity Accounts Not Required to Be Reviewed, Identified or Reported.**
   Unless the Reporting Financial Institution elects otherwise, either with respect to all Preexisting Entity Accounts or, separately, with respect to any clearly identified group of such accounts, a Preexisting Entity Account with an aggregate account balance or value that does not exceed USD 250 000 as of 31 December 2015, is not required to be reviewed, identified, or reported as a Reportable Account until the aggregate account balance or value exceeds USD 250 000 as of the last day of any subsequent calendar year.

B. **Entity Accounts Subject to Review.** A Preexisting Entity Account that has an aggregate account balance or value that exceeds USD 250 000 as of 31 December 2015, and a Preexisting Entity Account that does not exceed USD 250 000 as of 31 December 2015 but the aggregate account balance or value of which exceeds USD 250 000 as of the last day of any subsequent calendar year, must be reviewed in accordance with the procedures set forth in paragraph D.

C. **Review Procedures for Identifying Entity Accounts With Respect to Which Reporting may be Required.** For Preexisting Entity Accounts described in paragraph B, a Reporting Financial Institution must apply the following review procedures:

1. **Determine the Residence of the Entity.**
   a) Review information maintained for regulatory or customer relationship purposes (including information collected pursuant to AML/KYC Procedures) to determine the Account Holder’s residence. For this purpose, information indicating that the Account Holder’s residence includes a place of incorporation or organisation, or an address in a Foreign Jurisdiction.
   b) If the information indicates that the Account Holder is a Reportable Person, the Reporting Financial Institution must treat the account as a Reportable Account unless it obtains a self-certification from the Account Holder, or reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person.

2. **Determine the Residence of the Controlling Persons of a Passive NFE.**
   With respect to an Account Holder of a Preexisting Entity Account (including an Entity that is a Reportable Person), the Reporting Financial
Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons and determine the residence of such Controlling Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account is treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs C(2)(a) through (c) in the order most appropriate under the circumstances.

a) **Determining whether the Account Holder is a Passive NFE.** For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must obtain a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.

b) **Determining the Controlling Persons of an Account Holder.** For the purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.

c) **Determining the residence of a Controlling Person of a Passive NFE.** For the purposes of determining the residence of a Controlling Person of a Passive NFE, a Reporting Financial Institution may rely on:

i) information collected and maintained pursuant to AML/KYC Procedures in the case of a Preexisting Entity Account held by one or more NFEs with an aggregate account balance or value that does not exceed USD 1,000,000; or

ii) a self-certification from the Account Holder or such Controlling Person of the jurisdiction(s) in which the Controlling Person is resident for tax purposes. If a self-certification is not provided, the Reporting Financial Institution will establish such residence(s) by applying the procedures described in paragraph C of Section III.

D. **Timing of Review and Additional Procedures Applicable to Preexisting Entity Accounts.**

1. Review of Preexisting Entity Accounts with an aggregate account balance or value that exceeds USD 250,000 as of 31 December 2015
must be completed by 31 December 2017.

2. Review of Preexisting Entity Accounts with an aggregate account balance or value that does not exceed USD 250,000 as of 31 December 2015, but exceeds USD 250,000 as of 31 December of a subsequent year, must be completed within the calendar year following the year in which the aggregate account balance or value exceeds USD 250,000.

3. If there is a change of circumstances with respect to a Preexisting Entity Account that causes the Reporting Financial Institution to know, or have reason to know, that the self-certification or other documentation associated with an account is incorrect or unreliable, the Reporting Financial Institution must re-determine the status of the account in accordance with the procedures set forth in paragraph C.

Section VI: Due Diligence for New Entity Accounts

The following procedures apply with respect to New Entity Accounts.

A. Review Procedures for Identifying Entity Accounts With Respect to Which Reporting may be Required. For New Entity Accounts, a Reporting Financial Institution must apply the following review procedures:

1. Determine the residence of the Entity.

   a) Obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder’s residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures. If the Entity certifies that it has no residence for tax purposes, the Reporting Financial Institution may rely on the address of the principal office of the Entity to determine the residence of the Account Holder.

   b) If the self-certification indicates that the Account Holder is resident in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account unless it reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person with respect to such Reportable Jurisdiction.

2. Determine the Residence of the Controlling Persons of a Passive NFE.
With respect to an Account Holder of a New Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must identify whether the Account Holder is a Passive NFE with one or more Controlling Persons and determine the residence of such Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs A(2)(a) through (c) in the order most appropriate under the circumstances.

a) **Determining whether the Account Holder is a Passive NFE.** For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must rely on a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Reporting Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.

b) **Determining the Controlling Persons of an Account Holder.** For purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.

c) **Determining the residence of a Controlling Person of a Passive NFE.** For purposes of determining the residence of a Controlling Person of a Passive NFE, a Reporting Financial Institution may rely on a self-certification from the Account Holder or such Controlling Person.

**Section VII: Special Due Diligence Rules**

The following additional rules apply in implementing the due diligence procedures described above:

A Reporting Financial Institution may treat a Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract as a Financial Account that is not a Reportable Account until the date on which an amount is payable to the employee/certificate holder or beneficiary, if the Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract meets the following requirements: (i) the Group Cash Value Insurance Contract or Group Annuity Contract is issued to an employer and covers 25 or more employees/certificate holders; (ii) the employee/certificate holders are entitled to receive any contract value related to their interests and to name beneficiaries for the benefit payable upon the employee's death; and (iii) the aggregate amount payable to any employee/certificate holder or beneficiary does not exceed USD 1 000 000.

Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.

Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.

If no person can access the Cash Value or change the beneficiary, the Account Holder is any person named as the owner in the contract and any person with a vested entitlement to payment under the terms of the contract. For this purpose control includes direct or indirect ownership of more than 50 % of the vote and value in an Entity.

5. The term “TIN” means Taxpayer Identification Number (or functional equivalent in the absence of a Taxpayer Identification Number).

6. The term “Documentary Evidence” includes any of the following:

With respect to a Pre-existing Entity Account, Reporting Financial Institutions may use as Documentary Evidence any classification in the Reporting Financial Institution’s records with respect to the Account Holder that was determined based on a standardised industry coding system, that was recorded by the Reporting Financial
Institution consistent with its normal business practices for purposes of AML/KYC Procedures or another regulatory purposes (other than for tax purposes) and that was implemented by the Reporting Financial Institution prior to the date used to classify the Financial Account as a Pre-existing Account, provided that the Reporting Financial Institution does not know or does not have reason to know that such classification is incorrect or unreliable. The term “standardised industry coding system” means a coding system used to classify establishments by business type for purposes other than tax purposes.

7. The term “Foreign Jurisdiction” means any jurisdiction other than the jurisdiction of the Reporting Financial Institution.

4. administrative procedures to ensure that the Entities and accounts defined in domestic law as Non-Reporting Financial Institutions and Excluded Accounts continue to have a low risk of being used to evade tax; and

5. effective enforcement provisions to address non-compliance.
SCHEDULE 2

EXCLUDED ACCOUNTS

1. (1) A dormant account (other than an annuity contract) with a balance that does not exceed US$1,000 is an Excluded account.

EXHIBIT A

US IGA DEFINITIONS

Account Holder means the person listed or identified as the holder of a Financial Account by the Financial Institution that maintains the account. A person, other than a Financial Institution, holding a Financial Account for the benefit or account of another person as agent, custodian, nominee, signatory, investment advisor, or intermediary, is not treated as holding the account for purposes of this Agreement, and such other person is treated as holding the account. For purposes of the immediately preceding sentence, the term “Financial Institution” does not include a Financial Institution organized or incorporated in a U.S. Territory. In the case of a Cash Value Insurance Contract or an Annuity Contract, the Account Holder is any person entitled to access the Cash Value or change the beneficiary of the contract. If no person can access the Cash Value or change the beneficiary, the Account Holder is any person named as the owner in the contract and any person with a vested entitlement to payment under the terms of the contract. Upon the maturity of a Cash Value Insurance Contract or an Annuity Contract, each person entitled to receive a payment under the contract is treated as an Account Holder.

Active Non-Financial Foreign Entity means any NFFE which is a Non U.S. entity that meets any of the following criteria:
