The sentence “*The Survey also benefitted from excellent consultancy work by Jacques Adda.*” has been added in the Acknowledgements box.

This Survey is published on the responsibility of the Economic and Development Review Committee (EDRC) of the OECD, which is charged with the examination of the economic situation of member countries.

The economic situation and policies of Israel were reviewed by the Committee on 26 October 2015. The draft report was then revised in the light of the discussions and given final approval as the agreed report of the whole Committee on 8 December 2015.

The Secretariat’s draft report was prepared for the Committee by Claude Giorno under the supervision of Peter Jarrett. The Survey also benefitted from excellent consultancy work by Jacques Adda. Secretarial assistance was provided by Dacil Kurzweg and Krystel Rakotoarisoa and statistical assistance by Isabelle Duong.

The previous Survey of Israel was issued in December 2013.

Information about the latest as well as previous Surveys and more information about how Surveys are prepared is available at www.oecd.org/eco/surveys.
