This corrigendum relates to the web version of the book, which includes exercises and solutions : [Understanding National Accounts : Second Edition | OECD iLibrary \(oecd-ilibrary.org\)](#)

Corrigendum

Chapter 8: exercises and solutions

[Exercises and solutions: The financial and balance sheet accounts | Understanding National Accounts : Second Edition | OECD iLibrary \(oecd-ilibrary.org\)](#)

Exercise 2

Page 75:

In the right end of the table, read “ - 9900 ” rather than “9 900” for the right hand “B9 Net lending/net borrowing”.

Exercise 4

Page 81:

In the end of the table, under the column “Future flows”, replace the ultimate “60” by “1560”.

Exercise 5

Page 84:

In the first part of the table, under the column “Central government” :

1. Move “D99 Other capital transfers - 1000” under the column “Ressources” to the column on the left, “Uses”, and change “ - 1000” into “1000”
2. Move “B9 - 1000” under the column “Ressources” to the column on the left, “Uses”.

Chapter 9: exercises and solutions

[Exercises and solutions: The general government account | READ online \(oecd-ilibrary.org\)](#)

Exercise 6

Page 91:

In the first part of the table, move “B9A Net lending/borrowing” from the columns “Ressources” to the column “Uses” on the left.

Page 92:

In the first part of the table, move “B9A Net lending/borrowing” from the columns “Ressources” to the column “Uses” on the left.

Page 93:

In the first part of the first table, move “B9A Net lending/borrowing +10” from the column “Ressources” to the column “Uses” on the left.
