

## Corrigendum

### Page 29, Box 1.2. Contributions to growth

After the second paragraphe, an equation says dit  $\Delta\text{GDPt}/\text{GDPt-1} = \Delta\text{Ct}/\text{GDPt-1} + \Delta\text{It}/\text{GDPt-1} + \Delta\text{GDPt}/\text{GDPt-1}$ .

The item  $\Delta\text{GDPt}$  must be replaced by  $\Delta\text{Xt}$ :  $\Delta\text{GDPt}/\text{GDPt-1} = \Delta\text{Ct}/\text{GDPt-1} + \Delta\text{It}/\text{GDPt-1} + \Delta\text{Xt}/\text{GDPt-1}$ .

### Page 31 Table 1.5. The three approaches to GDP

In second line beginning with B1, the words “, **excluding FISM**” must be suppressed.

### Page 322 Table 10.6. Korea: Gross Domestic Product: The three approaches

In second line beginning with B1, the words “, **excluding FISM**” must be suppressed.
