

Some open questions on challenges on development of NGOs

- Q1: Have NGOs communicated the real cost of their work to beneficiaries?
- Q2: How NGOs can ensure financial sustainability as a pre-requisite for a program independence (mix of corporate/state/citizens/donors)?
- Q3: Who sets agendas for the NGO work? How to increase the relevance of the agendas to local communities?
- Q4: What is the minimum level of internal capacity, professional conduct, transparency and governance NGOs should have (in order to be supported by donors and not only)?
