Pact for Youth-Employment Gmunden

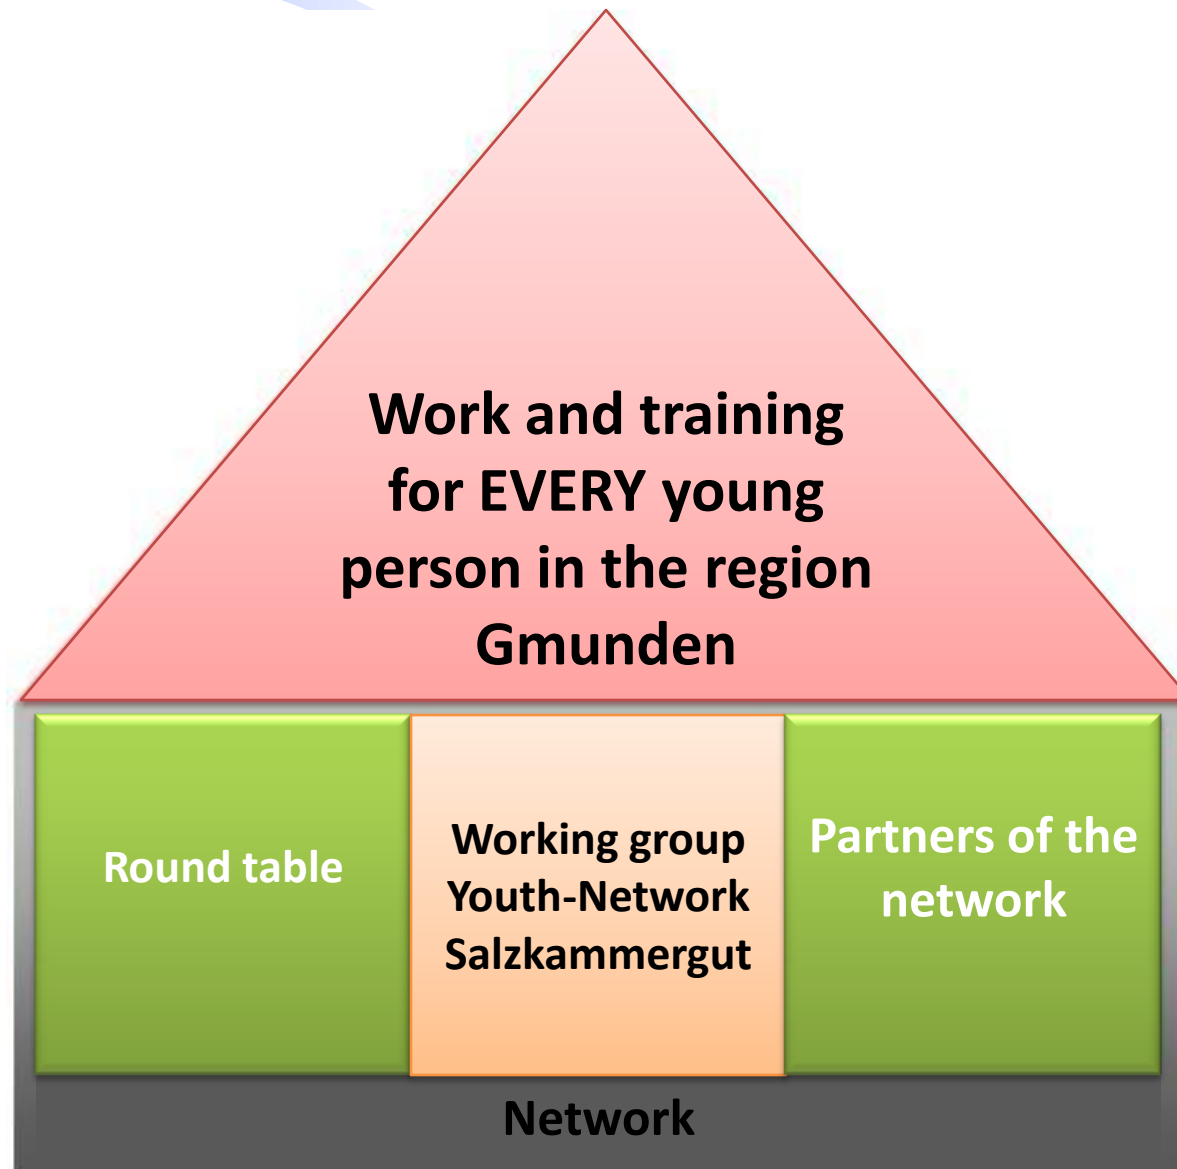

- The Pact is the basis for working together in the network: Strategies, aims, rules, projects in the future...
- Through the Pact the Labour market chances of the youth should generally improve. In the first step the focus is on the youth with special needs.
- The Youth-Network is open structured and acts along the motto: Acting together, everyone in his/her responsibility

Aims of the Youth-network (next two – three years)

- Bundling from skills and resources in the region
- To establish new types of cooperation
- Collecting knowledge of experts
- More transparency concerning measures, financial supports, assistance
- To provide firms better information about integration of youth with special needs

Aims of the Youth-network (next two – three years)

- A Value change in the society
- Youth with special needs should be more permanent employed
- General improvement of the employment situation of the youth, also less gender-related segregation
- **Every young person should have the same chances on the labour market.**

First result: Project Work 4 u – Work for you, Work on you

- One year for the concept, 8 month for the implementation
- Combination of school and working in a project
- Pupils with social-emotional peculiarities get in the project assistance and preparation for the integration on the labour market

Ideas for the future

- Case management for the region
- Civic trust for the region

Key success factors

- A responsible person for the development
- Resources (financial, personal)
- To develop and show the surplus for every participator
- The youth in the middle point
- Quality – Meetings with technical inputs
- Cultural sensitivity
