## AGENDA

UNIVERSITÀ  
DI TRENTO

**SIS**  
School of  
International  
Studies

**OECD**

## ■ The OECD Trento Centre for Local Development

The OECD Trento Centre for Local Development is an integral part of the OECD Centre for Entrepreneurship, SMEs, Regions and Cities. The Trento Centre uses a holistic “from data to practice” approach to policies for sustainable development to offer local policy analysis, advice and capacity building activities for improved policy implementation for people, firms and places. [www.trento.oecd.org](http://www.trento.oecd.org)

## ■ The OECD Spatial Productivity Lab

The OECD Spatial Productivity Lab (SPL) is a dedicated research laboratory that works with local and global partners to improve our understanding of the spatial dimension of productivity growth, the relevance of links between different types of areas and how regional policy can facilitate productivity growth, creation of better jobs and increased well-being.

## ■ The School of International Studies, University of Trento

The School of International Studies (SIS) at the University of Trento is the only multidisciplinary Graduate School in Italy offering advanced (Master and doctoral) education in International Studies. Established in 2001 as a joint venture among four Departments, the School became an independent Centre of the University of Trento in 2012. It is the first (and so far the only) Italian Institution admitted to the Association of Professional Schools of International Affairs.
