

AN IMPLEMENTATION ROADMAP TOWARDS EFFECTIVE GOVERNANCE

Aziza Akhmouch, OECD Water Governance Programme
5th OECD-WGI Meeting
26 May 2015, Edinburgh

Six « Good governance » targets of the 6th World Water Forum

| | |
|---|---|
| <p>Target 1</p>  | <p>By 2015, 50% of countries will have adopted consultation, participation and co-ordination mechanisms allowing stakeholders at local, regional, national and international levels to effectively contribute to decision-making in a coherent, holistic and integrated way. By 2021, 100% countries will have done so</p> |
| <p>Target 2</p>  | <p>By 2015, 50% countries will have strengthened regulatory frameworks and adopted performance indicators (service delivery) to monitor and evaluate water policies; and all countries will have put in place capacity-building processes at national and local level to foster good governance in service delivery. By 2018, all countries will have done so.</p> |
| <p>Target 3</p>  | <p>By 2021, increase by 30% the number of river basin management plans (analysis of initial status and main issues).</p> |
| <p>Target 4</p>  | <p>By 2015, increase the number of countries with water security diagnoses and governance tools, based on existing (local, national, international) regulatory and legislative frameworks and IWRM mechanisms.</p> |
| <p>Target 5</p>  | <p>By 2018, 30 countries will have committed to promote integrity in the water sector, diagnose/map existing or potential corruption risks, and ensure that anti-corruption policies are well implemented and effective.</p> |
| <p>Target 6</p>  | <p>By 2018, 30 countries will be implementing: transparent water budget processes, including information about water infrastructure investment planning and implementation (financial, technical, and socioeconomic impacts); and methods and tools for improving transparency and accountability within the water sector.</p> |

An action-oriented agenda for change

WHY

should the international community focus on governance

WHAT

needs to be done to achieve effective water governance

HOW

to make the Implementation Roadmap happen

A timely tool aligned with the global water agenda

- Link to the 6th World Water Forum “**Good Governance**” targets to track progress achieved since 2012
- Link to the **water-related and governance-related SDGs** (n° 5, 16, 17) to provide a frame of reference that governments and stakeholders can use to reach these goals

Effective public governance

- **Target 1** : adopt consultation, participation and co-ordination mechanism.
- **Target 2** : strengthen regulatory frameworks and adopt performance indicators

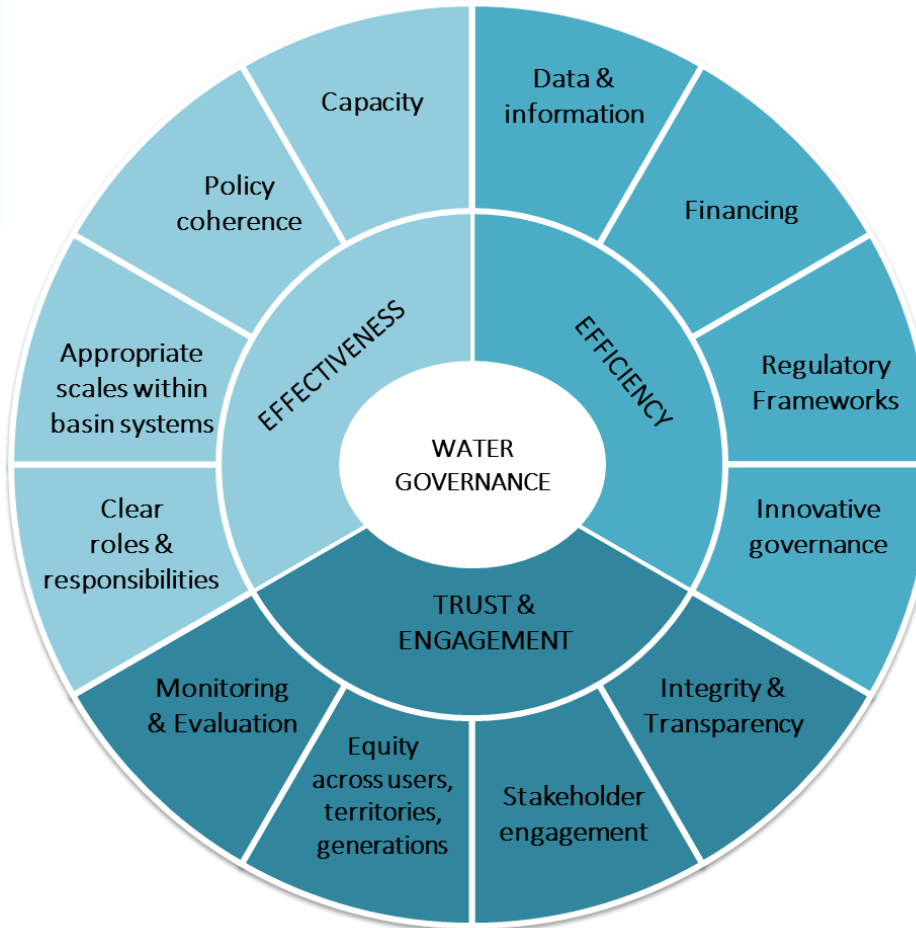

Integrated water resources management

- **Target 3** : increase the number of river basin management plans
- **Target 4** : increase the number of countries with water security diagnoses and governance tools

Better Integrity & Transparency

- **Target 5** : promote integrity in the water sector
- **Target 6** : improve transparency and accountability within the water sector.

Implementation Roadmap

- Water governance indicators
- Good practices
- International references

Tentative key milestones

26 May 2015: Discussion of the Implementation Roadmap synthesis at the 5th OECD WGI Meeting.

15 June 2015: Written comments and suggestions of contribution from WGI members.

23-28 August 2015: Discussion at the Stockholm World Water Week to strengthen the ties between the Implementation Roadmap and the post-2015 development agenda.

2-3 November 2015: Discussion at the 6th OECD-WGI Meeting on a tentative Action Plan in co-operation with potential regional “champions”, e.g.:

- **MENA:** GWP-Med, UfM, IME;
- **Europe:** European Commission, Turkish Water Institute, Europe-INBO;
- **Asia-Pacific:** ADB, NARBO, Korea, China;
- **Africa:** AMCOW, South Africa;
- **Americas:** Mexico, Chile, Spain/AECID, United States

2016-2018:

- **Annual check-up meetings** of the 7th World Water Forum to discuss advancement of the IR;
- **WGI Plenary meetings** to report back on the IR’s progress;
- **Regional consultations** on the IR analyse the specifics from the different continents and to develop a data base of good water governance practices specific to each region. These consultations will also provide a reality check in each continent to the OECD Principles on Water Governance;
- **8th World Water Forum** to report back on the impact of the IR on the ground
