

REGIONAL WELL-BEING IN OECD COUNTRIES: LUXEMBOURG

Luxembourg ranks among the top 20% of the OECD regions in civic engagement (due to the compulsory voting system), access to services and income. The lowest performance is in community (perceived social support network), where Luxembourg ranks among the bottom 30% of the OECD regions.

Relative performance of Luxembourg compared to OECD regions by well-being dimension

Note: Relative ranking of the regions with the best and worst outcomes in the 11 well-being dimensions, with respect to all 395 OECD regions. In this figure, Luxembourg is represented by one country-region, the eleven dimensions are ordered by decreasing relative performance. Each well-being dimension is measured by the indicators in the table below.
