

The OECD Centre for Entrepreneurship, SMEs, Regions and Cities (CFE) invites you to the webinar

UN MSME DAY 2022

“The future of SME and entrepreneurship policy: a compass to navigate turbulent times”

Launch event

OECD Recommendation on SME and Entrepreneurship Policy

 27 June 2022

 14:00 – 15:30 CEST (Paris time)

 Zoom

The new [OECD Recommendation on SME and Entrepreneurship policy](#) was adopted at the OECD Ministerial Council Meeting on 10th June 2022, on the proposal of the Committee on SMEs and Entrepreneurship (CSMEE).

The Recommendation aims to provide an evidence-based and holistic framework to support countries in developing coherent, effective and efficient SME and entrepreneurship policies, to foster their contribution to inclusive and sustainable growth and for the benefit of all.

The Recommendation responds to long-standing demand by countries for frameworks and tools to improve the effectiveness of SME and entrepreneurship policies, ensuring coherence and synergy across varied policy areas and actors and accounting for the diversity of the SME and entrepreneurship population. This has taken a new urgency in the aftermath of the COVID-19 crisis and acceleration of mega trends, as governments strive to support SMEs and entrepreneurs in the recovery and to adapt to the digital and green transitions.

To celebrate this momentous occasion a special launch event will take place on [UN Micro-, Small and Medium-sized Enterprises Day](#) (27th June). As turbulent times unfold for SMEs and entrepreneurs around the world, this event provides an opportunity for policy makers and stakeholders to discuss the future of SME and entrepreneurship policy, share views on the relevance of the Recommendation to foster recovery and develop future-proof policy strategies, and comment on priorities, challenges and opportunities towards effective implementation.
