6th OECD Forum on Green Finance and Investment

29-30 October 2019, Paris

The OECD Centre on Green Finance and Investment is pleased to invite you to the 6th OECD Forum on Green Finance and Investment, to be held on **29-30 October 2019** at the OECD Headquarters in Paris.

As part of its extensive work on green finance and investment, the OECD has convened the annual Forum since 2014. As highlighted by OECD Deputy-Secretary General Mr. Kono in his recent Op-Ed (available [here](#)), mobilising green finance and investment at scale requires multi-stakeholder engagement. The Forum, now the annual flagship event of the Centre, gathers senior policy makers, investors and key actors in green finance and investment from around the world for open and action-oriented discussions to advance the global agenda.

The agenda for the 6th OECD Forum on Green Finance and Investment is under development. Details and logistics will be communicated in the coming months. In the meantime, we invite you to save the date and consult the Centre's website, which provides the latest OECD publications and insights on green finance and investment topics, at <http://www.oecd.org/cgfi/>. Please do not hesitate to share your feedback.
