9:30 – 9:45 **WELCOMING REMARKS** by the Co-Chairs (Chile and DAC Chair) – Room CC12

9:45 – 11:00 **THEMATIC SESSION 1: Sharing views on new trends and approaches for the future of development co-operation: development in transition and multi-stakeholder partnerships** - Room CC12

Through the Sustainable Development Goals (SDGs) framework, countries called for embracing long-term perspectives by committing to *“implement the Agenda for the full benefit of all, for today’s generation and for future generations”*. This context calls for more policy coherence for sustainable development (PCSD) and for new development narratives, objectives, means and partnerships for development co-operation.

11:00 – 11:30 **COFFEE BREAK AND PHOTO OPPORTUNITY**

11:30 – 12:30 **THEMATIC SESSION 2: Triangular Co-operation on the Road towards BAPA +40** – Room CC12

Triangular co-operation complements South-South and North-South Co-operation by providing adapted, innovative and flexible solutions to overcome today’s most pressing environmental, economic and social challenges. The Second UN High-level Conference on South-South Co-operation (BAPA +40) offers a unique opportunity to promote triangular co-operation as a way to achieve the 2030 Agenda. Countries in Latin America and the Caribbean (LAC) have longstanding experience with triangular co-operation and regularly collaborate with DAC members in innovative projects in LAC and beyond. During this session, representatives from LAC and DAC will discuss inputs on triangular co-operation for BAPA +40, and its follow up, including those suggested by the Global Partnership Initiative on Effective Triangular Co-operation (GPI).

12:30 – 13:30 **LUNCH FOR HEADS OF DELEGATIONS** (Room George Marshall) and **Networking Lunch for Delegates** (Room Roger Ockrent)

13:30 – 15:00	<p>THEMATIC SESSION 3: Financing for Sustainable Development – scaling up resources for better results – Room CC12</p> <p>Financing for sustainable development is a fast-changing ecosystem that includes more actors, instruments and modalities, and more interactions among those. While diversity brings more opportunities, it also creates complexity. Topics for discussion in this session range from measuring development finance and ensure alignment with the SDGs, engaging with the private sector, identifying the best instruments at different stages of transition, to blended finance, impact investment, and others.</p>
15:00 – 15:15	<p>COFFEE BREAK</p>
15:15 – 16:45	<p>THEMATIC SESSION 4: The role of development co-operation in addressing migration challenges – Room CC12</p> <p>Migration is a global trend that affects Latin America and the Caribbean and members of the DAC. Crises in Africa, Asia, Latin America and the Middle East, to name some, lead to an influx of refugees to neighbouring LAC countries and Europe. Participants will be sharing experiences on how development cooperation can help addressing this new reality.</p>
