Classroom Activity:

Turn and Talk

A very generalisable activity that you can use for a wide spectrum of subjects, lessons and activities is “Turn and Talk”.

After a discussion, a reading, or a writing activity, ask students to turn and talk to their neighbor.

Each student can then share with the other what they have done, and their thoughts about it, and then listen to their peer do the same.

This activity encourages students to reflect and share their thoughts, and can even give you a 2-3 minute break before moving on to the next activity!
