

## THE NETHERLANDS

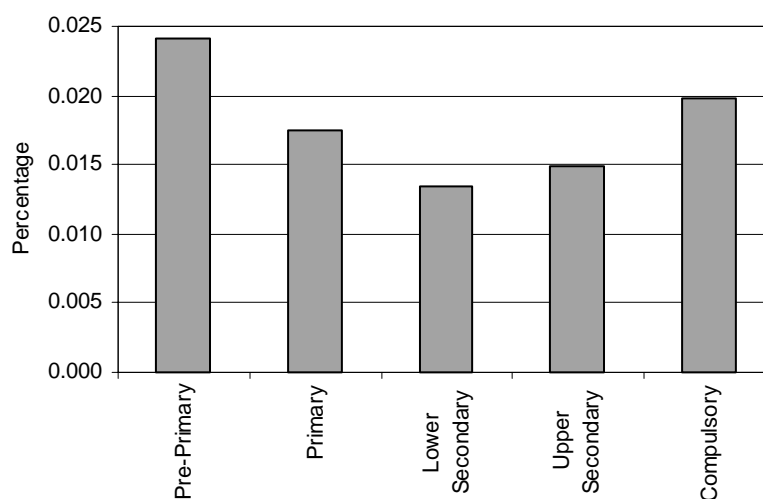

Category 1 Cross-national Category A - Deaf children.

### Proportion of students who are deaf by phases of education in special schools, special classes and regular classes

Note: Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes data in upper secondary education data are missing.

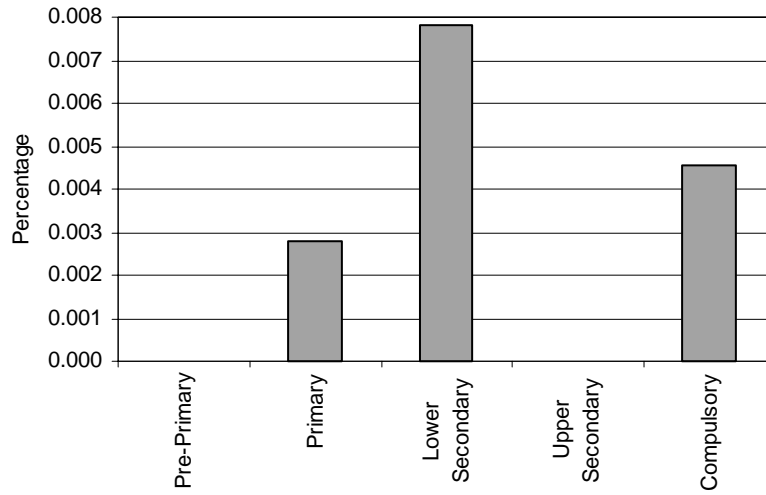

### Special Schools – Category 1. Total percentage of deaf children falling within the resources definition, by phase of education

### Special Classes – Category 1. Deaf children

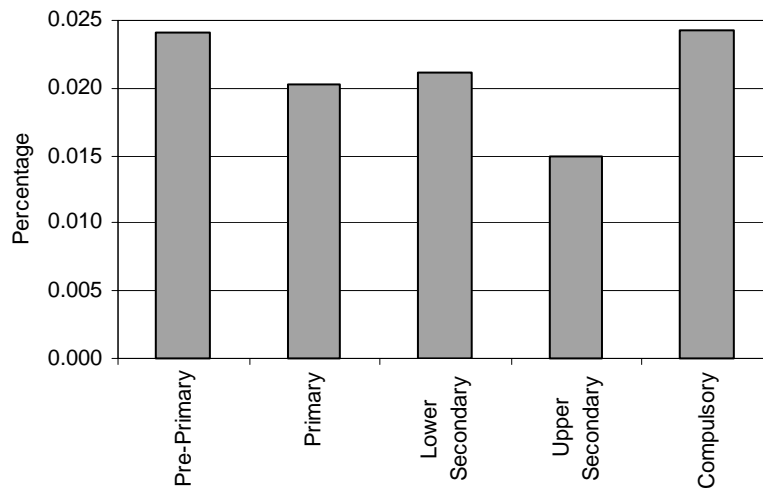

NOT APPLICABLE

**Regular Classes – Category 1. Total percentage of deaf children falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education data are missing.

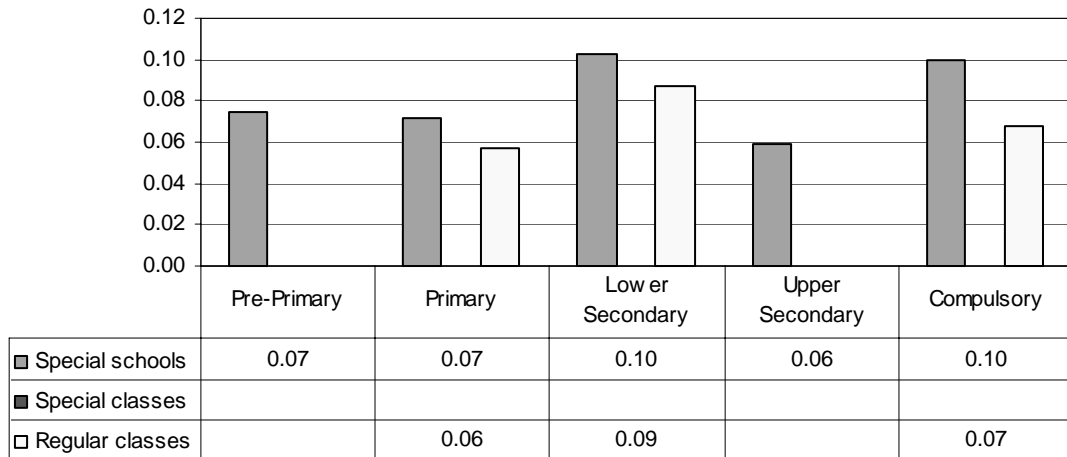

**Total – Category 1. Total percentage of deaf children falling within the resources definition**

Note: Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education data are missing.

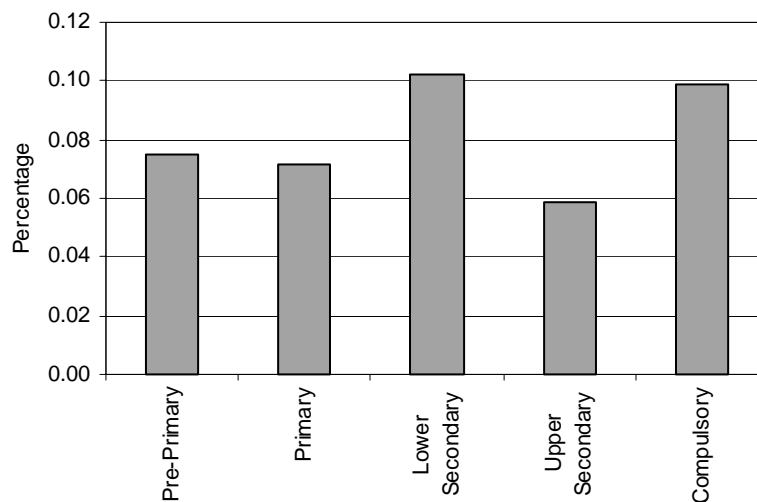

Category 2 Cross-national Category A – Hard of hearing.

**Proportion of students who are hard of hearing by phases of education in special schools, special classes and regular classes**

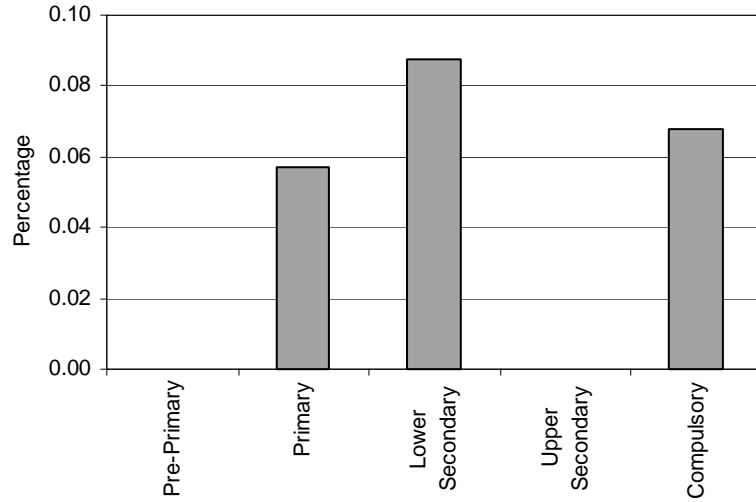

Note: Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes data in upper secondary education are missing.

**Special Schools – Category 2. Total percentage of students who are hard of hearing falling within the resources definition, by phase of education**

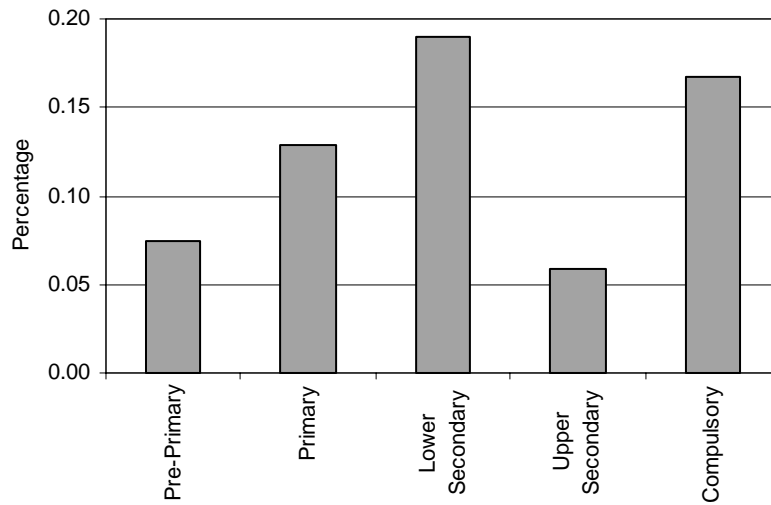

**Special Classes – Category 2. Hard of hearing**  
 NOT APPLICABLE

**Regular Classes – Category 2. Total percentage of students who are hard of hearing falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

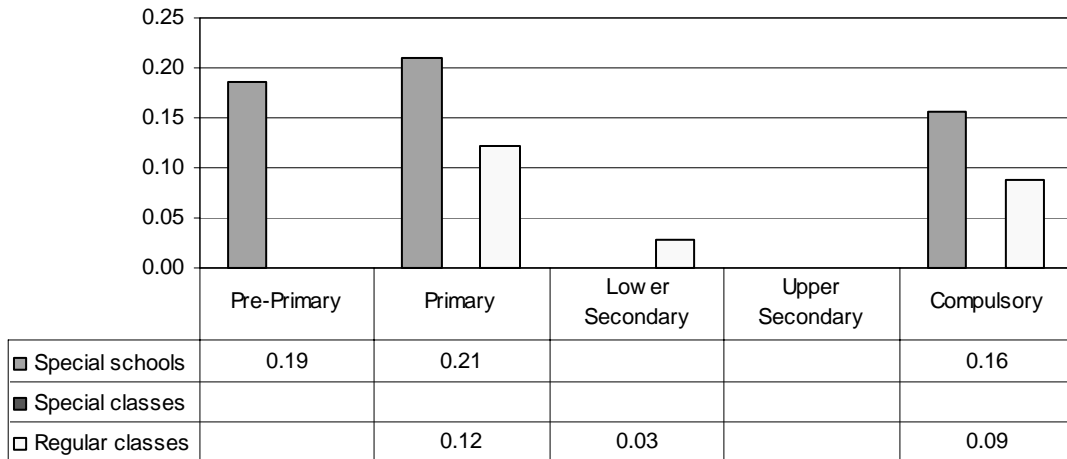

**Total – Category 2. Total percentage of students who are hard of hearing falling within the resources definition**

Note: Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

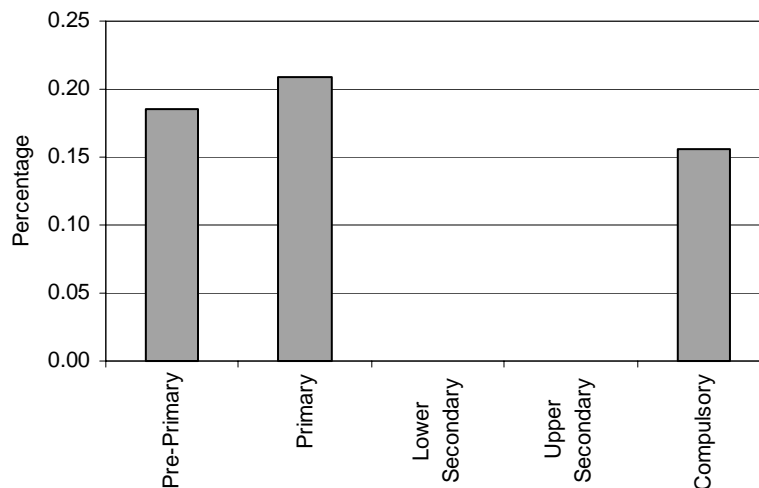

Category 3 Cross-national Category A - Language and communication disabilities.

**Proportion of students with language & communication disabilities by phases of education in special schools, special classes and regular classes**

Note: Special schools data in lower secondary and upper secondary education are not applicable.  
 Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes data in upper secondary education are missing.

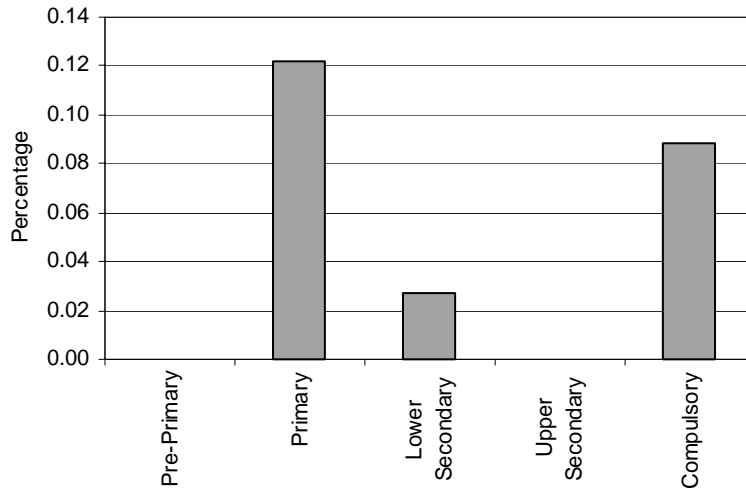

**Special Schools – Category 3. Total percentage of students with language and communication disabilities falling within the resources definition, by phase of education**

Note: Special schools data in lower secondary and upper secondary education are not applicable.

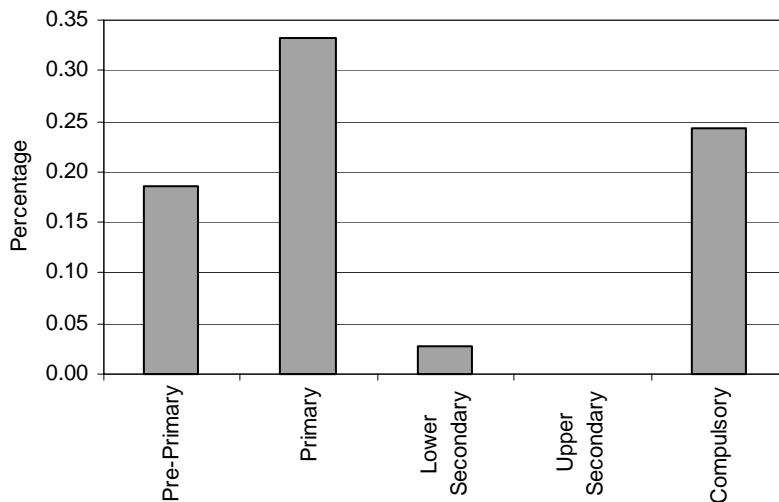

**Special Classes – Category 3. Language and communication disabilities**  
 NOT APPLICABLE

**Regular Classes – Category 3. Total percentage of students with language and communication disabilities falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

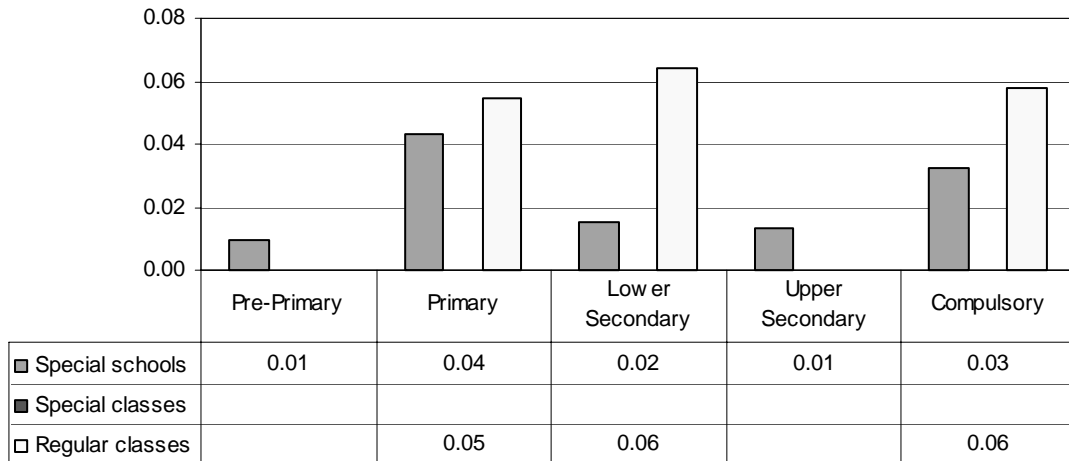

**Total – Category 3. Total percentage of students with language and communication disabilities falling within the resources definition**

Note: Special schools data in lower secondary and upper secondary education are not applicable.  
Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

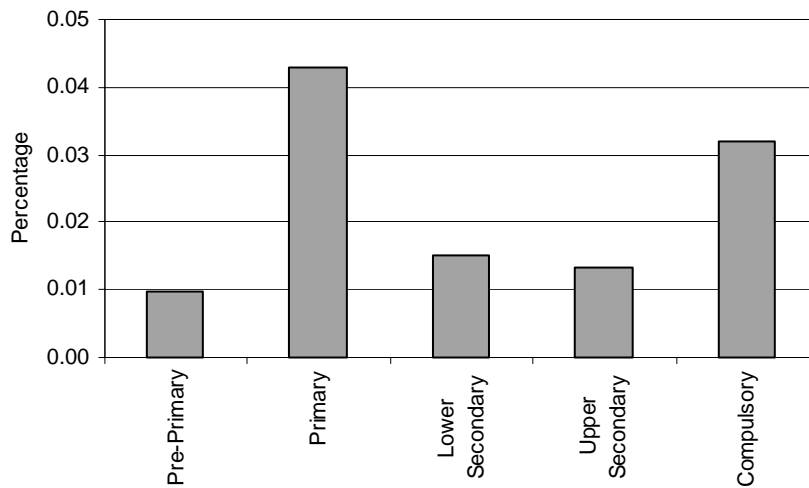

Category 4 Cross-national Category A – Visual handicap.

**Proportion of students with visual handicap by phases of education in special schools, special classes and regular classes**

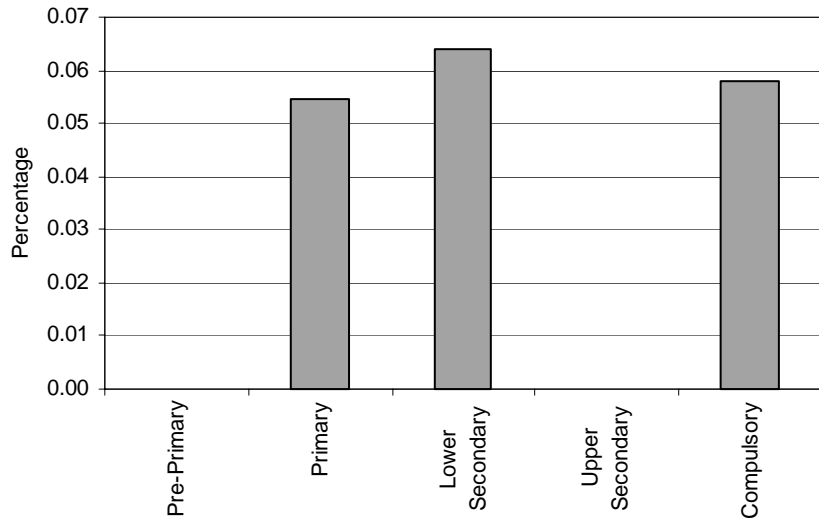

Note: Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes in upper secondary education are missing.

**Special Schools – Category 4. Total percentage of students with visual handicaps falling within the resources definition, by phase of education**

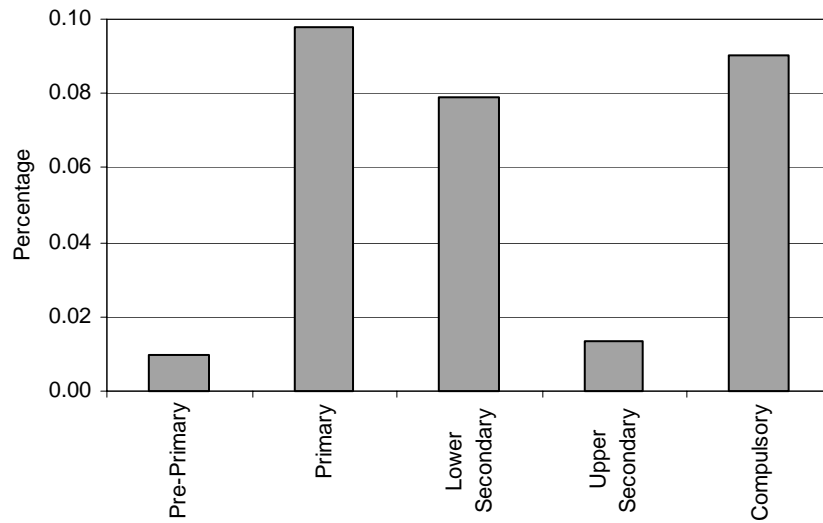

**Special Classes – Category 4. Visual handicap**  
 NOT APPLICABLE

**Regular Classes – Category 4. Total percentage of students with visual handicaps falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes in upper secondary education are missing.

**Total – Category 4. Total percentage of students with visual handicaps falling within the resources definition**

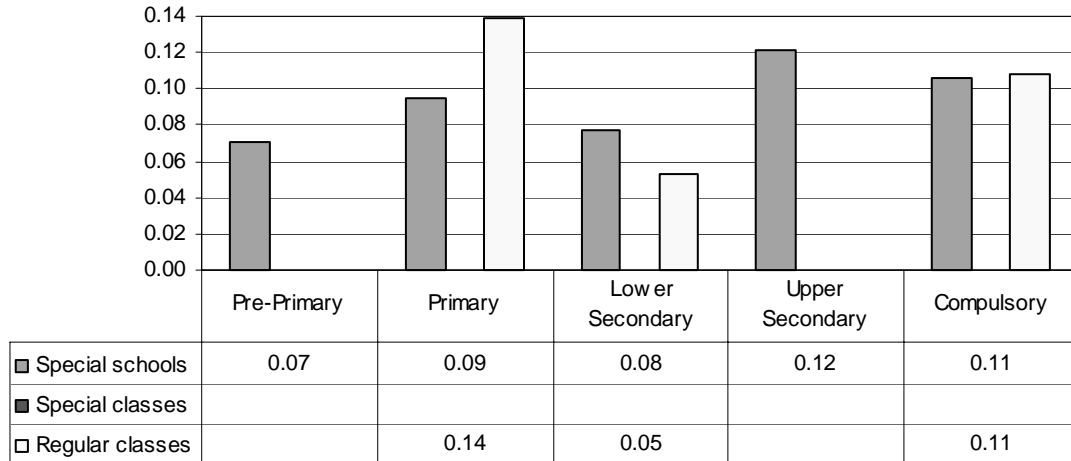

Note: Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes in upper secondary education are missing.

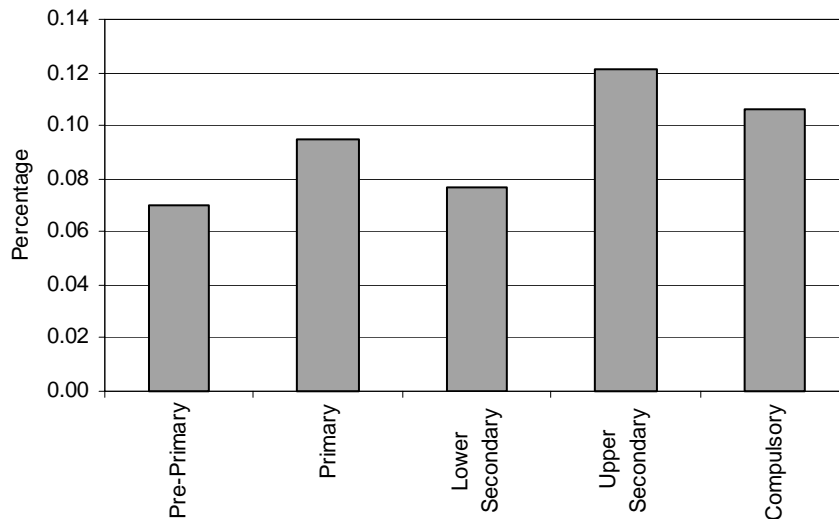

Category 5 Cross-national Category A - Physically handicapped / motor impairment.

**Proportion of students who are physically handicapped / motor impaired by phases of education in special schools, special classes and regular classes**

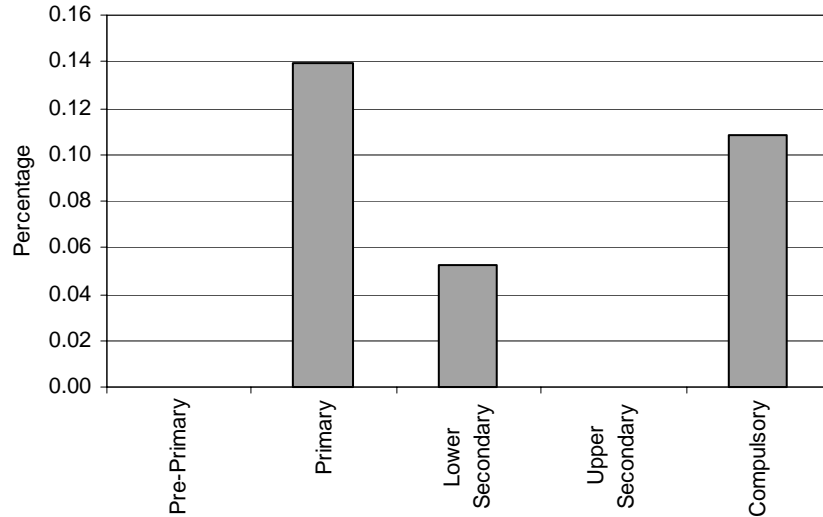

Note: Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes data in upper secondary education are missing.

**Special Schools – Category 5. Total percentage of students who are physically handicapped / motor impaired falling within the resources definition, by phase of education**

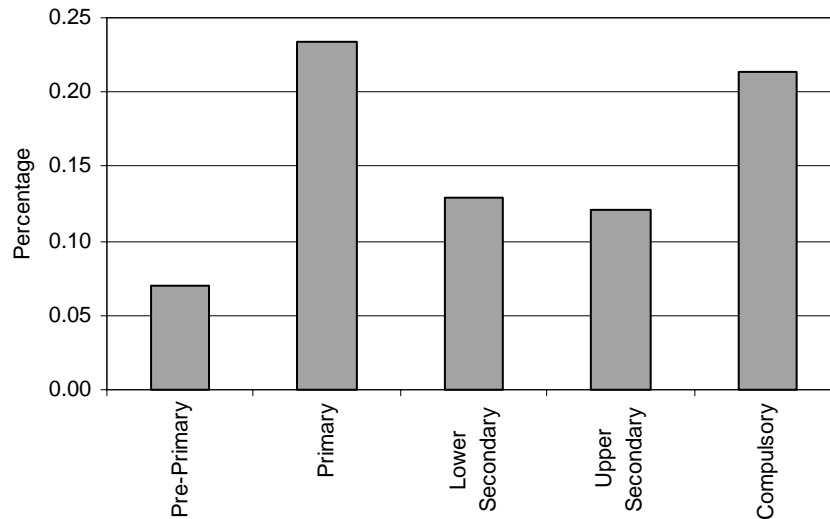

**Special Classes – Category 5. Physically handicapped / motor impairment**  
 NOT APPLICABLE

**Regular Classes – Category 5. Total percentage of students who are physically handicapped / motor impaired falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

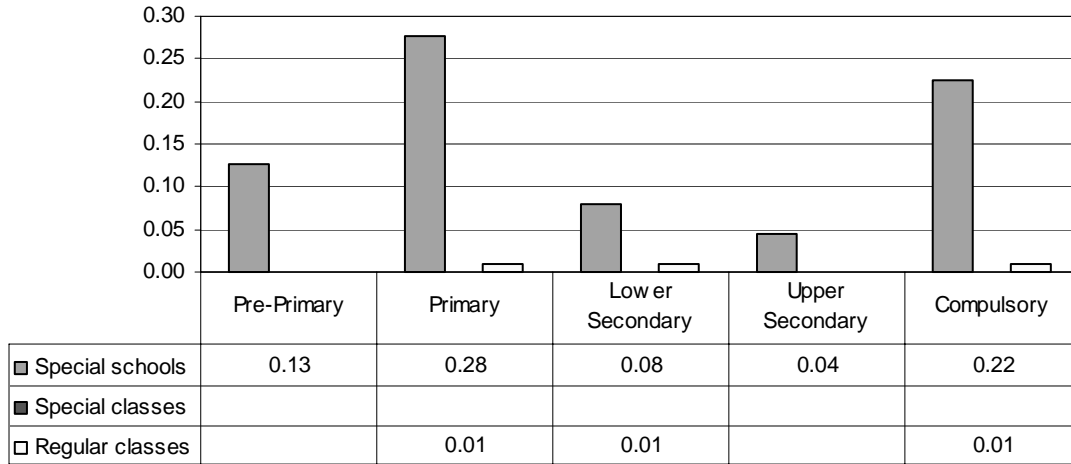

**Total – Category 5. Total percentage of students who are physically handicapped / motor impaired falling within the resources definition**

Note: Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

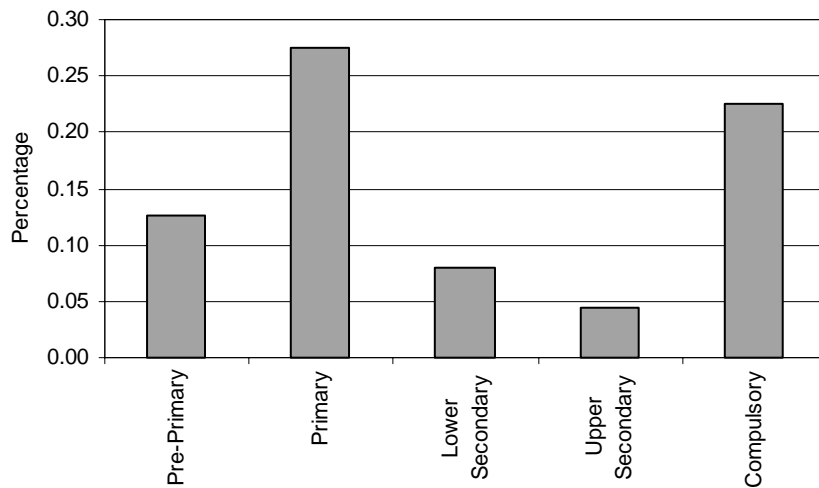

Category 6 Cross-national Category B - Other health impairments. (No long hospitalisation.)

**Proportion of students with other health impairments by phases of education in special schools, special classes and regular classes**

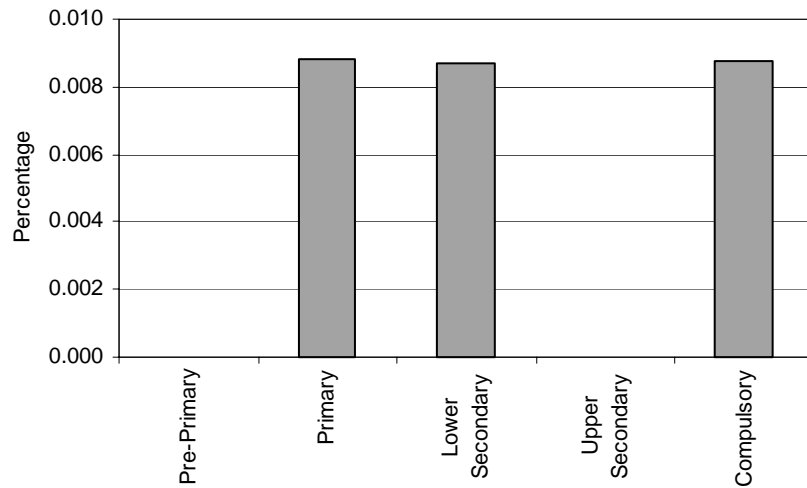

Note: Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes data in upper secondary education are missing.

**Special Schools – Category 6. Total percentage of students with other health impairments falling within the resources definition, by phase of education**

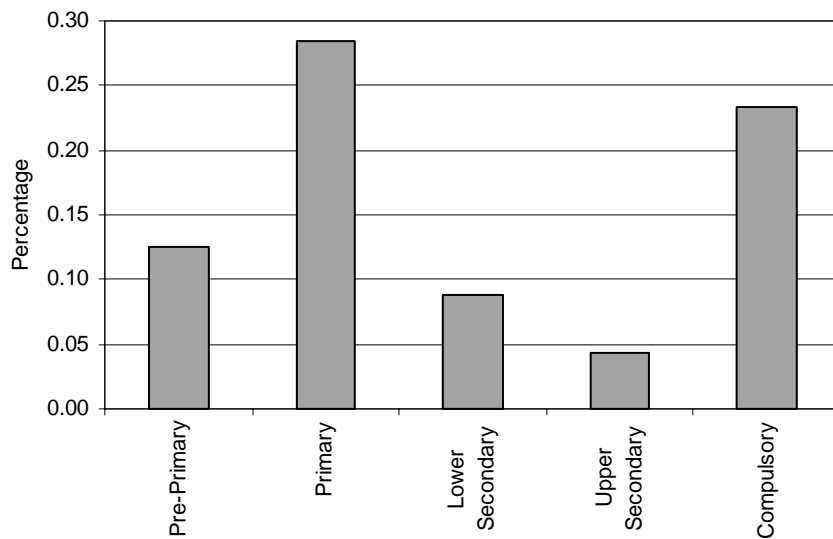

**Special Classes – Category 6. Other health impairments**  
 NOT APPLICABLE

**Regular Classes – Category 6. Total percentage of students with other health impairments falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

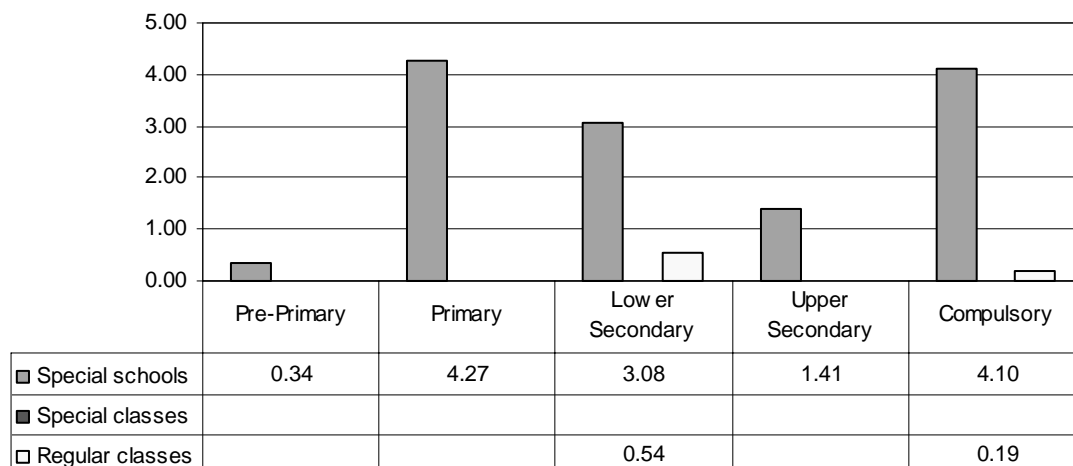

**Total – Category 6. Total percentage of students with other health impairments falling within the resources definition**

Note: Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

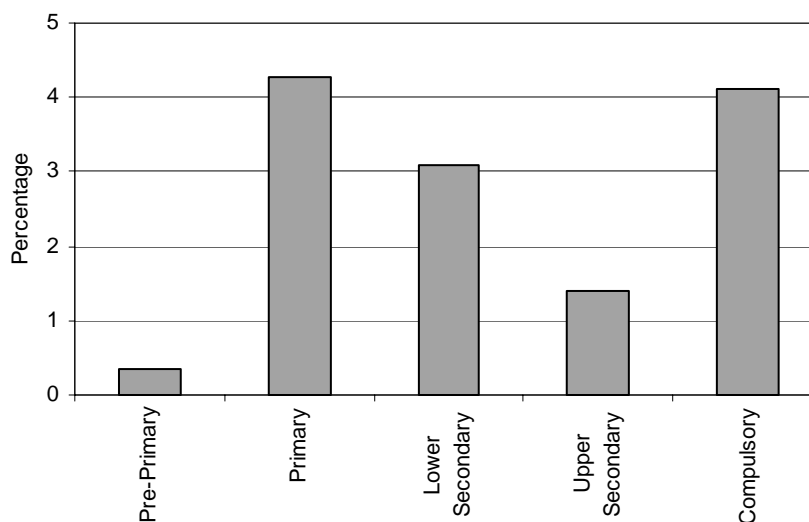

Category 7 Cross-national Category B - Learning and behaviour disabilities.

**Proportion of students with learning and behaviour disabilities by phases of education in special schools, special classes and regular classes**

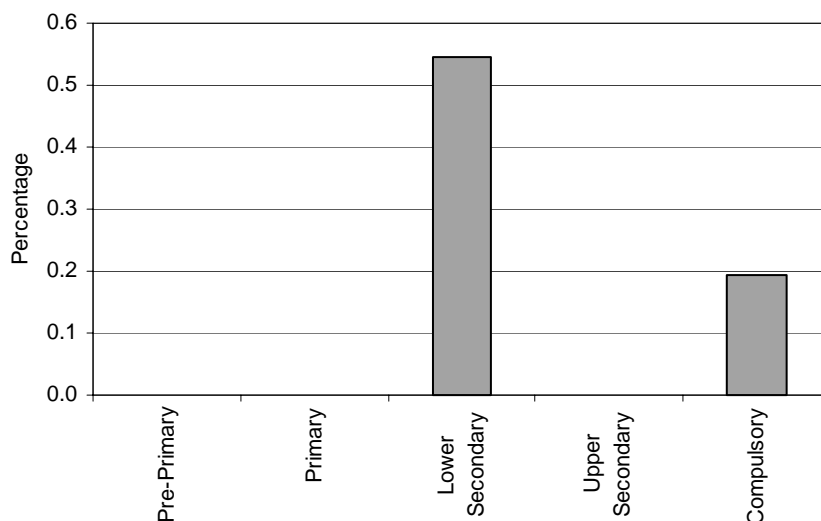

Note: Special classes data are not applicable.  
Regular classes data in pre-primary, primary and upper secondary education are missing.

**Special Schools – Category 7. Total percentage of students with learning and behaviour disabilities falling within the resources definition, by phase of education**

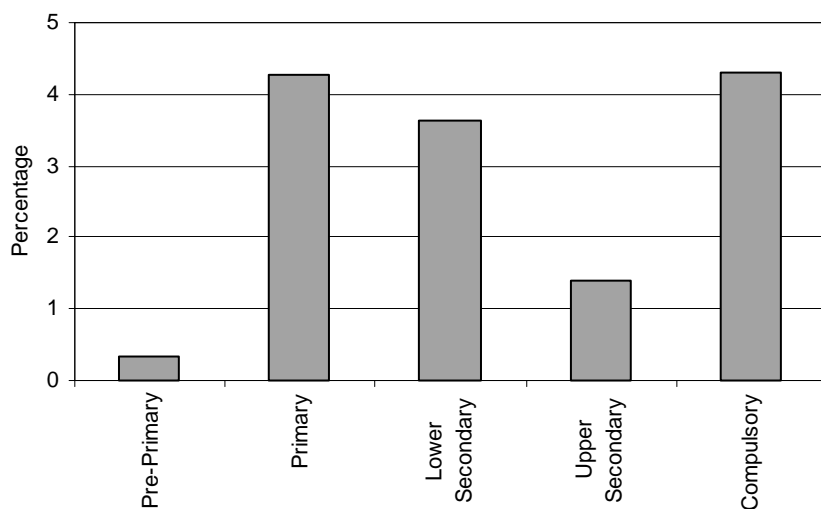

**Special Classes – Category 7. Learning and behaviour disabilities**  
NOT APPLICABLE

**Regular Classes – Category 7. Total percentage of students with learning and behaviour disabilities falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary, primary and upper secondary education are missing.

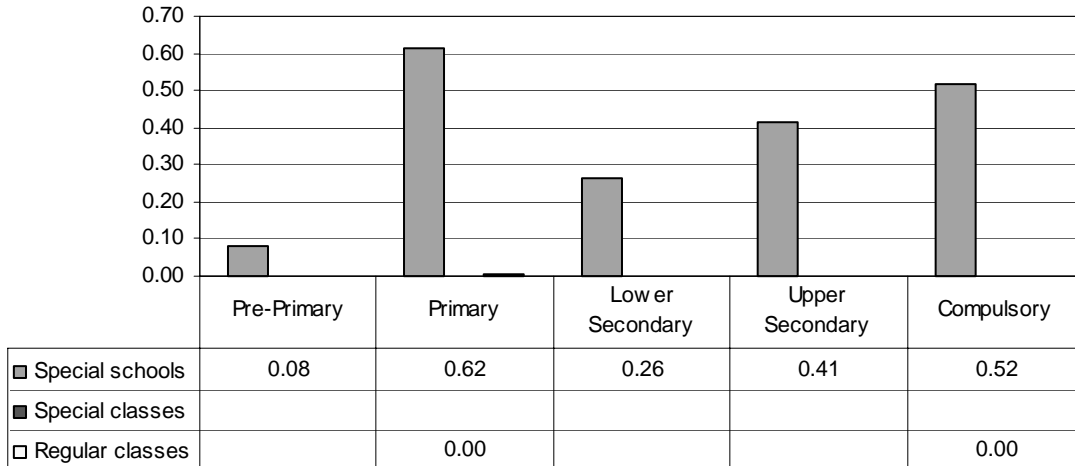

**Total – Category 7. Total percentage of students with learning and behaviour disabilities falling within the resources definition**

Note: Special classes data are not applicable.  
Regular classes data in pre-primary, primary and upper secondary education are missing.

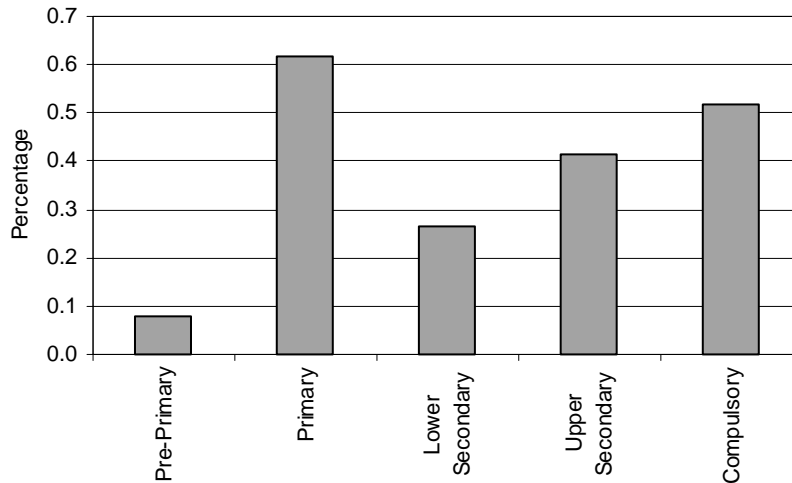

Category 8 Cross-national Category A - Profound mental handicap / severe learning disabilities.

**Proportion of students with profound mental handicap / severe learning disabilities by phases of education in special schools, special classes and regular classes**

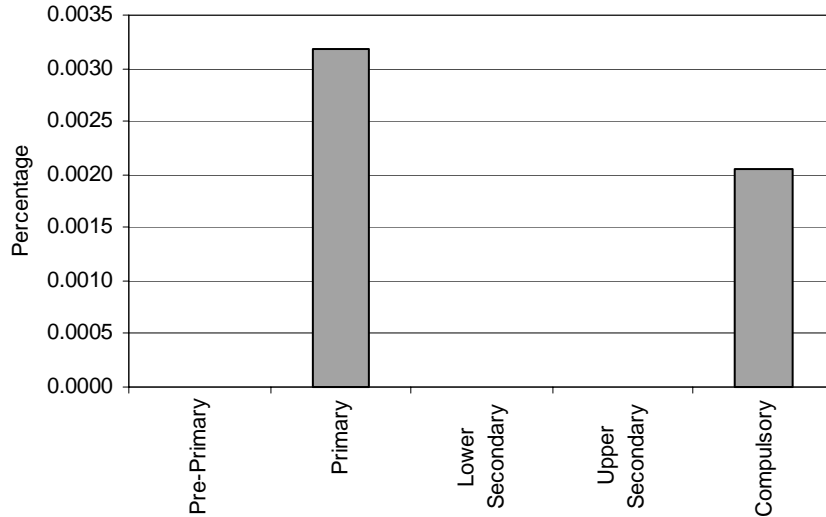

Note: Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes data in lower secondary and upper secondary education are missing.

**Special Schools – Category 8. Total percentage of students with profound mental handicap / severe learning disabilities falling within the resources definition, by phase of education**

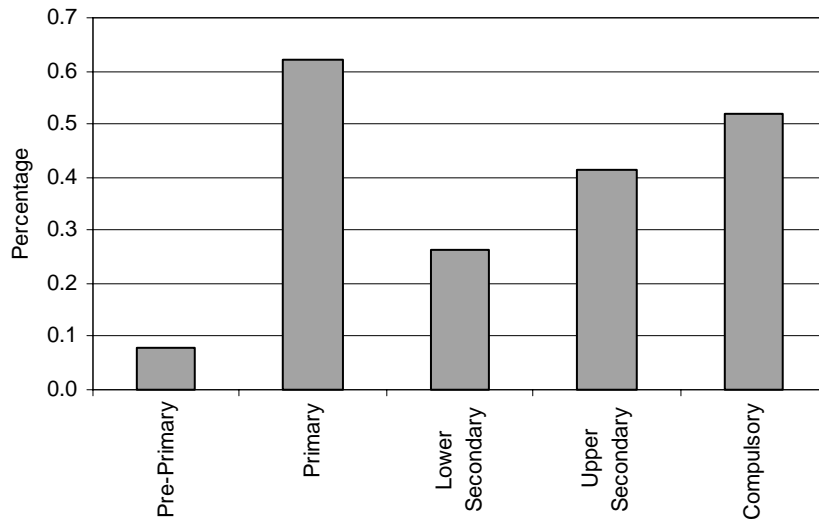

**Special Classes – Category 8. Profound mental handicap / severe learning disabilities**  
 NOT APPLICABLE

**Regular Classes – Category 8. Total percentage of students with profound mental handicap / severe learning disabilities falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes data in lower secondary and upper secondary education are missing.

**Total – Category 8. Total percentage of students with profound mental handicap / severe learning disabilities falling within the resources definition**

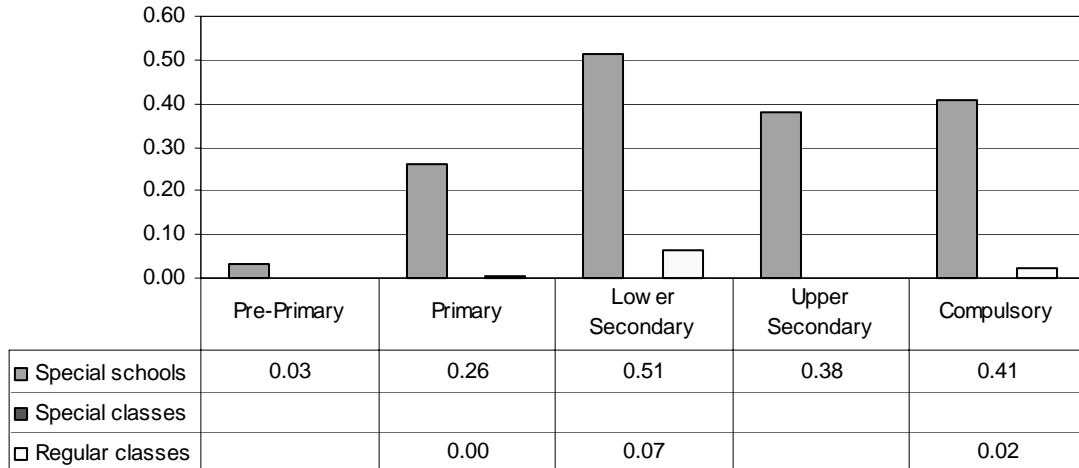

Note: Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes data in lower secondary and upper secondary education are missing.

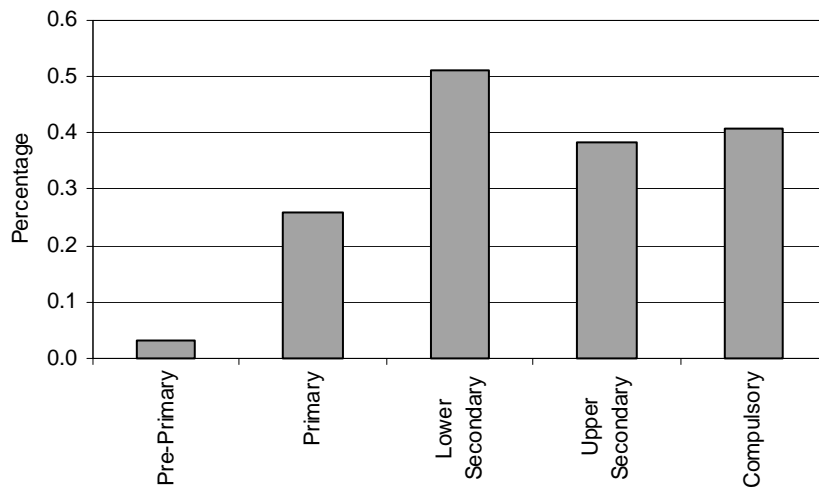

Category 9 Cross-national Category A - Deviant behaviour.

**Proportion of students with deviant behaviour by phases of education in special schools, special classes and regular classes**

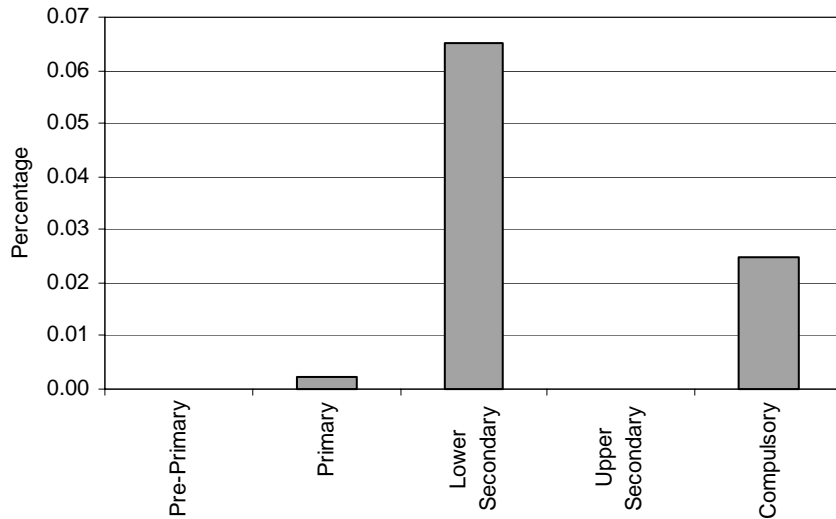

Note: Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes data in upper secondary education are missing.

**Special Schools – Category 9. Total percentage of students with deviant behaviour falling within the resources definition, by phase of education**

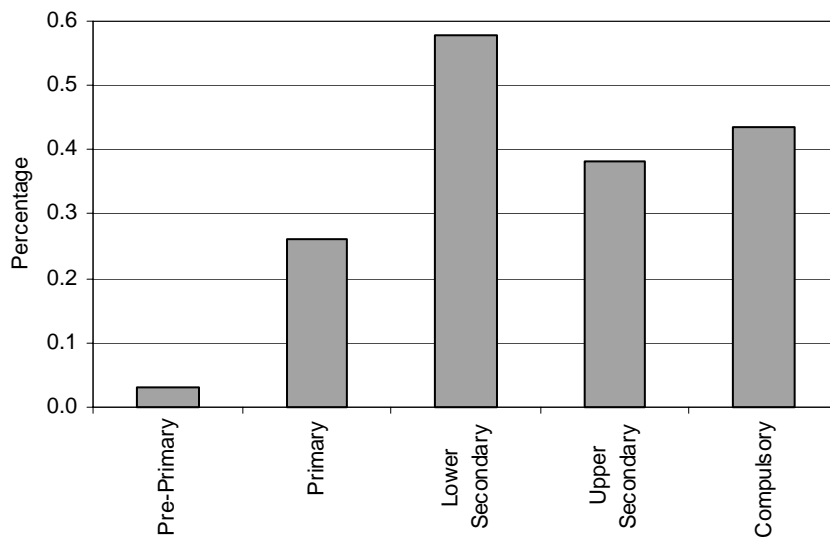

**Special Classes – Category 9. Deviant behaviour**  
 NOT APPLICABLE

**Regular Classes – Category 9. Total percentage of students with deviant behaviour falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

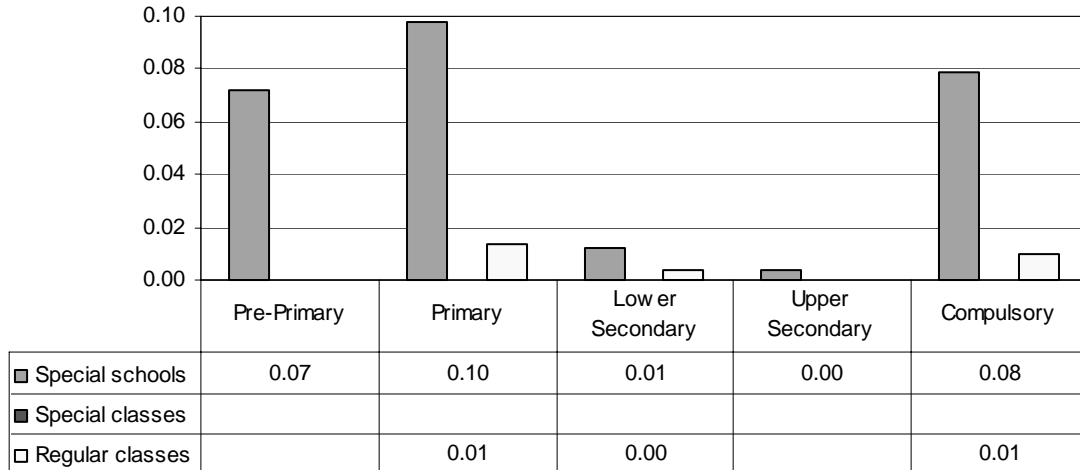

**Total – Category 9. Total percentage of students with deviant behaviour falling within the resources definition**

Note: Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

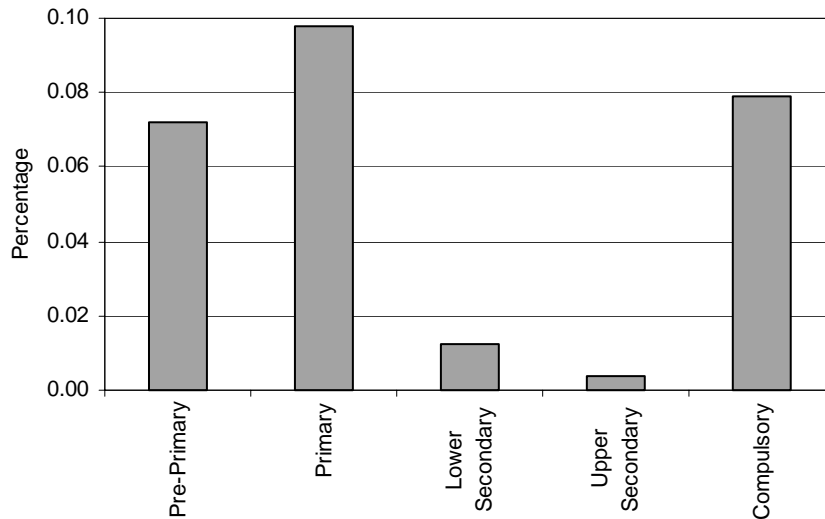

Category 10 Cross-national Category A - Chronic conditions requiring pedagogical institutes.

**Proportion of students with chronic conditions requiring pedagogical institutes by phases of education in special schools, special classes and regular classes**

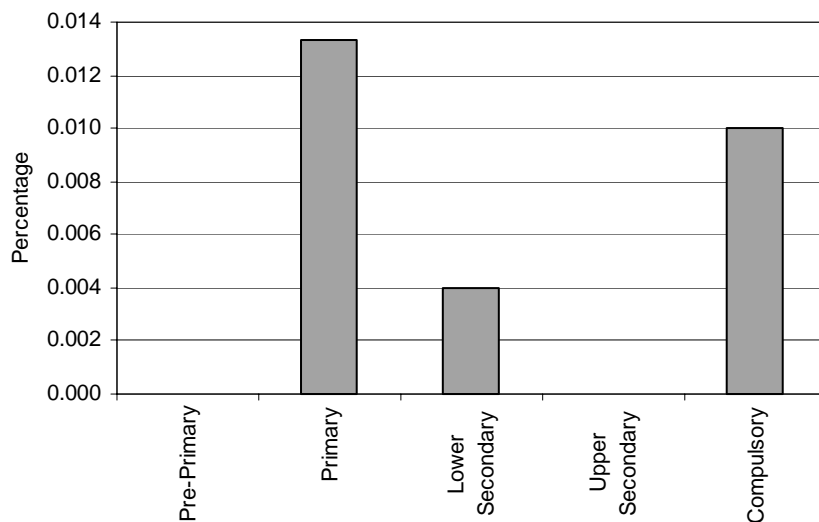

Note: Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes data in upper secondary education are missing.

**Special Schools – Category 10. Total percentage of students with chronic conditions requiring pedagogical institutes falling within the resources definition, by phase of education**

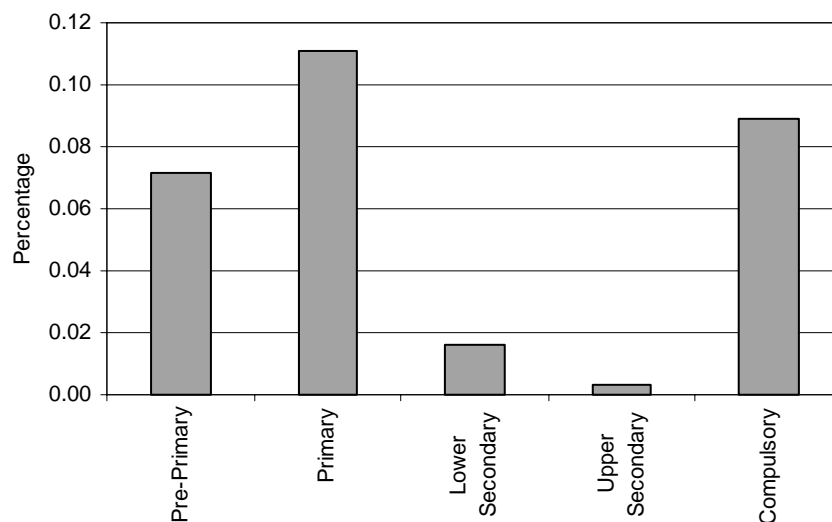

**Special Classes – Category 10. Chronic conditions requiring pedagogical institutes**  
 NOT APPLICABLE

**Regular Classes – Category 10. Total percentage of students with chronic conditions requiring pedagogical institutes falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

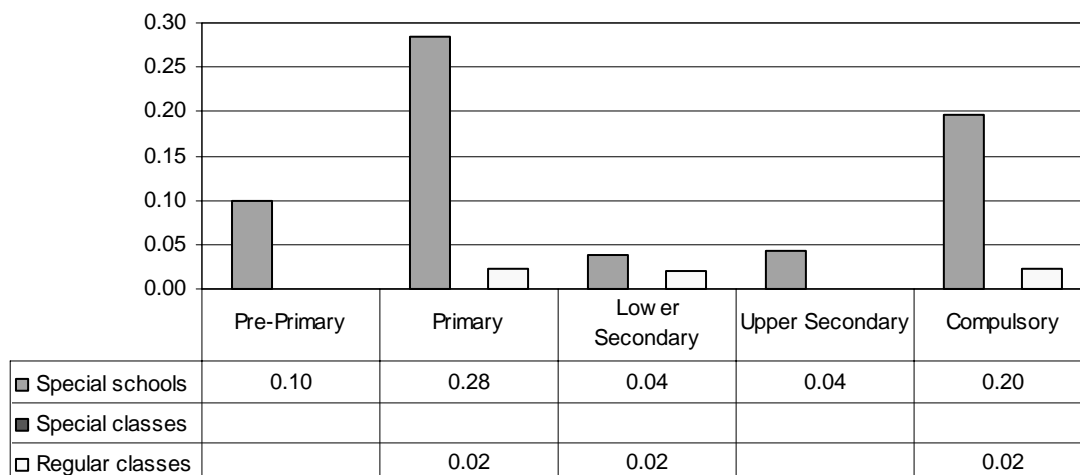

**Total – Category 10. Total percentage of students with chronic conditions requiring pedagogical institutes falling within the resources definition**

Note: Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

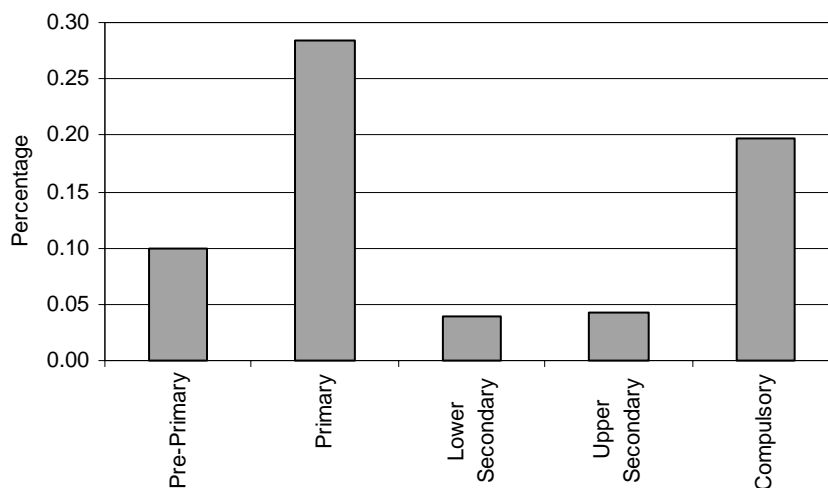

Category 11 Cross-national Category A - Multiply handicapped.

**Proportion of students who are multiply handicapped by phases of education in special schools, special classes and regular classes**

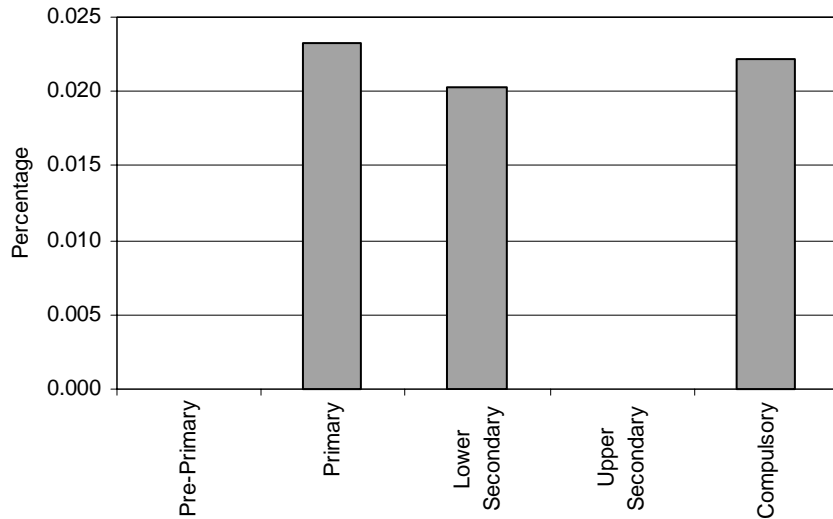

Note: Special classes data are not applicable.  
 Regular classes data in pre-primary education are not applicable.  
 Regular classes data in upper secondary education are missing.

**Special Schools – Category 11. Total percentage of students who are multiply handicapped falling within the resources definition, by phase of education**

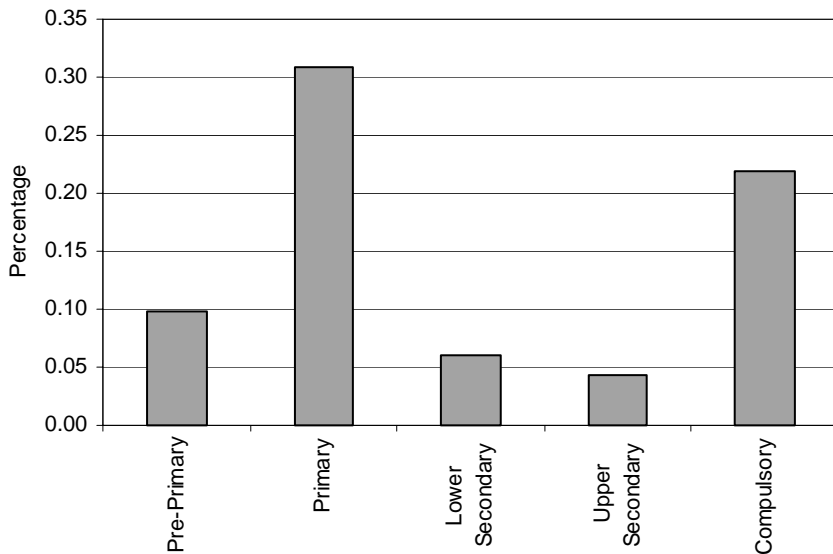

**Special Classes – Category 11. Multiply handicapped**  
 NOT APPLICABLE

**Regular Classes – Category 11. Total percentage of students who are multiply handicapped falling within the resources definition, by phase of education**

Note: Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

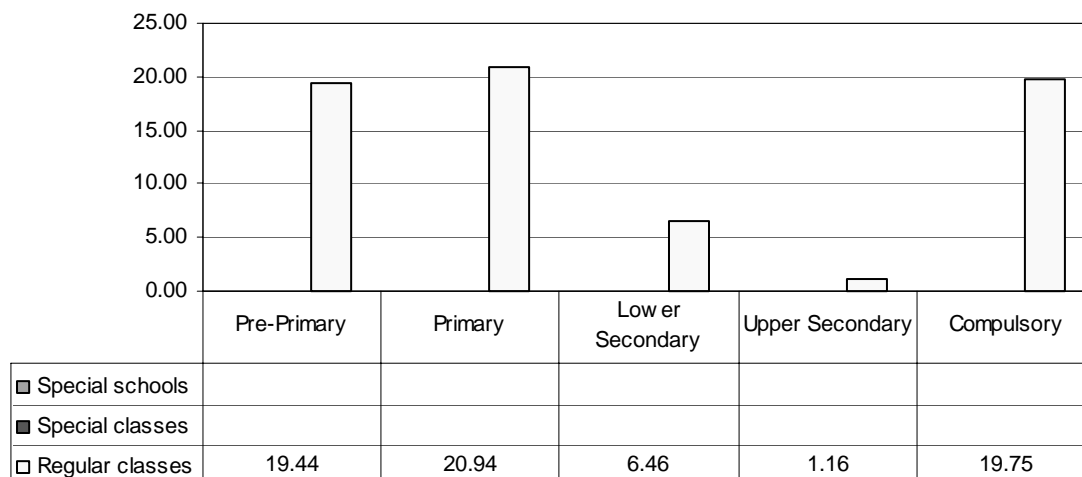

**Total – Category 11. Total percentage of students who are multiply handicapped falling within the resources definition**

Note: Special classes data are not applicable.  
Regular classes data in pre-primary education are not applicable.  
Regular classes data in upper secondary education are missing.

Category 12 Cross-national Category C - Children from disadvantaged backgrounds.

**Proportion of students from disadvantaged backgrounds by phases of education in special schools, special classes and regular classes**

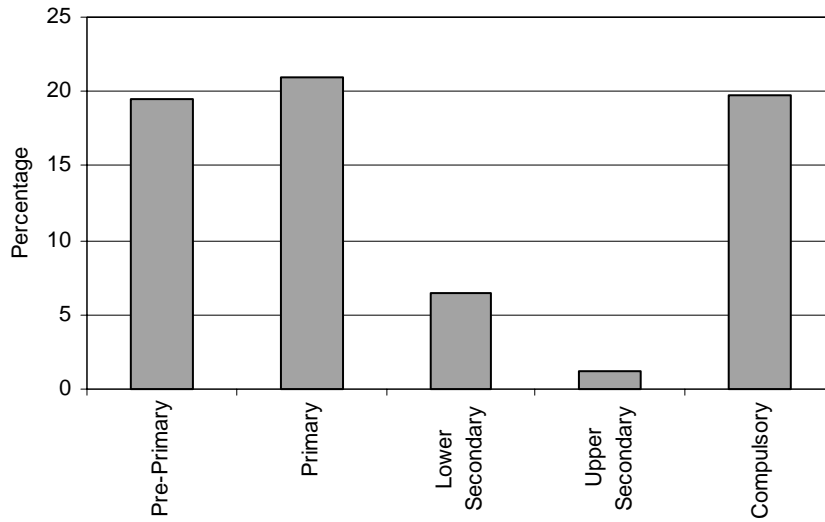

Note: Special schools and special classes data are not applicable.

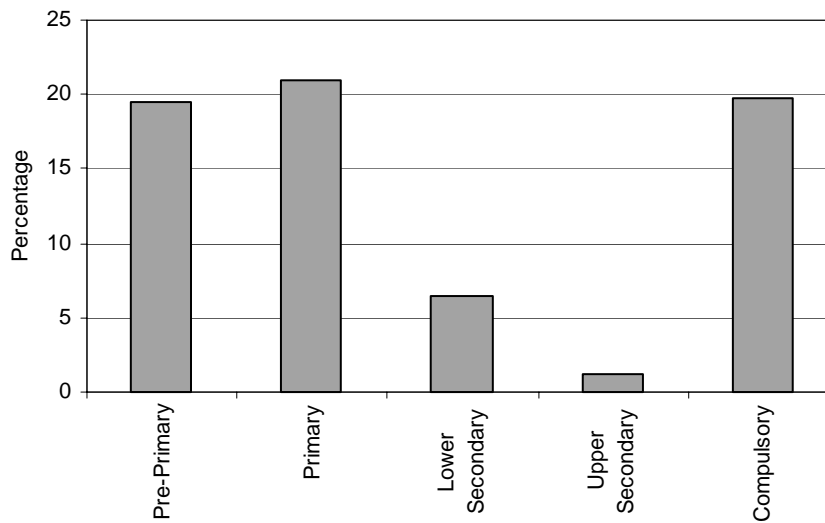

**Special Schools – Category 12. Children from disadvantaged backgrounds**  
NOT APPLICABLE

**Special Classes – Category 12. Children from disadvantaged backgrounds**  
NOT APPLICABLE

**Regular Classes – Category 12. Total percentage of students from disadvantaged backgrounds falling within the resources definition, by phase of education**

**Total – Category 12. Total percentage of students from disadvantaged backgrounds falling within the resources definition**

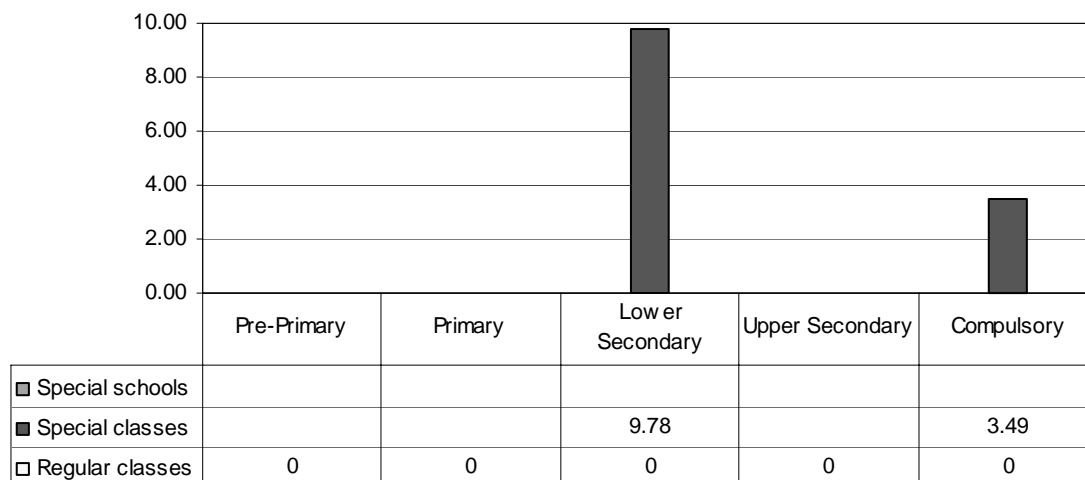

Note: Special schools and specials classes data are not applicable.

Category 13 Cross-national Category B - Children in vocational training with learning difficulties.

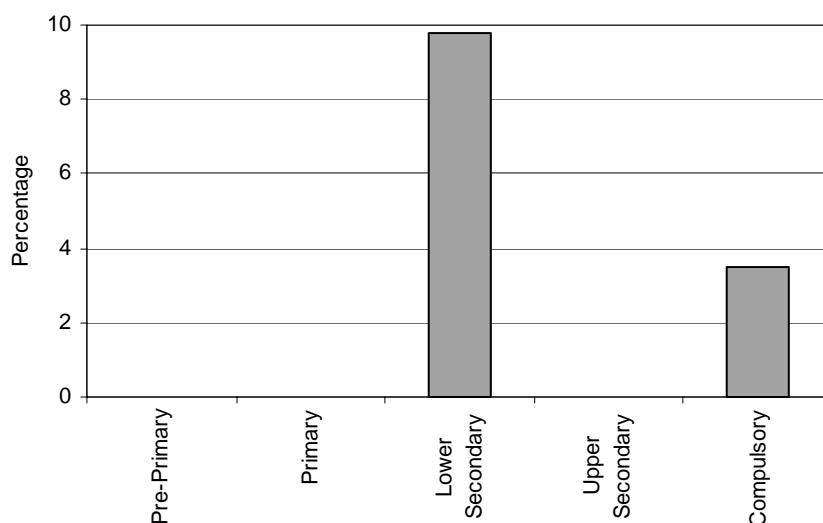

**Proportion of students in vocational training with learning difficulties by phases of education in special schools, special classes and regular classes**

Note: Special schools data are not applicable.  
Special classes data in pre-primary, primary and upper secondary education are not applicable.

**Special Schools – Category 13. Children in vocational training with learning difficulties**  
NOT APPLICABLE

**Special Classes – Category 13. Total percentage of students in vocational training with learning difficulties falling within the resources definition, by phase of education**

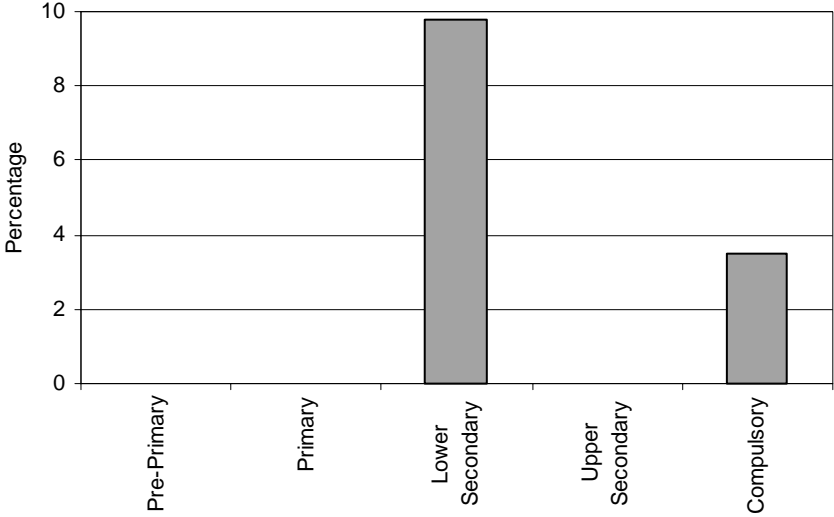

Note: Special classes data in pre-primary, primary and upper secondary education are not applicable.

**Regular Classes – Category 13. Children in vocational training with learning difficulties**

ZERO

**Total – Category 13. Total percentage of students in vocational training with learning difficulties falling within the resources definition**

Note: Special schools data are not applicable.  
 Special classes data in pre-primary, primary and upper secondary education are not applicable.
