ALMPs AND GOOD PRACTICES IN REACHING OUT TO PEOPLE FURTHEST FROM THE LABOUR MARKET

Tuesday, 8 December 2020

Objective of the webinar

The webinar will provide an opportunity to hear about and discuss approaches and best practices in different EU countries in reaching out to people who are furthest away from the labour market and providing ALMPs to them. The presentations of good practices will be tailored to focus on the labour market challenges that are particularly relevant for Estonia. The event will consist of presentations by ALMP experts from Austria, Slovenia and the Netherlands, followed by Q&A sessions. The working language during the event will be English.

This webinar is organised in the context of the project "Improving the Provision of Active Labour Market Policies in Estonia", which is funded by the European Union (EU) via the Structural Reform Support Programme and implemented by the OECD in cooperation with the European Commission.
