The main changes

- **Separation of current and capital**
 - main aggregate for health spending being current health expenditure;
- **Reduction in the level of detail (i.e. at the 3rd-digit level)**
 - focus on variable expected to be of highest policy use and greatest level of comparability
- **Minimal changes to HC and HP particularly at the 1st digit level;**
- **“New” HF is health care financing schemes (ICHA-HF)**
 - maintain a link to institutional sectors through the use of memorandum items
- **Broadening of the FP dimension (beyond current RCxHP)**
 - *planned to be the subject of a specific project in 2012/13;
- **Breakdown of GFCF by asset type and by provider and financing mechanism**
 - Link to current HCR.1
 - Land?
